Approval:

Interdistrict Attendance Agreement - Student From Other District

Proposal

Staff proposes that the Board of Education approve the following Interdistrict Attendance Agreement request for one student to attend Laguna Beach Unified School District.

Background

Board Policy 5035 and Education Code 48204 provide for Interdistrict Attendance Agreements. Because of limited District resources, the Governing Board discourages transfers into the District and will consider approving such transfers only on a case-by-case basis through an Interdistrict Attendance Agreement with another district.

Implications

This proposed action would approve the request of a non-resident student to attend Laguna Beach Unified Schools. The request(s) is/are for the 2016/2017 school year.

Budget Impact

The budget impact as a result of this action is approximately \$8,500.00 per school year per student. This represents the estimated annual cost per student. The spreadsheet below outlines the number of Interdistrict Transfers into LBUSD for 2015/16 and 2016/17.

Summary of Interdistrict Transfer Agreement for Staff Members - 2016-17

Approval: Quarterly Report - Board Policy 3002 - Investments

Proposal

Staff proposes the Board of Education approve the attached Investment Report as per Board Policy No. 3002 – Investments.

Background

Government Code section 53646 was rendered optional for school district in January 1, 2010; however, the code also recommends optional reporting continue as previously mandated under this same section. The chief fiscal officer of each local agency in California is asked to annually render a statement of investment policy and to render quarterly reports to the governing board with respect to the agency's investments. A District Investment Policy was adopted at the October 22, 2002 regular Board meeting.

In addition to reviewing the wording in the bill, there has been an advisory issued from School Legal Services regarding implementation of the requirements in SB564.

Government Code Section 53646 (e) states: "If a local agency has placed all of its investments in...a county investment pool...the chief fiscal officer may supply to the governing body...the most recent statement or statements received by the local agency from these institutions...".

A memo from School Legal Services to districts says, "In most cases, districts in Orange County would be able to rely on the provisions of Section 53646 (e) and provide the most recent statements received by the local agency from the county treasurer. Only in cases where districts have invested surplus funds outside the county treasury, LAIF, or a bank or savings and loan will districts be required to prepare an individualized written report."

On July 3, 1995, the Office of the Treasury-Tax Collector established a separate bank and custody account entitled the Orange County Educational Investment Pool for public education funds. The June 2016 Treasurer's Management Report from the Orange County Treasurer's Office and the June 2016, bank statements for District funds held outside the County Treasury are available at the District office for review.

Government Section 53646 (b)(2) states: "the quarterly report shall state compliance of the portfolio to the statement of investment policy." Under section 3430(b), the investment policy specified that the District shall deposit in the Orange County Treasury, pursuant to Education Code section 41001, to be placed to the credit of the proper fund, all General funds, Adult Education funds, Cafeteria funds, Deferred Maintenance funds, General Obligation Bond funds, Capital Facilities funds, Developer Fees, School Facilities funds, Special Reserve funds, and Foundation Trust funds.

The District and the Orange County Treasury shall make investments of all such funds within the requirements of the "Prudent Investor Rule" in California Probate Code section 16045 et seq.

Budget Impact

District monies are deposited in compliance with Board Policy 3002 - Investments.

Recommended Action

Staff recommends the Board of Education approve the report on District investments and certify that the method of investments is in compliance with the District investment policy.

California Employers' Retiree Benefit Trust (CERBT) CERBT Strategy 3

June 30, 2016

Objective

The objective of the CERBT Strategy 3 portfolio is to seek returns that reflect the broad investment performance of the financial markets through capital appreciation and investment income. There is no guarantee that the portfolio will achieve its investment objective.

Strategy

The CERBT Strategy 3 portfolio is invested in various asset classes in percentages approved by the CalPERS Board. The specific percentages of portfolio assets allocated to each asset class are shown under "Composition". Generally, equities are intended to help build the value of the employer's portfolio over the long term while bonds are intended to help provide income and stability of principal. Also, strategies invested in a higher percentage of equities seek higher investment returns (but assume more risk) compared with strategies invested in a higher percentage of bonds.

Compared with CERBT Strategy 1 and Strategy 2, this portfolio consists of a lower percentage of equities than bonds, and other assets. Historically, funds with a lower percentage of equities have displayed less price volatility and therefore, this portfolio may experience less fluctuation of value. Employers that seek greater stability of value, in exchange for possible lower investement returns, may wish to consider this portfolio.

CalPERS Board may change the list of approved asset classes, in composition as well as targeted allocation percentages and ranges at any time.

Assets Under Management

As of the specified reporting month-end, the aggregate total of assets under management for all CERBT Strategies was \$5,095,665,909.

Composition

General Information

Information Accessibility

The CERBT Strategy 3 portfolio consists of assets managed internally by CalPERS and/or external advisors. Since it is not a mutual fund, a prospectus is not available nor is information available from a newspaper source. This summary is designed to provide descriptive information. CalPERS provides a quarterly statement of the employer's account and other information about the CERBT. For total market value, detailed asset allocation, investment policy and current performance information, including performance to the most recent month-end, please visit our website at: www.calpers.ca.gov.

Portfolio Manager Information

The CalPERS Investment Committee and Board of Administration directs the investment strategy and investments of the CERBT. Under that direction, CalPERS Investment staff manages fixed income, treasury inflation-protected securities and commodities assets; and State Street Global Advisors (SSgA) manages the global equity and real estate investment trust assets.

Custodian and Record Keeper

State Street Bank serves as custodian for the CERBT. Northeast Retirement Services serves as record keeper.

Expenses

CERBT is a self-funded trust in which participating employers pay for all administrative and investment expenses. Expenses reduce the gross investment return by the fee amount. The larger the fee, the greater the reduction of investment return. Currently, CERBT expenses are 0.10% which consist of administrative expenses borne by CalPERS to administer and oversee the Trust assets, investment management and administrative fees paid to SSgA to manage the global equity and real estate trust assets, and recordkeeping fees paid to Northeast Retirement Services to administer individual employer accounts. The expenses described herein are reflected in the net asset value per share. CERBT's actual expenses may differ from the amount currently being accrued due to factors such as changes in average fund assets or market conditions. The expense accrual rate may change without notice in order to reflect changes in average portfolio assets or in expense amounts. The CalPERS Board annually reviews the operating expenses and changes may be made as appropriate. Even if the portfolio loses money during a period, the fee is still charged.

What Employers Own

Each employer choosing CERBT Strategy 3 owns a percentage of this portfolio, which invests in pooled asset classes managed by CalPERS and/or external advisors. Employers do not have direct ownership of the securities in the portfolio.

Price

The value of the portfolio changes daily, based upon the market value of the underlying securities. Just as prices of individual securities fluctuate, the portfolio's value also changes with market conditions.

Principal Risks of the Portfolio

The CalPERS CERBT Fund provides California government employers with a trust through which they may prefund retiree medical costs and other postemployment benefits. CERBT is not, however, a defined benefit plan. There is no guarantee that the portfolio will achieve its investment objectives nor provide sufficient funding to meet these employer obligations. Further, CalPERS will not make up the difference between actual health care premiums for payment of future benefits provided to retirees should CERBT assets not be sufficient to cover future obligations.

An investment in the portfolio is not a bank deposit, and it is not insured nor guaranteed by the Federal Deposit Insurance Corporation (FDIC), CalPERS, the State of California or any other government agency.

There are risks associated with investing, including possible loss of principal. The portfolio's risk depends in part on the portfolio's asset class allocations and the selection, weighting and risks of the underlying investments. For more information about investment risks, please see the document entitled "CERBT Principal Investment Risks" located at www.calpers.ca.gov.

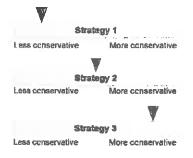

Fund Performance

Performance data shown on page 1 represents past performance and is no guarantee of future results. The investment return and principal value of an investment will fluctuate so that an employer's units, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than historical performance data shown. For current performance information, please visit www.calpers.ca.gov and follow the links to California Employer Retirees' Benefit Trust.

CERBT Strategy Risk Levels

CalPERS offers employers the choice of one of three investment strategies. Risk levels among strategies vary, depending upon the target asset class allocations. Generally, equities carry more risk than fixed income securities.

Asset Class Target Allocations	Strategy 1	Strategy 2	Strategy 3
Global Equity	57%	40%	24%
Fixed Income	27%	39%	39%
Treasury Inflation-Protected Securities	5%	10%	26%

Background

Per Education Code Section 60119, districts must adopt a resolution attesting to the sufficiency of textbooks and instructional materials within the first eight (8) weeks of the school year. This form certifies current instructional materials adopted for mathematics and reading/language arts are State content standards aligned and may be approved in conjunction with the annual public hearing and resolution required under Education Code Section 60119.

Budget Impact

The District appropriates and spends the funds designated for K-12 State adopted Instructional Materials. There is no additional budget impact for approval of this Resolution and Certification.

2. INDIRECT COSTS

Indirect costs are allowable expenses incurred by an organization which support the activities of a program or contract, but are not directly assigned to the specific program or contract and are allocated to the program or contract using a method in compliance with 2 CFR 200. The allocation method must be fully explained in the contract budget narrative and must be supported by actual costs incurred and paid by the organization. The allocation of indirect costs cannot be based on an arbitrary fixed rate and there is a 15% cap on the service budget. There is no cap on the certified match, however, indirect costs over 40% require a copy of the rate approval document from the cognizant federal agency or state department designee (e.g. California Department of Education {CDE} or established through an independent audit).

3. CONTRACT HANDBOOK

Contractor acknowledges and agrees with the policies requirements and conditions of the Department of Rehabilitation's Contract Handbook and its additional policy requirements and conditions for Case Services/Cooperative Program Agreements as applicable for the Fiscal Year(s) covered under this Agreement. Match requirements are applicable to Cooperative Programs Agreements only. Contract Handbook can be downloaded from the DOR website at: http://www.dor.ca.gov/Public/Grants.html.

4. DOR'S CONTRACT MONITORING

The DOR Contract Administrator will monitor and document the contractor's performance to ensure compliance with all Agreement provisions. The DOR Contractor Administrator will:

- A. Maintain documentation on all Agreement activities, including the performance of the Agreement services, invoice reviews and approvals, monitoring activities, and other Agreement administration activities.
- B. Monitor the Agreement to ensure services were performed according to the quality, quantity, objectives, timeframes and manner specified in the Agreement, and that the Contractor prepares and maintains adequate documentation to support the services provided, expenditures reimbursements, and/or any applicable match requirements.
- C. Review and approve invoices for payment to substantiate expenditures for the work performed, including verification that costs invoiced for the provision of services to DOR applicants/consumers during the Agreement period are based on reasonable costs, and that the invoices are current, correct, and timely.
- D. Ensure that all Service Invoices (DR801B) and Certified Expenditure Summaries, if applicable, are received no later than November 1st, to allow for payment and draw down prior to the close out of Federal/State funds.
- E. Verify that the contractor has fulfilled all requirements of the Agreement before approving the final invoice.
- F. Ensure there are sufficient funds to pay for all services rendered as required by the Agreement.

- G. Ensure, by the end of the second quarter, that the projected certified expenditure match will be sufficient to support the budgets as outlined in this Agreement. If not, contact the appropriate Collaborative Services Program Specialist. (Cooperative Program Agreements only)
- H. Identify low usage levels and consider partial disencumbrance of Agreement funds.
- I. Periodically review personnel activity reports for staff funded by the Agreement to ensure that the Contractor is preparing and maintaining personnel activity reports in compliance with the applicable OMB cost principle.
- J. Verify that all Agreement staff are providing services in accordance to their duties specified in the Agreement, including ensuring that:
 - Personnel duty statements or a copy of the Agreement Budget Narrative/Agreement Duty Statement has been provided to each staff person to communicate the specific duties to be performed under the Agreement.
 - Verify that job duties, as provided by the Agreement staff, match Agreement duty statements and service descriptions.
 - Ensure that the contractor has submitted to DOR appropriate documentation that supports the services provided to DOR applicants/consumers, including monthly (or otherwise specified) progress reports, consumer listings, utilization/service reports, and/or other agreed-upon documentation.
 - Verify that Contract staff provide services only to authorized DOR consumers.

EXHIBIT G (COOP/Case Services Agreements-Subvention)

Revised 2016-2017 CSEA Salary Schedules

Proposal

Staff proposes the Board of Education approve revised 2016-2017 CSEA salary schedules.

Background

In May 2016, the District and CSEA negotiated a compensation package for employees for the 2016-17 school year that included a restructuring of the salary schedule to increase the amount between columns to 5.25% and create a column F. The tentative agreement was approved by the Board on June 14, 2016.

In restructuring the schedule for implementation, staff identified that some ranges and steps in the published salary schedules did not receive the increases agreed upon in the approved contract language. Staff have updated the calculations so that the revised 2016-2017 salary schedule reflects the agreed-upon contract language.

Budget Impact

There is no additional cost to the District budget, as the increases were approved in the 2016-2017 budget.

Recommended Action

Staff recommends the Board of Education approve revised 2016-2017 CSEA salary schedules.

Approval:

Independent Contract with Burnham Benefits Insurance Services to Provide Consulting and Brokerage Support for District Employees' Health Benefits for October 1, 2016 through September 30, 2017 with a Not-to-Exceed Amount of \$60,000

Proposal

Staff proposes the Board of Education approve a contract with Burnham Benefits Insurance Services to provide consulting and brokerage support for District employees' health benefits for October 1, 2016 through September 30, 2017 with a not-to-exceed amount of \$60,000.

Background

In 2004, the Health Insurance Committee was charged with the task of exploring ways to contain expenses but continue to provide quality health care programs for the District's employees. The Committee invited numerous brokers and other trust representatives to provide proposals for the District's health insurance plans, to explore costs, and other programs. It was the recommendation of the Health Insurance Committee to retain the services of an independent broker beginning in 2005. The District utilized services from DPIS from 2005 through 2016.

In July 2015, the District initiated a Request for Proposals (RFP) to determine whether or not the it was in the District's best interest to continue to utilize DPIS, or the District should choose another firm. Staff screened proposals and selected four (4) broker consultants to interview. The Health Insurance Committee interviewed all firms, and selected Burnham Benefits Insurance Services as the top choice due to the services offered.

Burnham provides a flat fee for service instead of a percentage. The broker provides strategic plan development and management, renewal evaluation, benefits marketing services, carrier trend analysis, attends all Insurance Committee meetings, completes a comprehensive plan design evaluation, provides network comparisons and utilization, benchmarking data research and reports, and targeted consumerism assessment as part of the contract. In addition, Burnham will provide ACA readiness analysis and financial modeling, ACA Reporting Assessment, an ACA Compliance Audit, in-house marketing and communications design team, open enrollment meetings, custom benefit enrollment brochures, employee surveys, review of technology solutions, online HR portal, in-house wellness consultant, wellness initiatives and ongoing support, health fairs and flu shots support, and a benefits hotline for employees.

Budget Impact

This contract, not-to-exceed \$60,000, is included in the general fund budget.

Recommended Action

Staff recommends the Board of Education approve a contract with Burnham Benefits Insurance Services to provide consulting and brokerage support for District employees' health benefits for October 1, 2016 through September 30, 2017 with a not-to-exceed amount of \$60,000.

County Clerk-Recorder

Proposal

Staff proposes the Board of Education approve filing a Notice of Completion (NOC) for roofing replacement at various sites at Laguna Beach Unified School District by Best Contracting Services, Inc., for Recording by the County Clerk-Recorder by the Assistant Superintendent of Business Services.

Background

The Notice of Completion (NOC), once executed and recorded by the Orange County Clerk-Recorder, serves to give formal notice to all subcontractors, manufacturers, and material suppliers that they have 30 days in which to submit any claims to the District for payment due from any prime contractors. The filing of the NOC also generally serves to trigger the start of warranty/guarantee periods, including the extended period of applicable performance bonds by various contractors, which generally run for a period of one year from the recording date of NOC. While such action declares the project to be "completed," it does not require any retention funds to be automatically released to project engineers or contractors.

Budget Impact

No budget impact will occur as a result of this action.
