## SPECIAL BUDGET ISSUE

Dear Community Members:

Harrison's children continue to thrive in our schools and achieve at unprecedented levels. Our faculty remains committed to performing at the top of their profession and supporting student success at every level, and the financial management of our District again was recognized for excellence. We applaud these accomplishments and appreciate the dedication of every member of the Harrison Central School District learning community to ensure the success and safety of our children.

The Board is proud that the **Harrison Central School District has once again received Standard and Poor's Global Rating of "AAA."** According to S&P, the "AAA" reflects "the District's ability to maintain its very strong finances, supported by proactive, entrenched, and good financial management, policies and practices." This designation is particularly significant as we **are one of only four districts** with the "AAA" rating in New York State and **have achieved this recognition multiple times.**

Every member of the Harrison Central School District is passionate about providing an engaging and enriching educational experience for our students. The Board seeks our community's approval for a school budget that maintains and improves upon these meaningful opportunities for students, amid ongoing economic challenges and unfunded mandates. We work diligently to balance our commitment to serving the needs of every child while providing value to our taxpayers. Developing a budget that maintains class size and programs within the tax levy cap is the result of carefully considered, long-term strategic planning.

The District's proposed 2018-19 budget advances the implementation of the International Baccalaureate Program in grades six through ten, maintains class size goals district-wide, and increases guidance support at our high school. The budget sustains the Board's commitment to continuous improvement across our district by maintaining support of our outstanding professional development program for faculty and staff. **These educational objectives are achieved while remaining within the allowable tax levy cap.**

During the coming year we expect enrollment growth, and our high school students continue to engage in rigorous academic programs resulting in higher levels of participation in course offerings. To meet this growth and increased participation, the 2018-19 budget includes additional teaching positions. The budget also supports a new five-year transportation contract and expands ADA building compliance. Some additional highlights include:

- Continued implementation for the International Baccalaureate Middle Years Program at LMK and HHS.
- Continued funding for the cost of all International Baccalaureate and Advanced Placement examinations for every student.
- New teaching positions to meet increased enrollment and program needs.
- Adding an additional Guidance Counselor at Harrison High School to improve support of student success and meet increased demand during the college application process.
- Strengthening building security at all buildings, including the implementation of new technology-based security apps for all staff and high school students.

Significant variables beyond our control impacted this year's budget, these include increased pension, health insurance and transportation costs. An increase in state aid provided some additional revenue. **The 2018-19 budget represents a 3.38% tax levy increase, within the allowable limit.** Since the New York State's mandated adoption of the tax cap, the Harrison Central School District tax levy has always been at or below the mandated cap, with an **average increase over the past seven years of 2.2% (tax levy) and 1.79% (budget).**

The Board appreciates and wishes to recognize the members of the Citizen's Budget Advisory Committee for their time, valuable input, and feedback throughout the budget process. They, and we, remain committed to providing a high quality, enriching, and safe school experience for every child who learns in Harrison's schools. We are grateful for your continued support of our children.

Sincerely,

Board of Education: Kelly Mulvoy Mangan, President; Joan Tiburzi, Vice President;  
Trustees: Dennis Di Lorenzo, Rachel Estroff, Placido Dino Puccio, Robert Sullivan, Lindy Wolverton
