10. STUDY SESSION

January 24, 2017

Local Control Accountability Plan (LCAP)

Proposal

Staff will present information regarding the Local Control Accountability Plan (LCAP) and provide the Board of Education with an opportunity to review and discuss.

Background

The Local Control Accountability Plan (LCAP) is a State requirement resulting from the Local Control Funding Formula (LCFF). Each school district is required to obtain input from various parents, educators, employees, and the community to establish these plans. The plans describe the school district's overall vision for students, annual goals, and specific actions the district will take to achieve the vision and goals. LBUSD is planning for the 2017-2019 LCAP.

The LCAP must focus on eight areas identified as State priorities. The plan must also demonstrate how the District's budget will help achieve the goals, and then annually assess how well the strategies detailed in the LCAP improved outcomes.

There are eight areas for which school districts, with parent and community input, must establish goals and actions. This must be done both district-wide and for each school. The areas are:

1. Providing all students with access to fully credentialed teachers, instructional materials that align with state standards, and safe facilities.
2. Implementation of California's academic standards, including the Common Core State Standards in English language arts and math, Next Generation Science Standards, English language development, history social science, visual and performing arts, health education and physical education standards.
3. Parent involvement and participation, so the local community is engaged in the decision-making process and the educational programs of students.
4. Improving student achievement and outcomes along multiple measures, including test scores, English proficiency and college and career preparedness.
5. Supporting student engagement, including whether students attend school or are chronically absent.
6. Highlighting school climate and connectedness through a variety of factors, such as suspension and expulsion rates and other locally identified means.
7. Ensuring all students have access to classes that prepare them for college and careers, regardless of what school they attend or where they live.
8. Measuring other important student outcomes related to required areas of study, including physical education and the arts.

In addition to these eight areas, a district may also identify and incorporate goals related to its own local priorities.

Laguna Beach Unified School District's LCAP Planning Team includes the following positions: Superintendent; Assistant Superintendent, Business; Assistant Superintendent, Instructional Services; Assistant Superintendent, Human Resources and Public Communications; Coordinator, Assessment, Accountability and Special Projects. The LCAP Planning Team planned out the process for creating the LCAP and identified necessary steps. A survey tool has been created and will be posted on the District website and a group of stakeholders have been identified and invited to be part of the District LCAP Advisory Committee, including School Site Councils from each school, the Board of Education, school staffs, PTAs, PTA Council, District English Language Advisory Committee (DELAC) and SchoolPower. Several informational meetings are held to seek input from various stakeholder groups.

After gathering information from stakeholder groups and the website survey, the LCAP Advisory Committee will synthesize this information and identify gaps in District services or programs. The LCAP Planning Team will use this feedback to draft the LBUSD Local Control Accountability Plan.

The District budget is built around the needs identified in the LCAP. Funding is planned for various District initiatives in accordance with the eight priorities established by the State. The draft LCAP, with its goals and budget allocations, will be presented at a Public Hearing to the Board prior to requesting final Board approval at the end of June to meet the statutory July 1 deadline.

January 24, 2017

Approval: Agreement with South Orange County Community College District for participation and reimbursement of the 2016-17 Adult Education Block Grant

Proposal

Staff proposes the Board of Education authorize 2016-17 participation with the South Orange County Community College District (SOCCCD) in accordance with AB-104, 84905(c).

Background

The 2016-2017 State Budget appropriated \$500 million to the California Community College Chancellor's Office (CCCCO) and the California Department of Education (CDE) to allocate funding for adult education. The funds will be provided to eligible consortia for the purpose of implementing regional plans for adult education. The intent of the Adult Education Block Grant (AEBG) was to expand and improve the provisions of adult education via these consortia. The South Orange County Regional Consortium's (SOCRC) state-approved plan for serving adult students in Laguna Beach includes evening English as a Second Language (ESL) classes.

South Orange County Adult Education Consortium has authorized the grant to Laguna Beach Unified School District for \$50,000 for 2016-2017. The consortium administrative functions fall under SOCCCD. This agreement allows SOCCCD to reimburse LBUSD for the grant amount and designated the services under the agreement and identifies the Assistant Superintendent of Instruction as the contact person responsible for LBUSD.

Budget Impact

The Adult Education Block Grant in the amount of \$50,000 and the Maintenance of Effort (MOE) funds in the amount of \$41,735 will be spent during the 2016/17 school year to support our Adult Education ESL classes.

Recommended Action

Staff recommends the Board of Education authorize 2016-17 participation with the South Orange County Community College District (SOCCCD) in accordance with AB-104, 84905(c).

Approval: Authorize the Interim Assistant Superintendent of Business Services to File a Notice of Completion (NOC) for the Installation of Playground Turf at Top of the World Elementary School by KYA Services LLC, for Recording by the County Clerk-Recorder

Proposal

Staff proposes the Board of Education approve filing a Notice of Completion (NOC) for the installation of Playground Turf at Top of the World Elementary School by KYA Services LLC, for Recording by The County Clerk-Recorder by the Interim Assistant Superintendent of Business Services.

Background

The Notice of Completion (NOC), once executed and recorded by the Orange County Clerk-Recorder, serves to give formal notice to all subcontractors, manufacturers, and material suppliers that they have 30 days in which to submit any claims to the District for payment due from any prime contractors. The filing of the NOC also generally serves to trigger the start of warranty/guarantee periods, including the extended period of applicable performance bonds by various contractors, which generally run for a period of one year from the recording date of NOC. While such action declares the project to be “completed,” it does not require any retention funds to be automatically released to project engineers or contractors.

Budget Impact

No budget impact will occur as a result of this action.

Recommended Action

Staff recommends the Board of Education approve filing a Notice of Completion (NOC) for installation of Playground Turf at Top of the World Elementary School by KYA Services LLC, for Recording by The County Clerk-Recorder by the Interim Assistant Superintendent of Business Services.

Approval: Agreement for Contracted Services with Nicole Miller & Associates, Inc., to Conduct Investigations into the Legal Residency of Enrolled Students Within the Jurisdiction of Laguna Beach Unified School District as well as Risk Management Investigations with a Not-to-Exceed Amount of \$50,000

Proposal

Staff proposes the Board of Education approve an agreement for contracted services with Nicole Miller & Associates, Inc., to conduct investigations into the legal residency of enrolled students within the jurisdiction of Laguna Beach Unified School District as well as risk management investigations with a not-to-exceed amount of \$50,000.

Background

This item is a contract renewal for investigatory services.

Education Code section 48200 indicates that students shall attend public school in the school district in which the residency of either the parent or legal guardian of the student is located. Ensuring that students enrolled in the district's schools actually reside within our district boundaries has been a long standing district practice. This practice is important to LBUSD because of our funding model and limited facility space. As a basic aid district, LBUSD is funded from the proceeds of local property tax and does not receive state aid (funding from the state) on a per pupil basis. When an address is falsified and a student resides outside our school district boundaries, not only does the district not receive revenue for those students; but, the student's actual school district of residence is deprived of the per pupil state aid. Some individuals go to great lengths to perpetuate the deception of a falsified residence and home visits become necessary. This is not an appropriate use of time for educational administrators and the task is more appropriately performed by a professional on a contracted as needed basis.

This investigator is also utilized to conduct investigations into complaints, personnel-related matters, and risk management issues as the firm has extensive training and experience in thorough, legally-complaint investigations and reports.

This investigator is also used by our property/liability insurance carrier and several other Orange County school districts.

Budget Impact

This General Fund expenditure is budgeted at a not-to-exceed amount of \$50,000.

Recommended Action

Staff recommends the Board of Education approve an agreement for contracted services with Nicole Miller & Associates, Inc. to conduct investigations into the legal residency of enrolled students within the jurisdiction of Laguna Beach Unified School District as well as risk management investigations with a not-to-exceed amount of \$50,000.

Second Quarter Report of Uniform Complaints for the Williams Case Settlement

Proposal

Staff will present the second quarter summary report on the nature and resolution of all complaints, as required by the Williams Litigation Settlement. The report will also be submitted to the County Superintendent of Schools.

Background

As a result of the State of California's settlement of the Williams class action lawsuit, Education Code Section 35186 requires school districts to: 1) provide an opportunity to file formal complaints under the district's Uniform Complaint Procedures; and, 2) report the number of complaints filed and the area to the Board of Education and the public four times per year.

The second quarter report recaps the number of Uniform Complaints received by the District in the three areas governed by the Williams Case Settlement for the period of October – December 2016. The three targeted areas are:

1. According to Education Code Section 60119, "Sufficient textbooks or instructional materials" means that each pupil, including English learners, has a standards-aligned textbook or instructional materials, or both, to use in class and to take home in each of the core subject areas: Mathematics, Science, History Social-Science and English/language arts, including the English language development component of an adopted program. This paragraph does not require two sets of textbooks or instructional materials for each pupil.

The materials may be in a digital format as long as each pupil, at a minimum, has and can access the same materials in the class and to take home, as all other pupils in the same class or course in the district and has the ability to use and access them at home.

2. There should be no teacher vacancies or misassignments.
3. School facilities must be clean, safe, and maintained in good repair.

The District's report is as follows:

Report Period:	<u>Quarter #2 - October 1 to December 31, 2016</u>
Number of Complaints Received:	<u>None.</u>
Nature of Complaints:	<u>None.</u>
Resolution of Complaints:	<u>None.</u>
Report to Board of Education:	<u>January 24, 2017</u>

Budget Impact

There is no budget impact to this item.

Recommended Action

Staff recommends the Board of Education receive the second quarter report of Uniform Complaints as mandated by the Williams Case Settlements.

LAGUNA BEACH UNIFIED SCHOOL DISTRICT FUND DESCRIPTIONS

- FUND 01** The **General Fund** is the chief operating fund for Laguna Beach USD. It is used to account for the ordinary operations of the district. All transactions except those required or permitted by law to be in another fund are accounted for in this fund. Restricted projects or activities within the general fund must be identified and reported separately from unrestricted projects or activities.
- FUND 11** The **Adult Education Fund** is a separate fund used to account for state appropriations and to finance specific programs for the education of adults. Funds can be expended on salaries, benefits, supplies, books, services, and equipment related to adult education programs (Education Code Section 52616.4).
- FUND 13** The **Cafeteria Fund (Nutrition Services)** is used to account separately for federal, state, and local resources to operate the food service program (Education Code sections 38090-38093). The purpose of the food service program is to provide nutritious meals to the students. The District participates in the National School Lunch Program and the School Breakfast Program. The District serves approximately 500-550 lunches and 200-230 breakfasts to the students from kindergarten through twelfth grade on a daily basis.
- FUND 17** The **Special Reserve Fund for Other Than Capital Outlay Projects** is used primarily to provide for the accumulation of moneys for general operating purposes other than for capital outlay (Education Code Section 42840). On May 11, 2004 the Board of Education approved the target of reserving two-thirds of the basic aid differential (the difference between Revenue Limit funding and Basic Aid funding) to be achieved by June 30, 2009. Funds reserved for the Basic Aid differential are deposited into this fund.
- FUND 25** The **Capital Facilities Fund (Developer Fees)** exists to account for monies received as mitigation fees levied on developers, property owners or other agencies as a condition of approving new development or additions to existing real property. The authority for these levies may be local government ordinances (GC 65970-65981) or private agreements between a school district and the developer. Expenditures from this fund are to be used for the purpose of funding the construction or reconstruction of school facilities (Education Code sections 17620-17626).
- FUND 40** The **Special Reserve Fund for Capital Outlay Projects** exists to account for the accumulation of moneys for capital outlay purposes (Education Code Section 42840). This fund is separated into three sub-funds in accordance with resolutions #01-02, #14-02 and #14-03.

Sub-fund 4040 exists to account for the **Facility Repair and Replacement Program (FRRP)**.

Sub-fund 4041 exists to account for the **Vista Aliso property reserve**. The District holds a re-purchase agreement on the property.

Sub-fund 4042 exists to account for the **Capital Improvement Plan (CIP)** that goes above and beyond prior commitments for repair and replacement needs, but extends to improvements of facilities for program and enrollment growth. A ten-year plan will be developed and revised, at least annually, to prioritize major projects.

Presentation of Facilities Master Plan Update

Proposal

Staff will present information related to updates in the Ten Year Facilities Master Plan. The presentation will highlight changes, which include one additional capital project and modifications to maintenance/repair projects as compared to the 2016 update. All proposed changes are based on feedback obtained from each site, as well as ongoing analysis of all facilities by staff.

Background

The Board approved a Ten Year Facilities Master Plan on January 27, 2015. The plan consists of large repair/maintenance projects, including roofing and mechanical replacements, as well as proposed capital projects such as classroom additions. The initial Master Plan was built on feedback from a variety of stakeholders in our District and a comprehensive facilities condition assessment by Alpha Facilities Solutions in 2014. Prior to approving the initial Master Plan there were three (3) facilities study sessions held:

- October 21, 2014 – review of resources, needs, projects, and prioritization methodology
- November 12, 2014 – review community input
- December 15, 2014 – prioritization of projects

The facilities master plan was updated in 2016, which primarily added roughly \$4M in capital projects that were not in the original plan.

PROJECT	FUNDING IN 2015 FMP	2016 FMP UPDATE	FUNDING INCREASE
El Morro Shade Structures	N/A	\$300,000	\$300,000
Top of the World CLC & Music Buildings	\$500,000	\$2,100,000	\$1,600,000
Thurston Classroom Additions	\$1,000,000	\$2,000,000	\$1,000,000
LBHS Restroom / Concession Building	N/A	\$1,100,000	\$1,100,000
TOTAL	\$1,500,000	\$5,500,000	\$4,000,000

Other changes in the 2016 update consisted of modified maintenance and repair project scopes based on staff's continuous inspection of existing systems, as well as recently completed work.

2017 Proposed Changes

Demographic Data:

- Enrollment projections have been updated to reflect the 2016 actual enrollment figures as of October. The projections from last year were very close to the actual enrollment we had at the beginning of the 2016 school year, with an exception at Thurston. The projections have been adjusted to reflect a larger cohort beginning in 6th grade to account for the discrepancy we experienced in last year's projections.
- Enrollment at the elementary schools is trending lower and the largest cohorts are expected to move their way through Thurston and the high school for the next five years.
- The current projections show that the district as a whole is expected to slightly decline each year for the next several years.

Funding:

- Staff is currently updating the funding plan to insure all of the projects can be accomplished with funding that will be available in each year the proposed projects are assigned. An updated funding plan will be included in the final update that will be brought back to the board for approval at a later meeting.

All of the proposed capital projects, and in some cases the large maintenance projects, will require future Board approval for at least one of the following aspects:

- Approval of architectural services
- Approval of contractor bid
- Approval of inspection services
- Approval of engineering services

Staff will work with each school site to carefully implement all the identified projects and mitigate potential disruptions to students and faculty. In addition, staff will diligently pursue outside funding sources, such as rebates and grants, to help offset the costs for any project they are available for.

Approval: Job Descriptions for Student Support Specialist and Director, Social Emotional Support, and Revised Job Descriptions for Director, Assessment and Accountability and Director, Special Education

Proposal

Staff recommends approval of new job descriptions for a Student Support Specialist and Director, Social Emotional Support, and revised job descriptions for Director, Assessment and Accountability and Director, Special Education.

Background

PBIS (Positive Behavioral Interventions and Supports), along with RtI (Response to Intervention) have been important initiatives in the District for many years. Both initiatives have been combined into Multi-tiered Systems of Support or MTSS. MTSS addresses not only the academic needs of our students, but the social emotional and behavioral needs as well. District staff have been consistently refining practices by using a variety of data sources at each of the school sites.

The District continues to see an increase in numbers of students with social emotional issues. Children and youth with emotional and behavioral disorders are considered the most under-identified and underserved groups. Without proper identification and treatment, such students pose substantial challenges to their teachers, administrators, and peers, including classroom disruptions and school safety issues. Moreover, longitudinal studies indicate that youth with emotional and behavioral challenges experience higher rates of delinquency, juvenile incarcerations, school dropout, teen pregnancy, suicide, and substance abuse. Epidemiological estimates indicate that one in ten school age children exhibit a mental health condition causing at least mild functional impairment, and one in four high school students reported feelings of depression severe enough to impair their daily activities.

The District has put a number of programs in place to address these important student needs. Counselors, psychologists and administrators have been working together to develop a coherent, comprehensive program from grades pre-K through 12, and to continually monitor and adapt those programs to ensure we are proactively meeting the needs of our students.

To support these programs, staff have assessed the current level of support and examined where resources could be aligned to better serve the social-emotional needs of students. While some efficiencies could be made within existing positions, additional support from a Student Support Specialist with licensure as a school social worker would directly provide assistance to students struggling with social-emotional difficulties. A Student Support Specialist would also be able to supervise university interns, which would provide additional support. A Director, Social Emotional Support would establish systems, processes and procedures to ensure students receive the support they need, while also providing supervision and oversight of the social worker and interns. While the existing Coordinator, Assessment, Accountability and Special Projects and Director, Special Education and Student Services positions have supported portions of social-emotional programs, staff have determined that a more coordinated and systematic approach will better serve students by establishing one position focused on social-emotional support.

To better align duties of the three positions, some portions of the Director, Special Education and Student Services position will transition to the Director, Social Emotional Support and Director,

Assessment and Accountability. Staff recommend revising the Coordinator, Assessment, Accountability, and Special Projects position to a Director, Assessment and Accountability due to shifts in supervision of health services and the academic guidance components to this position. The coordination and oversight of Section 504 requirements, currently assigned to the Director, Special Education, would shift to the Director, Social Emotional Support, as such requirements are a general education function.

The following chart summarizes the proposed changes:

Current Position Title	Proposed Position Title	Current Salary Range	Proposed Salary Range	Revisions to Job Description
a. Student Support Specialist	n/a	n/a	Certificated counselor salary schedule	n/a
b. Director, Social Emotional Support	n/a	n/a	Management Salary Schedule (see attached)	n/a
c. Director, Special Education and Student Services	Director, Special Education	No change	No change	Yes
d. Coordinator, Accountability, Assessment, and Special Projects	Director, Assessment and Accountability	No change	No change	Yes

Budget Impact

The impact to the general fund is approximately \$277,000 to fund the Student Support Specialist and Director, Social Emotional Support.

Recommended Action

Staff recommends the Board of Education approve new job descriptions for a Student Support Specialist and Director, Social Emotional Support, and revised job descriptions for Director, Assessment and Accountability and Director, Special Education.

District programs and activities shall also be free of any racially derogatory or discriminatory school or athletic team names, mascots, or nicknames.

Annually, the Superintendent or designee shall review district programs and activities to ensure the removal of any derogatory or discriminatory name, image, practice, or other barrier that may unlawfully prevent an individual or group in any of the protected categories stated above from accessing district programs and activities. DISTRICT RECORDS

BP 3580

Business and Noninstructional Operations

The Governing Board recognizes the importance of securing and retaining district documents. The Superintendent or designee shall ensure that district records are developed, maintained, and disposed of in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall consult with district legal counsel, site administrators, district information technology staff, personnel department staff, and others as necessary to develop a secure document management system that provides for the storage, retrieval, archiving, and destruction of district documents, including electronically stored information such as email. This document management system shall be designed to comply with state and federal laws regarding security of records, record retention and destruction, response to "litigation hold" discovery requests, and the recovery of records in the event of a disaster or emergency.

The Superintendent or designee shall ensure the confidentiality of records as required by law and shall establish regulations to safeguard data against damage, loss, or theft.

The Superintendent or designee shall ensure that employees receive information about the district's document management system, including retention and confidentiality requirements and an employee's obligations in the event of a litigation hold established on the advice of legal counsel.

If the district discovers or is notified that a breach of security of district records containing unencrypted personal information has occurred, the Superintendent or designee shall notify every individual whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person. Personal information includes, but is not limited to, a social security number, driver's license or identification card number, medical information, health insurance information, or an account number in combination with an access code or password that would permit access to a financial account.

The Superintendent or designee shall provide the notice in a timely manner either in writing or electronically, unless otherwise provided in law. The notice shall include the material specified in Civil Code 1798.29, be formatted as required, and be distributed in a timely manner, consistent with the legitimate needs of law enforcement to conduct an uncompromised investigation or any measures necessary to determine the scope of the breach and restore reasonable integrity of the data system.

Safe at Home Program

District public records shall not include the actual addresses of students, parents/guardians, or employees when a substitute address is designated by the Secretary of State pursuant to the Safe at Home program.

When a substitute address card is provided pursuant to this program, the confidential, actual address may be used only to establish district residency requirements for enrollment and for school emergency purposes.

Retention of Electronic Records

The Board recognizes that the use of email and other electronic communication in the workplace has increased tremendously, raising issues with respect to communication, creation of information and systems, and retrieval and storage of electronic records. The Board further acknowledges the District's responsibility to make records available to the public, with certain exceptions. Accordingly, the Board directs that all electronic records of this District be maintained, safeguarded and disclosed in full compliance with the requirements of law.

Access to the District's computers and the District's information and communications systems and equipment is controlled and administered by the District's information technology department. The District has the right to disclose, as permitted or required by applicable law, any communications or records, or copies of communications or records stored for any period of time in or by the District's information and communications system or equipment. The District may monitor or access employee communications made using the District's information and communication systems and equipment, and employees should have no expectation of privacy when using the District's information and communication systems and equipment. When passwords are used, they must be known to the Superintendent or designee so that he/she may have system access.

INDEPENDENT STUDY

New Policy
Second Reading
Replaces BP 6025

BP 6158

Instruction

The Governing Board authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students whose health or other personal circumstances make classroom attendance difficult and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, a home-based format, and an online course.

A student's participation in independent study shall be voluntary. Students participating in independent study shall have the right, at any time, to enter or return to the regular classroom mode of instruction.

Parents/guardians of students who are interested in independent study shall contact the Principal or designee. The Principal or designee shall approve independent study for an individual student only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well

Written Agreements

The Principal or designee shall ensure that a written master agreement and, as appropriate, a learning agreement for students participating in course- based independent study exist for each participating student as prescribed by law.

The master agreement shall specify the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers and increase the risk of dropping out of school, independent study assignments shall be no more than one week for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Principal or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student misses three assignments, unless the student's written agreement specifies a lower or higher number of missed assignments based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Student-Teacher Conferences

Supervising teachers should establish an appropriate schedule for student- teacher conferences in order to help identify students falling behind in their work or in danger of failing or dropping out of school. Teachers are expected to monitor student progress and work closely with each student to determine the amount and type of contact needed for the student to be successful in the program.

Missing appointments with the supervising teacher without valid reasons may trigger an evaluation to determine whether the student should remain in independent study.

LAGUNA BEACH UNIFIED SCHOOL DISTRICTBoard Policy No. 6025: INDEPENDENT STUDY

- A. The District through the Superintendent or designee may allow students to participate in independent study consistent with the provisions of this policy and established District guidelines. No student may be required to participate in independent study. Students who choose to participate in independent study are to have equality of rights and privileges with students at the same grade level who participate in the regular program.
- B. High school and continuation high school students, as well as adult education students, may participate in independent study as long as there is a prior written agreement consistent with the provisions of this policy and related District guidelines, and subject to final approval by the Superintendent or designee.
- C. Students in kindergarten through grade eight may participate in independent study under exceptional circumstances, as long as there is a prior written agreement consistent with the provisions of this policy, and only with the prior written approval of the Superintendent or designee.
- D. High school and continuation school students may use independent study to access educational coursework not available in the regular curriculum or to meet needs defined in section E.
 - 1. Such independent study shall be on a semester basis and shall be granted in five unit increments.
 - 2. The product of independent study will demonstrate an amount of work equal to an approved course of the same number of units – ninety (90) hours of work for each five units of credit earned.
 - 3. The product of independent study will be evaluated on a standard comparable to that used in the courses within the department granting the credit. The product shall be evaluated by his or her assigned teacher who shall be certificated in the subject area.
 - 4. While the student's work is expected to be of an autonomous nature, it is expected that the student will meet at regular intervals with his or her assigned teacher to discuss his or her progress and seek guidance and direction.
 - 5. The maximum number of credits a student may earn on independent study in any semester is five unit credits, and the maximum number of credits a student may earn on independent study in any school year is ten (10), except for adult education students, or unless a special exception is granted by the Superintendent or designee.
 - 6. Independent study credit shall be limited to a total of twenty (20) units, except for adult education students, or unless a special exception is granted by the Superintendent or designee.
 - 7. Units will be indicated on the student's transcript as Independent Study in the subject matter area.
 - 8. Independent study shall not be provided as a personalized curriculum.

- E. Any approved independent study is to be substantially equivalent in quality and quantity to regular classroom instruction. Lack of rigor in the terms of any independent study can result in students falling so far behind their peers as to increase, rather than decrease, the risk of their dropping out of school. In accordance with Education Code section 51745, independent study may include the following:
1. Special assignments extending the content of regular courses of instruction.
 2. Individualized study in a particular area of interest or in a subject not currently available in the regular school curriculum.
 3. Coursework which is substantially equivalent in quality and quantity to an existing offering when a student experiences scheduling conflicts or a full schedule of other classes and there is no other alternative. Courses that are substantially equivalent in quality and quantity to existing course offerings shall include the basic ninety (90) hour requirement plus all required co-curricular participation.
 4. Students approved for Independent Study Physical Education shall have a verifiable national-level ranking for their age group, and be training and competing at the pre-Olympic, Olympic, pre-professional or professional level for an approved individual sport/activity only.
- F. Prior to the commencement of any independent study, there shall be a written agreement signed by all necessary parties covering items F1 through F8 below. An agreement is not in effect until it is complete as to all required terms, and is signed and dated by all necessary parties. The written agreement for any independent study shall be signed by (1) the student and the parent (or guardian or caregiver adult) for any student below age 18, or the student only if he or she is 18 or over, (2) the teacher responsible for the independent study, (3) the principal, and (4) the Superintendent or designee. This written agreement shall include at least the following:
1. The maximum length of time (to be no more than a semester and to be within the semester system) that may elapse between the time the independent study assignment commences and the date by which the student must complete the assigned work shall not exceed one semester. The contract must contain the specific beginning and ending dates for the student's participation in independent study.
 2. The number of course credits to be earned by the student upon completion shall be specified or, for elementary grades, other measures of academic accomplishment appropriate for the agreement. The number and specific assignments that must be completed by the student in order to obtain credit for the independent study within the allotted time period shall also be set forth.
 3. The manner, time, frequency, and place for submitting work done by the student to the teacher and for reporting the student's progress to the teacher shall be specified.
 4. The number of missed assignments that will be allowed before an evaluation is conducted to determine whether it is in the best interests of the student to remain in independent study, or whether the student should be returned to the regular school program shall be specified.
 5. The objectives and methods of study for the student's work, and the methods to be utilized by the teacher to evaluate that work shall be specified.

6. The specific resources, including materials and personnel, that will be made available to assist the student shall be listed.
 7. A statement that independent study is an optional education alternative in which no student may be required to participate shall be included. In the case of any student who has been expelled, and whose expulsion has been suspended under Education Code section 48917, the agreement also shall include the statement that instruction may be provided to the student through independent study only if the student is offered the alternative of classroom instruction.
 8. In addition to the above, students involved in Independent Study Physical Education shall complete all additional required paperwork and certifications as established in District guidelines.
- G. The Superintendent or designee is directed to maintain all legally required record and information on independent study (Title 5, CCR, sections 11703).
- H. The Governing Board of the District in this policy hereby determines that any appeal with regard to the denial of any request for independent study will be made directly to the Superintendent.

LAGUNA BEACH UNIFIED SCHOOL DISTRICT**CLOSED SESSION PURPOSES AND AGENDAS****BB 9321****Board Bylaws**

The Governing Board is committed to complying with state open meeting laws and modeling transparency in its conduct of district business. The Board shall hold closed sessions only for purposes authorized by law. A closed session may be held during a regular, special, or emergency meeting in accordance with law.

Each agenda shall contain a general description of each closed session item to be discussed at the meeting, as required by law.

The Board shall disclose in open session the items to be discussed in closed session. In the closed session, the Board may consider only those matters covered in its statement. After the closed session, the Board shall reconvene in open session before adjourning the meeting, and when applicable, shall disclose any action taken in the closed session, in the manner prescribed by Government Code 54957.1.

The Board shall not disclose any information that is protected by state or federal law. In addition, no victim or alleged victim of tortious sexual conduct or child abuse shall be identified in any Board agenda, notice, announcement, or report required by the Brown Act, unless the identity of the person has previously been publicly disclosed.

In accordance with law, a Board member shall not disclose confidential information received in a closed session unless the Board authorizes the disclosure of that information.

Personnel Matters

The Board may hold a closed session under the "personnel exception" to consider the appointment, employment, evaluation of performance, discipline, or dismissal of an employee. Such a closed session shall not include discussion or action on proposed compensation except for a reduction of compensation that results from the imposition of discipline.

The Board may also hold a closed session to hear complaints or charges brought against an employee by another person or employee, unless the employee requests an open session. Before the Board holds a closed session on specific complaints or charges brought against an employee, the employee shall receive written notice of his/her right to have the complaints or charges heard in open session if desired. This notice shall be delivered personally or by mail at least 24 hours before the time of the session.

The Board may hold a closed session to discuss a district employee's application for early withdrawal of funds in a deferred compensation plan when the application is based on financial hardship arising from an unforeseeable emergency due to illness, accident, casualty, or other extraordinary event, as specified in the deferred compensation plan.

Agenda items related to district employee appointments and employment shall describe the position to be filled. Agenda items related to performance evaluations shall specify the title of the employee being reviewed. Agenda items related to employee discipline, dismissal, or release require no additional information.

Negotiations/Collective Bargaining

Unless otherwise agreed upon by the parties involved, the following shall not be subject to the Brown Act:

1. Any meeting and negotiating discussion between the district and a recognized or certified employee organization
2. Any meeting of a mediator with either party or both parties to the meeting and negotiating process
3. Any hearing, meeting, or investigation conducted by a factfinder or arbitrator
4. Any executive (closed) session of the district or between the district and its designated representative for the purpose of discussing its position regarding any matter within the scope of representation and instructing its designated representatives

The Board may meet in closed session to review the Board's position and/or instruct its designated representative regarding salaries, salary schedules, or compensation paid in the form of fringe benefits of its represented and unrepresented employees. Prior to the closed session, the Board shall identify its designated representative in open session. Any closed session held for this purpose may include discussions of the district's available funds and funding priorities, but only insofar as they relate to providing instructions to the Board's designated representative.

Closed sessions may take place prior to and during consultations and discussions with representatives of employee organizations and unrepresented employees. For unrepresented employees, closed sessions held pursuant to Government Code 54957.6 shall not include final action on the proposed compensation of one or more unrepresented employees.

For represented employees, the Board may also meet in closed session regarding any other matter within the statutorily provided scope of representation.

The Board also may meet in closed session with a state conciliator or mediator who has intervened in proceedings regarding any of the purposes enumerated in Government Code 54957.6.

Agenda items related to negotiations shall specify the name of the district's designated representative(s) attending the closed session. If circumstances necessitate the absence of a specified designated representative, an agent or designee may participate in place of the absent representative as long as the name of the agent or designee is announced at an open session held prior to the closed session. The agenda shall also specify the name of the organization representing the employee(s) or the position title of the unrepresented employee who is the subject of the negotiations.

Matters Related to Students

The Board shall meet in closed session to consider the expulsion of a student, unless the student submits a written request at least five days before the date of the hearing that the hearing be held in open session. Regardless of whether the expulsion hearing is conducted in open or closed session, the Board may meet in closed session for the purpose of deliberating and determining whether the student should be expelled.

The Board shall meet in closed session to address any student matter that may involve disclosure of confidential student information, or to consider a suspension, disciplinary action, or any other action against a student except expulsion. If a written request for open session is received from the parent/guardian or adult student, it will be honored to the extent that it does not violate the privacy rights of any other student.

Agenda items related to student matters shall briefly describe the reason for the closed session, such as "student expulsion hearing" or "grade change appeal," without violating the confidentiality rights of individual students. The student shall not be named on the agenda, but a number may be assigned to the student in order to facilitate record keeping. The agenda shall also state that the Education Code requires closed sessions in these cases in order to prevent the disclosure of confidential student record information.

Security Matters

The Board may meet in closed session with the Governor, Attorney General, district attorney, district legal counsel, sheriff or chief of police, or their respective deputies, or a security consultant or a security operations manager, on matters posing a threat to the security of public buildings; to the security of essential public services, including water, drinking water, wastewater treatment, natural gas service, and electric service; or to the public's right of access to public services or public facilities.

The Board may meet in closed session during an emergency meeting held pursuant to Government Code 54956.5 to meet with law enforcement officials for the emergency purposes specified in Government Code 54957 if agreed to by a two-thirds vote of the Board members present. If less than two-thirds of the members are present, then the Board must agree by a unanimous vote of the members present.

Agenda items related to security matters shall specify the name of the law enforcement agency and the title of the officer, or name of applicable agency representative and title, with whom the Board will consult.

Conference with Real Property Negotiator

The Board may meet in closed session with its real property negotiator prior to the purchase, sale, exchange, or lease of real property by or for the district in order to grant its negotiator authority regarding the price and terms of payment for the property.

Before holding the closed session, the Board shall hold an open and public session to identify its negotiator(s) and the property under negotiation and to specify the person(s) with whom the negotiator may negotiate.

For purposes of real property transactions, negotiators may include members of the Board.

Agenda items related to real property negotiations shall specify the district negotiator attending the closed session. If circumstances necessitate the absence of a specified negotiator, an agent or designee may participate in place of the absent negotiator as long as the name of the agent or designee is announced at an open session held prior to the closed session. The agenda shall also specify the name of the negotiating parties and the street address of the real property under negotiation. If there is no street address, the agenda item shall specify the parcel number or another unique reference of the property. The agenda item shall also specify whether instruction to the negotiator will concern price, terms of payment, or both.

Pending Litigation

Based on the advice of its legal counsel, the Board may hold a closed session to confer with or receive advice from its legal counsel regarding a pending litigation when a discussion of the matter in open session would prejudice the district's position in the litigation. For this purpose, "litigation" means any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator.

Litigation is considered "pending" in any of the following circumstances:

1. Litigation to which the district is a "party" has been initiated formally.
2. A point has been reached where, in the Board's opinion based on the advice of its legal counsel regarding the "existing facts and circumstances," there is a "significant exposure to litigation" against the district, or the Board is meeting solely to determine whether, based on existing facts or circumstances, a closed session is authorized.

Existing facts and circumstances for these purposes are limited to the following:

- a. Facts and circumstances that might result in litigation against the district but which the district believes are not yet known to potential plaintiffs and which do not need to be disclosed.
- b. Facts and circumstances including, but not limited to, an accident, disaster, incident, or transactional occurrence which might result in litigation against the district, which are already known to potential plaintiffs and which must be publicly disclosed before the closed session or specified on the agenda.
- c. The receipt of a claim pursuant to the Tort Claims Act or a written threat of litigation from a potential plaintiff. The claim or written communication must be available for public inspection.
- d. A threat of litigation made by a person in an open meeting on a specific matter within the responsibility of the Board.
- e. A threat of litigation made by a person outside of an open meeting on a specific matter within the responsibility of the Board, provided that the district official or employee receiving knowledge of the threat made a record of the statement before the meeting and the record is available for public inspection. Such record does not

need to identify an alleged victim of tortious sexual conduct or anyone making a threat on his/her behalf or identify an employee who is the alleged perpetrator of any unlawful or tortious conduct, unless the identity of this person has been publicly disclosed.

3. Based on existing facts and circumstances, the Board has decided to initiate or is deciding whether to initiate litigation.

Before holding a closed session pursuant to the pending litigation exception, the Board shall state on the agenda or publicly announce the subdivision of Government Code 54956.9 under which the closed session is being held. If authority is based on Government Code 54956.9(a), the Board shall either state the title or specifically identify the litigation to be discussed or state that doing so would jeopardize the district's ability to effectuate service of process upon unserved parties or to conclude existing settlement negotiations to its advantage.

Agenda items related to pending litigation shall be described as a conference with legal counsel regarding either "existing litigation" or "anticipated litigation."

"Existing litigation" items shall identify the name of the case specified by either the claimant's name, names of parties, or case or claim number, unless the Board states that to identify the case would jeopardize service of process or existing settlement negotiations.

"Anticipated litigation" items shall state that there is significant exposure to litigation pursuant to Government Code 54956.9(b) and shall specify the potential number of cases. When the district expects to initiate a suit, items related to anticipated litigation shall state that the discussion relates to the initiation of litigation pursuant to Government Code 54956.9(c) and shall specify the potential number of cases. The agenda or an oral statement before the closed session may be required to provide additional information regarding existing facts and circumstances described in item #2 b-e above.

Joint Powers Agency Issues

The Board may meet in closed session to discuss a claim for the payment of tort liability losses, public liability losses, or workers' compensation liability incurred by a joint powers agency (JPA) formed for the purpose of insurance pooling or self-insurance authority of which the district is a member.

Closed session agenda items related to liability claims shall specify the claimant's name and the name of the agency against which the claim is made.

When the board of the JPA has so authorized and upon advice of district legal counsel, the Board may meet in closed session in order to receive, discuss, and take action concerning information obtained in a closed session of the JPA. During the Board's closed session, a Board member serving on the JPA board may disclose confidential information acquired during a closed session of the JPA to fellow Board members.

The Board member may also disclose the confidential JPA information to district legal counsel in order to obtain advice on whether the matter has direct financial or liability implications for the district.

Closed session agenda items related to conferences involving a JPA shall specify the closed

session description used by the JPA and the name of the Board member representing the district on the JPA board. Additional information listing the names of agencies or titles of representatives attending the closed session as consultants or other representatives shall also be included.

Review of Audit Report from California State Auditor's Office

Upon receipt of a confidential final draft audit report from the California State Auditor's Office, the Board may meet in closed session to discuss its response to that report. After public release of the report from the California State Auditor's Office, any Board meeting to discuss the report must be conducted in open session, unless exempted from that requirement by some other provision of law.

Closed session agenda items related to an audit by the California State Auditor's Office shall state "Audit by California State Auditor's Office."

Review of Assessment Instruments

The Board may meet in closed session to review the contents of any student assessment instrument approved or adopted for the statewide testing system. Before any such meeting, the Board shall agree by resolution to accept any terms or conditions established by the State Board of Education for this review.

Agenda items related to the review of student assessment instruments shall state that the Board is reviewing the contents of an assessment instrument approved or adopted for the statewide testing program and that Education Code 60617 authorizes a closed session for this purpose in order to maintain the confidentiality of the assessment under review.

Approval: **Hanover Research Contract**

Proposal

Staff proposes the Board of Education approve a second contract with Hanover Research to enable the District to utilize additional sequential research services.

Background

Recent incidents at our high school have identified a need to measure the school culture and climate of our schools. To determine the best practices for implementation on school culture and climate, we believe there is a need to conduct a survey to guide appropriate actions moving forward that are going to meet the needs of our students, teachers, and community. We currently have several projects already scheduled with Hanover through the end of July, and in order to best serve our students and staff it is recommended that we create a separate research cue, in addition to our current contract. This will allow us to conduct twice as many research projects and be responsive to students, staff, and the community by identifying research-based best practices for school culture and climate.

Hanover is prepared to support the Laguna Beach Unified School District in continuing to explore a number of initiatives. To date, we have conducted phase one of the survey regarding Rocket Ready and are currently conducting the LCAP survey. Already in the cue for future studies are: Next phases for Rocket Ready, differentiated instruction for all students including a GATE parent survey, GATE best practices for instruction, English Learner best practices, most effective math pathways leading to student achievement gains, and a review of current end-of-year placement exams.

Research projects may draw from a variety of research capabilities, which may include but are not limited to:

- **Primary Research** — survey design, administration and analysis; interviews with industry/issue experts
- **Secondary Research** — best practices, industry news, trend forecasting, literature reviews, competitor profiles, market assessments
- **Quantitative and Qualitative Data Analysis**— data mining, coding and segmentation, predictive analysis, regression modeling, program evaluation
- **Peer Benchmarking** — peer group development, organizational structure, staffing, compensation, operating metrics

Budget Impact

Annual cost of \$36,500.

Recommended Action

Staff proposes the Board of Education approve a second Hanover Research contract.
