BROTHERHOOD · INTEGRITY · SCHOLARSHIP

Senior Project Meeting – Tuesday, December 10th

As we inch closer to spring and graduation, we are excited to begin the Senior Project. As this project is a graduation requirement, it is important that all seniors and their families understand the project format and requirements. To that end, **a family member for every senior is required to attend an introductory meeting on Tuesday, December 10, 2019 at 6:00 pm in the Boys' Latin dining hall.** Students may attend as well, but at least one parent, guardian, or family member **must** attend the meeting. We will discuss the required Senior Project research paper and presentation, as well as the option to complete high school early and participate in an off-campus fieldwork experience. We will review a complete timeline of due dates and requirements for the project. **Please contact Mrs. Casey (hcasey@boyslatin.org) with any questions.**

Senior Picture Retakes – Saturday, December 14th

Saturday, December 14th is our final picture day for Seniors (please place this in the Ledger, as well). Any seniors that have not had their photo taken, should plan on being here on the 14. They can show up anytime between 10-11:45 am. They need to bring \$25 with them for their sitting fee.

Warriors' Basketball

The varsity basketball team began their season today against Kensington at 3:15 pm. The junior varsity basketball team began their season yesterday with a 57 – 42 victory over Tech Freire. **Niame Scott and Kaylin Johnson** led the way scoring 10 points each.

You can follow the links below to see the full schedules for the basketball teams for the season.

Varsity

Warriors' Wrestling

The wrestling team began their season today hosting South Philly High in a dual match at West Philly High at 3:15 pm.

SMASH Program

SMASH Wharton is a FREE three year STEM enrichment program for students in the Greater Philadelphia area. The application is currently open to 9th grade students at smash.org/apply. The deadline is February 28th, but I encourage students to get started now so they have time to write a solid essay and request letters of recommendation from their teachers.

If any 9th graders are interested in living at UPenn for five weeks for the next three summers and having access to a national network of support focused on their success in STEM fields, please apply today. The program requires at least a 3.0 GPA to apply.

Accounting Awareness Program

The Accounting Career Awareness Program (ACAP) is currently seeking 10th, 11th, and 12th graders to participate in our FREE 2020 summer residency program. ACAP is a week long program scheduled for June 21, 2020 - June 26, 2020 at LaSalle University. During the week, students will stay in college dorms; visit various accounting and finance companies throughout Philadelphia; participate in a financial case study; explore college through college tours and financial aid seminars; perform acts of community service; and much more! This is a FREE program for all accepted students. [Click here](#) for an application and more information. Applications are due January 31, 2020. Start the process now!
