

WEST BLOOMFIELD SCHOOL DISTRICT
PORTRAIT of a GRADUATE

Educating Students to be their Best IN and FOR the World!

January, 2020

Dear Parents,

Welcome to the West Bloomfield School District! We are excited to have your family become a part of our family. West Bloomfield is an outstanding school district that offers personalized learning for our students, support for our families and opportunities for students to participate in a variety of real-world activities in our community and beyond.

The early years are the most important part of a child's school life. At West Bloomfield School District, we will channel each child's natural enthusiasm into a genuine and lifelong passion for learning. Our educators work collaboratively to create authentic learning opportunities to build upon each child's strengths; their passion for helping all students learn and grow is evident in each and every one of our classrooms.

In the West Bloomfield School District, students receive quality learning experiences in the core content areas of Reading, Writing, Mathematics, Science, and Social Studies. Additionally, the Kindergarten Program includes Art, Music, Physical Education, Integrated Technology and STEAM (Science, Technology, Engineering, Arts, and Mathematics) learning experiences delivered through Project Based Learning(PBL). In short, we make learning fun and promote a positive school climate by challenging young, inquiring minds to fulfill their true potential through a comprehensive and balanced education.

We invite you to come and participate in your child's education; we welcome all families into our schools and want to partner with you to insure your child's success in the West Bloomfield School District. We look forward to meeting you and your child.

Educationally yours,

Gerald D. Hill, Ph.D.
Superintendent

Deanna D. Barash
Assistant Superintendent for Curriculum, Assessment and Instruction
