

West Hartford Police Department

103 Raymond Road
West Hartford, CT 06107
(860) 523-5203

ALARM REGISTRATION

An alarm permit is not required for use of your alarm in West Hartford, but it is recommended that you file this form with us. By filling out this form, new alarm owners are exempt from false alarm fines for an initial period of six months.

In accordance with the Code of the Town of West Hartford, an alarm owner is allowed 3 false alarms in a calendar year. Each and every false alarm after that will be fined at a rate of \$120.

We do not require keyholders for your alarm system as we contact the alarm company that calls us directly and get the most up to date keyholder information from them.

If you are looking to install an auto-dial alarm system, please contact the number above for special instructions. Auto-dial systems do not use an alarm company to monitor the calls but instead dial the police department and play a pre-recorded message. These systems are allowed but are not recommended.

Please return this form to the address above, ATTN: Alarm Registration. You may also fax it to 860.570.8899

Owner name: _____

Address (include zip code): _____
