

## 8110 ATTENDANCE AREAS

The Superintendent will review the school boundary areas annually. Should changes be required for reasons of population shifts, ethnic composition growth or for any other just cause, the Superintendent will so advise the Board and recommend for its adoption such adjustments in attendance areas as will serve the needs of the pupils and the financial and administrative needs of the district.

The Superintendent may make exceptions on an individual basis for pupils upon whom a hardship would be worked through strict adherence to the approved district attendance areas.

Adopted: 24 January 2011
