

Listen Up Everyone!

* * * * *

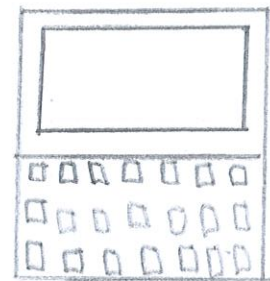

Parents and children please listen.

If you have a social media then you need to listen especially to what I say.

Firstly, passwords. Make sure you keep it hard for someone else but easy for you. You can't tell anyone you don't know.

Next, personal information. Don't tell anyone you don't know if you don't want them ^{to} possibly hack you and look at your privacy.

Parents, if you have a social media e.g. Facebook or Instagram then if you post pics of your children on their first day at school beware. You are giving out information of what school your children goes to. Though, I am not forcing you to stop.

Thank you for listening.
