

KEEP SAFE

On the internet and what you put up on social media.

Be Careful

How you can stop people getting your personal information.

You can keep your self safe by putting a password which only you can remember. Also by thinking that whatever you put up stays up.

If anyone is lying about them self or talking you on the internet tell an adult or if it's very serious press the report button.

Did you know?

That if you put pictures of your school uniform you could be in danger because people could find out who you are.

Zip it

don't tell anyone your key information
