

After School Enrichment Programs At James Madison Intermediate School

Mad Science of West New Jersey

For more information, please call:

609-737-0313

Children will learn to recognize chemical reactions and mix up ingredients for some sensational results! They will explore pH extremes, push the power of tape to the limits, and get attached to Professor Beakerdude! Discover amazing things that glow bright in the dark, discover how a real lab works, and use a Thermocolor Cup to test the temperature of liquid matter in your home! Manipulate matter in all of its three states, create slime using the Mad Science recipe, and enter the Slime Olympics!

Each child will receive a take home summary sheet and take home project at the end of each class.

Crazy Chemworks

**Chem in a Flash
Dry Ice Capades
Glow Show
Junior Reactors
Lab Works
pH Phactor
Slime Time
Super Sticky Stuff**

*See Mad Science website for class descriptions
