

ENVIRONMENTAL SCIENCE

Have a positive, lasting effect on our world. In Environmental Science, you will learn about natural resources, wildlife, fisheries, soils, water quality, environmental sampling and analysis, safety and health, SCUBA, environmental law and agriculture. Group work, field trips, and field projects prepare you for college and the job market. You can work toward a degree with the help of a \$3,000 Sinclair Tech Prep scholarship and earn college credit in high school toward your degree. Students can take any advanced placement or honors classes while taking this program! Students are encouraged to take the Environmental Science AP test their senior year.
