What's Happening in...

Grade 3

Currently we are learning how to express our feelings with Color Monsters! We are learning how to mix colors that help express how we feel. As well, we are understanding how different objects and settings can enhance our emotions.

Grade 4

We are in the midst of completing our Relief Printmaking project. We designed printing plates on Styrofoam and made a set of prints.

Grade 5

Right now we're starting our Watercolor painting project. We looked up pictures that we wanted to paint and practiced our techniques. Most importantly, we are learning to control the water!

Some helpful Art Tips....

- Press lightly with your pencil
- Draw the basic shapes first, then add details
 - Practice, practice, practice!
- Look at a variety of Art styles and materials

Grade 3

We're starting one of our more challenging projects with Self-Portraits. We will learn how to draw the features of the face step-by-step, as well as learning how to observe ourselves using a mirror.

Grade 4

We will begin creating a drawing using Oil Pastels. The uniqueness of the material allows us to draw and color like with crayons, but also blend like oil paints.

Grade 5

After completing our Watercolor paintings, we begin the process of creating our Plaster Masks. We will learn a bit about the history of masks and their past & present uses. We will plan out our designs in detail before crafting them.
