Dear Maribel,

With the exception of Trustee Dolores Marquez, the board has completed their Board Self-Evaluation and attached is a copy of the results. The report should be included in the board agenda materials for the meeting where the results will be discussed in an open session. The Brown Act does apply to this and these results should not be discussed until the item is posted as an open-session agenda item at a publicly noticed board meeting.

Thank you for your business and we wish you the best!

Charlyn Tuter
