

Housman Elementary

Parental Involvement Policy

2019-2020

Housman Elementary School, a Title I school, recognizes that parent and community involvement are necessary to improve the level of student achievement and success. A school-parent compact will be drafted and continually reviewed together to describe the responsibilities of all parties. To foster the growth of this partnership between the school, students, parents, and community, communication is essential. Information is provided through flyers, newsletters, call outs, the campus website, meetings, family conferences, emails, and Friday folders. In addition to family conferences, an annual Open House is held in the fall. We will encourage parent and community involvement in the planning, reviewing, and improving of all school programs through participation in the CIT (Campus Improvement Team), parent/community meetings, and PTA.

Please sign, date and return the Parental Involvement Policy by Monday, September 16, 2019.

Student Name: _____ Teacher: _____

Parent's Signature: _____ Date: _____
