

# Year 1 CLASS LETTER

## Spring 1 Term

1C

Dear Parents/Carers,

Welcome back to a new term! SPRING 1!

I hope you have all had a great Christmas and have enjoyed welcoming in the new year with friends and family.

This half term our topic is called 'Going Wild!' based around our class text 'Wild' by Emily Hughes.

I am very much looking forward to getting to know the children and yourselves.

If you have any questions or queries, please do not hesitate to ask either over the phone in the school office or at the classroom door.

### Our Learning during Spring 1

**English** we will be looking in depth at illustrations used in our class text, writing in role, composing a free verse poem and even looking at techniques such as drama to discover feelings and emotion.

**Maths** we will be looking at division, place value to 100, measurement and geometry.

**History** we will be looking at historical events, people and places in their own locality. In Science we will be learning about the lifecycle of plants in their natural environment.

**Art and DT** we will be looking at the work of artists who use nature and will be using natural materials to design and make a new bed or toy.

**RE** we are looking Christians and what they believe.

**Computing** we will be looking at computers and their different parts.

### Reminders

#### PE every Friday

Please make sure all kits are in school.

#### Spelling test every Friday

Spellings are in your child's communication book

#### Maths number bond stories every Friday

Please remember to bring in your number bond card.

#### Dojo shop and Attendance on a Friday

#### Show and tell on a Monday:

This is a chance for children to share any news about what they have been doing over the weekend. As our topic is 'Going Wild!' it would make a great link if the children were to share their own stories about exploring in nature or show us any objects relating to this.

### Come and join in our learning

On **Wednesday 15<sup>th</sup> January at 2:45pm**, Year 1 would like you to come and join in with their learning. There will be a chance to see the work they have been doing, the new learning environment, meet the class teacher and even plant a **BEAN SEED** in our science learning.

I look forward to meeting you all!

**Please remember to bring in your communication book and reading book daily** as this is important to keep up to date with your children's learning. **Don't forget** to have a sneak peek at our class webpage on the school website as pictures and information will be uploaded to show you how the children are getting on.
