Job Posting

Long Term Chemistry Substitute

January 20, 2020 – May 22, 2020
(Teaching Hours are 8am-12:30pm)

Application Posting Date: Tuesday, January 7, 2020

Application Closing Date: Until suitable candidate is found

Compensation: Prorated at the adjunct salary scale for each MSSM class section

The long term substitute will assume a teaching load of two classes of chemistry which meet for a total of 14 hours each week including office hours.

Chemistry

This survey course covers measurement, electron arrangement, periodicity, chemical bonding, reaction rate, acids and bases, and organic chemistry. The approach is lab-centered and utilizes a historical perspective to emphasize the role of chemistry in society. Chemistry is appropriate for students intending to pursue careers in the health field or non-science areas.

Qualifications:

A successful candidate will have at least a BS Chemistry or related science and be capable of conveying this material to the students. A current Criminal History Records Check is also required.

*For more information, go to: <https://www.mssm.org/about/employment-opportunities> to download the teaching employment application and email it to MSSM along with a resume, transcripts and three letters of recommendation at mssm@mssm.org or mail it to MSSM, 95 High Street, Limestone, ME 04750
