XIII. COMMITTEES**1. Curriculum and Technology Committee**

Mrs. Prasad-Madhukar reported that the Curriculum and Technology Committee met at 12:00 P.M. on August 21, 2018 in the Education Center.

Items Discussed:

- Curriculum Updates – Summer Writing and Revisions
 - * The Committee reviewed the curriculum, which were updated during the summer months. These included Math K-5, Math 6, Algebra I, AP US History, AP Government and Politics, Environmental Science, Chemistry, Biology, Physics, Elementary Spanish, Middle School Physical Education and College Composition and Literature. One key change is weaving 21st Century learning standards throughout the curriculum. 21st Century learning standard focuses on collaboration and conflict resolution, among others.
 - * Additionally, the Elementary Science, Math and ELA/Social Studies curriculum were updated with the Social Emotional Competencies, and Phonics First was added to the Kindergarten curriculum.
 - * Technology at the Elementary Level: The Committee discussed reducing emphasis on technology at the elementary level. As a first step, Kindergarten will no longer be taking iPads home. Starting this year, first through fifth grades are also not mandated to take their devices home and will be taking it only on an “as needed” basis.
- Summer School Summary
 - * The Committee reviewed the success of the summer programs for elementary students through Summer Enrichment Programs and Secondary Programs. Hundreds of children participated in enrichment programs and sports programs at John P. Stevens High School. At the secondary schools, students participated in our Credit Completion Program, Failure Makeup Program, Middle School Transition Programs, Programming and more than 180 students participated in the SAT Prep Class, which was a four week program that cost \$200 and reviewed for the math and verbal exams.
- Textbooks
 - * AP Government and AP U.S. History have new textbooks this year.
 - * The Committee spoke briefly about the inventory of textbooks and online access for the textbooks. Supervisors are reviewing all accounts so that piloting plans can be prioritized for the fall and spring, and develop a plan to purchase appropriate texts in secondary math, science, social studies courses and elementary language arts.
 - * A five-year plan for textbook purchases and curriculum revisions is in the planning stage.
- Linkit!
 - * Linkit! has been purchased for the 2018-2019 school year, which will provide a more robust way of looking at data. The program stores all assessment data so that teachers can look at the achievement levels of their students and make instructional decisions. Principals and supervisors will review data in order to plan for support, intervention activities and curriculum updates.
- PSAT 8/9 Proposal
 - * The Committee reviewed the PSAT 8/9, a paper and pencil assessment that is highly correlated with the SAT. This assessment will be given to all grade 8 students in the 2018-2019 school year and be used as one of the criteria for grouping procedures and for acceptance into the STEM Academy, replacing iReady and the CoGat tests. The PSAT 8/9 is a nationally normal text and can be administered in one morning, allowing for less disruption to the school day than the administration of the iReady diagnostics, which required multiple days of missed instruction.

- High School Transcript Update
 - * The format of the High School Transcript has been updated to a one page document and will be available for the Class of 2019.

The meeting adjourned at 1:15 P.M.

- The Committee reviewed proposals submitted by LAN Associates for air conditioning in the high school auditoriums. The Committee requested that the district seek additional competitive proposals.
- Mrs. Gulick and Mrs. Mahabir presented proposals for hiring additional elementary assistant principals. They provided comparative student to administrator ratios that show that Edison far exceeds the ratios of neighboring comparable school districts. The Committee is in agreement that additional administrative help is needed in the elementary schools.

- The group discussed qualifications, desirable work experience, as well as salary and benefits parameters.
