

We are the Brockton Public Schools Special Education Parents Advisory Council. The purpose of the Brockton Sepac is to provide a voice and give support for parents of children with special needs. We work with the Brockton Public Schools district to ensure that children get the services and support they need to develop to their full potential.

Whether your child has a specific learning disability, a developmental disorder, or multiple disabilities, we need to work together as a group to have our voices and concerns heard by BPS and effect change to improve services for our children. Please participate in any way that you can.

**We hope that you will be able to attend our meetings. Please join us at our upcoming meetings, 6:30-8:00 at Brockton High School in the Azure Access Center. Childcare is available.**
