DISCUSSION ITEMS:

- **Last Months CC Training-Digital Citizenship (Update from Robyn Sellers & Vonzaa):**
 - Net Smart will no longer be funded, Digital Responsibility will be taking its place. This will help train kids on internet safety. Parents have 1-2 hr in person training and then kids will have access to the video games. We need to opt in to the program if we want to use it. This will be available next year.
 - Use in the STEAM classroom
 - Check the District website for more information regarding internet safety and how it is being used in our school. There are also many resources available on the site for parents.
- **Updates to boundaries?** Not that Vonzaa is aware of. She talked to someone at the District and they said they haven't looked at it.
- **Tabled the discussion about math improvement for next meeting**

Next meeting: February 5, 2020 @ 3:45pm
