Warrior of the Week

This weeks' Warrior of the Week was nominated for his scholarship and brotherhood. He is a constant positive presence in his nominating teacher's class. No matter how challenging the work is he is up for the challenge and ready to tackle it. His enjoyment for math is contagious to those around him. He not only works hard to understand the work but he can always be counted on to help his brothers in class that are struggling. He takes his time to explain and help his classmates out when they are not understanding the material. For his own scholarship and brotherhood show to classmates it is my pleasure to announce **Mu'awiya BinHill** as our Warrior of the Week.
