Parent Information

English as a Second Language for adults class will be starting soon. Please look for upcoming information.

In January, we will talk about New Year's and create a resolution. When the students choose a resolution, they will need to write about it and explain why this resolution is important to them.

During the month of December, we will talk about Hanukkah and Christmas. The students will read stories and learn new vocabulary about each holiday. They will complete a culminating activity to share with the class about what they learned.
