

OBSERVATIONAL ART

FOR MIDDLE SCHOOL STUDENTS GRADES 5-8

Instructor: Hayden Parsons

Observational skills are imperative to the art-making process. This class will focus on building student skills to draw, paint and sculpt from observing what is directly in front of their eyes while still allowing for creative liberties as students see fit. Students will explore their own creativity while making beautiful, original works of art and building a cohesive body of work that exhibits their skills and imagination.

This class will be taught by Hayden Parsons who has a bachelor's degree in Fine Art from The School of The Art Institute of Chicago. Miss Parsons also attended NOCCA as a high school student and has pursued an arts-focused education throughout her life. She is currently the 3rd-8th grade art teacher at St. George's Episcopal School, and she is thrilled to bring her passion for art into the after school program.

Class Meetings: Classes will be offered on 13 Thursdays from 3:45 - 4:45 p.m.*
(specific dates to follow)

Cost: \$400 for 13 classes, including cost of supplies. Families will not be charged for After Care during the class time.

To Register: please email the information below to hayden.parsons@stgnola.org:

Students name and age

Parent/Guardian name

Parent/Guardian email(s) and phone number(s)

Please register by January 30. Registration will be billed through your FACTS incidental account. Payment will be due in full within 30 days of invoice date.

** If you are interested in taking the class but this time doesn't work with your schedule, please reach out, and we will see what we can do!*
