

STUDENT DRIVING POLICY

RGS

POLICY ON STUDENTS DRIVING OR TRAVELLING AS PASSENGERS IN A CAR DRIVEN BY AN RGS STUDENT (including school fixtures and events)

Newcastle upon Tyne Royal Grammar School

The School must be careful and clear as to when it has to take some responsibility for students' car journeys, and when it doesn't. Police and policy-makers alike express concern about both newly-qualified drivers themselves and the safety of passengers in their cars. Insurance companies are increasingly taking a view on this also, so the School cannot turn a blind eye to the issues. Recent near misses involving RGS students have further demonstrated the need for us to implement this policy.

The School has no responsibility for determining how students get to and from school at the start and end of the school day, nor to or from school-organised activities in school on non-school days (weekends or holidays). However, when students are in school during the school day and when travelling from school to sport fixtures or events, with all the various ramifications that such journeys might involve, the School must take an interest and does have a responsibility. There are, for example, the twin temptations of using the car during school time and of taking passengers in cars.

This policy lays down clear guidelines, and we ask parents to understand the reasons for them to help ensure they are followed. Any queries relating to this policy should be directed to the Headmaster.

GUIDELINES

Even if they drive to and from school, unless formal permission has been sought and granted **STUDENTS ARE NOT PERMITTED TO USE THEIR CARS** even when legitimately leaving school premises during the day (this includes lunchtime). In the event of a student needing to use their car (which may only be done with the express advance permission of the Headmaster in response to a parental request), no passengers may be taken. Similarly, RGS students may not travel in a car driven by a student from another school during the school day (including lunchtime).

When getting to a sports fixture or other external school events, students **WILL ONLY** be given permission to use a car for journeys to/from destinations within 40 miles of the School (i.e. an 80-mile round trip), subject to the rules below.

Students may only use their own car to drive to a fixture or other event if the appropriate letter from their parents has been received by the teacher in charge of the fixture/event, no less than **FIVE SCHOOL DAYS IN ADVANCE OF THE DAY OF THE JOURNEY** confirming that the student:

- Has the parents' permission to drive themselves to/from the destination in a specific car identified by its registration number;
- holds a full UK driving licence;
- is insured to drive the vehicle stated above for that purpose; and
- will not carry passengers.

It must be understood that the School's insurance **DOES NOT** cover any use of any vehicle by any student.

Furthermore, the School reserves the right, even if consent has been given by parents, to refuse permission for the use of a student's car if a member of staff feels that the student

might put him/herself or any other person at risk (e.g. because of weather conditions or length of journey).

Consent **WILL NOT** be given for a student to carry any passengers with him/her, unless there are genuine exceptional circumstances. There is good evidence that young drivers can be easily distracted by other young people travelling as passengers.

In genuinely exceptional circumstances, where parents/students feel there is good reason to carry other students as passengers to a school fixture or external event, prior written approval must be sought **AT LEAST FIVE SCHOOL DAYS BEFORE THE PROPOSED TRIP** from the teacher in charge of the fixture/event, who will then seek clearance from the Headmaster before granting permission subject to the following conditions:

- The driver's parents must give prior written consent for him/her to carry passengers for that one named event/fixture and confirm that both the driver and the car are insured to carry passengers for this purpose.
- Each passenger's parents must also give prior written consent for their son/daughter to travel with the named driver for that one named event/fixture.
- The number of passengers must not exceed the authorised capacity of the car.

Templates for parental consent letters for a student to drive during the school day, to drive to a school fixture or external event, and for a student to travel as a passenger are attached to this document.

CONSENT FOR A STUDENT TO DRIVE DURING THE SCHOOL DAY

Before completing the letter below, parents please note:

- The School **DOES NOT** require your consent for your son/daughter to drive themselves (with or without passengers) between your home and school.
- The School **DOES** require your consent for your son/daughter to drive during the school day (they are not allowed to take passengers, however).
- The School **DOES** require your consent for your son/daughter to drive with or without passengers, between your home or school and any school sports fixtures (home or away) or between home and school and any location for an event arranged via RGS - there is a different permission letter for this purpose.

THE FOLLOWING RULE ALSO APPLIES:

The School reserves the right, even if you give your consent for your son/daughter to drive a car during the school day, to refuse permission for use of the student's vehicle if the School has good reason to believe that the student may put him/herself or any other person at any risk by driving (e.g. because of bad weather conditions).
