Principal's Message

Learn. Persevere. Excel. This is the vision the staff of Art Freiler School has reached for since our doors opened in 2001. These three words still ring true today as they describe the goals our team shares for every child that walks through our halls and enters our classrooms.

I am honored to be a part of the Freiler Family as principal and join in this commitment to the success of our children. I am fortunate to serve in the same community that my loved ones and I call home. Collectively, Freiler School works tirelessly to ensure all students learn at high levels. Our teachers work together to share learning targets and teaching practices. Our office staff and paraprofessionals tend to the individual needs of students and families. Our custodians, yard supervisors, and food service team help provide a safe, healthy and orderly learning environment.

Learning at high levels doesn't take place without its struggles. The tasks and projects students complete are not designed to be easy. Success is a challenge and anything worth achieving will require hard work. The staff of Freiler School focuses on developing a growth mindset in our children. This is needed to persevere through the difficulties of rigorous schoolwork to reach and exceed learning goals.

Families, teachers, and staff want our children to dream and to achieve. The education Freiler School provides allows our students to explore their strengths and passions as they move from early childhood to adolescence. Together, we can make sure our students leave Freiler with the discipline, confidence, and focus needed to excel in high school and beyond.

School Mission Statement

At Art Freiler School:

- Safety for our students, parents and staff will be our highest priority.
- Students will leave the school with a lifelong appreciation and excitement for learning and with an ability to apply their learning to solve a variety of real-world problems or challenges.
- Students will show courtesy and respect for all school staff and for each other throughout each day and the school year.
- Teachers and students will utilize technology tools in conjunction with their regular classroom work to facilitate their learning in a dynamic world.
- Freiler students will have opportunities to interact in positive, service and learning partnerships within our community.

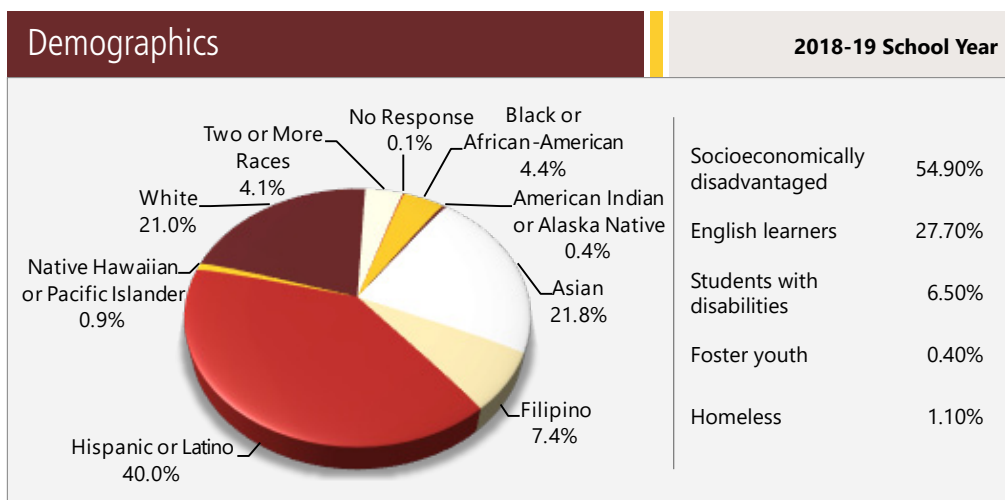

School Vision Statement

"Learn. Persevere. Excel."

Art Freiler School promotes responsible and respectful students who recognize themselves as part of a community that works to learn, persevere, and excel in a global and dynamic world.

Enrollment by Student Group

The total enrollment at the school was 813 students for the 2018-19 school year. The pie chart displays the percentage of students enrolled in each group.

"The future belongs to the educated."

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission Statement

Tracy Unified School District prepares our diverse student population to be college and career ready for the 21st century by providing a quality-learning environment in safe, modern facilities equipped with the latest technological tools. Our culturally proficient world-class staff empowers students to reach their fullest potential and prepares students to solve real-world problems by utilizing best instructional practices and collaborating with the community, businesses and institutions of higher learning.

District Vision Statement

All students in Tracy Unified School District will become lifelong learners, responsible citizens, and leaders in the 21st century.

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Parental Involvement

The Freiler Staff and Parent Association (FSPA) organizes events for our community to be involved with as well as school wide fundraisers. The highlight of these fundraising campaigns has quickly become the annual Fun Run, where students solicit sponsors and run to raise funds for classroom supplies and materials.

In addition, the FSPA has assisted our campus in several events. These events include a fall carnival, Back-to-School Night, sixth grade Science Camp, supporting and organizing funding for additional teacher materials, Halloween Parade, Wellness Wednesday supervision, a Gingerbread Shopping Store in winter, Chess Tournaments throughout the year, Science Olympiad competitions, Family Science Night, school dance supervision, Field Day, Box Top coordination, Scrip coordination, library re-shelving support, school office support for large projects, and supervision for special events such as the eighth-grade award trip and academic swim party trip.

Classroom teachers reap the benefits of parent involvement in the classrooms on a daily basis with the large number of parents who are cleared to assist them. Our volunteers assist teachers with many tasks that all support student learning and educational programs. Parents are also represented on our School Site Council Committee, which meets on a monthly basis, and other committees, such as the Superintendent's Committee, District-level English Learner Advisory Committee (DELAC), English Learner Advisory Committee (ELAC), and our Parent Café. If you are interested in engaging more with the Freiler community, please contact the office at (209) 830-3309.

About Our School

Art Freiler School is a K-8 science and technology magnet school. The enrollment for the 2018-19 school year reflects 813 students, 35 credentialed teachers who are all highly qualified, 20 classified employees, an assistant principal and a principal. We take great pride in our ethnically diverse community and students of many different cultures coming together to learn and grow. During the 2018-19 school year, 27.7% of our students were English Language Learners and 54.9% of our students were socioeconomically disadvantaged.

As a science and technology magnet school, we take pride in having two science labs and two computer labs. We participate in a Science Olympiad competition with two divisional student teams annually. We offer a variety of Science and STEM-related elective courses for our 6-8 grade students. Our eighth grade students also have the opportunity to take Spanish and higher levels of Math at the high school in an effort to prepare them to meet high school graduation requirements. This in turn will help our student reach their goal of earning a college degree.

Student and family engagement in the school community is a major focus at Art Freiler School. Through Science Nights, Math Nights, and various field trips throughout the year students share their learning with parents and families. Our Character Counts awards and Attendance Stars programs celebrate positive student behaviors that lead to success in the classroom. Events such as the Native American Museum, Pioneer Days, and the ABC Bootcamp provide highly relevant learning experiences that support long-term learning. After the traditional school day has ended, students who are seeking a deeper understanding of learning goals can connect with teachers for tutoring or complete assignments in our computer labs. Students can also participate in our Chess, Run, Garden, or Recycling Clubs to challenge their wit, improve their fitness, or contribute to the well-being of our campus. Collectively, these opportunities allow our students to build relationships with those around them while experiencing highly relevant and rigorous learning.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Types of Services Funded

About 58 percent of the district's income is spent on employee salaries, and 23 percent is spent on employee benefits. Books and supplies account for 10 percent of the district's spending, an additional 10 percent is dedicated to services and operating costs, three percent is used for capital outlay, and two percent is spent on other district outgo. Expenditures are expected to exceed revenues by approximately five percent.

All of our kindergarten through third grade classes comply with the California Class Size Reduction program limits. We offer a Bilingual Education and a GATE program at South/West Park Elementary School. We provide special programs at our high schools that include Agricultural Career Technical Education, a Space and Engineering Academy, a Medical And Health Services Academy.

"The staff of Freiler School focuses on developing a growth mindset in our children. This is needed to persevere through the difficulties of rigorous schoolwork to reach and exceed learning goals."

California Assessment of Student Performance and Progress (CAASPP)

For the 2018-19 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3-8 and 11. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments include ELA/literacy and mathematics in grades 3-8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: English Language Arts and Mathematics

The table on the following page displays the percentage of students that met or exceeded state standards in English language arts/literacy and mathematics for the school by student groups for grades 3-8.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students (grades 5, 8 and high school)

The California Science Test (CAST) was administered operationally during the 2018-19 school year. However, these data are not available for inclusion in the 2018-19 SARC posting due February 1, 2020. These data will be included in the 2019-20 SARC posting due February 1, 2021.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

Textbooks and Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and including some site administrators, reviews the recommendation and then recommends a textbook to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2018.

The district chose its most recently adopted textbooks (English language arts) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). The district is in the process of evaluating and selecting history-social studies instructional materials for grades 6-8 using the state-approved list for grades 6-8.

School Facilities

General

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of Art Freiler School for the 2018-19 school year and the efforts made to ensure that students are provided with a clean, safe and functional learning environment.

Age of School/Buildings

This school has 39 classrooms, a multipurpose room, library, administration building, science lab, technology lab and kitchen. The main campus was built in 2001. Additions were constructed in 2005 (two relocatable classrooms), 2006 (two relocatable classrooms) and in the 2008-09 school year (three relocatable classrooms).

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. The work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures.

Teacher Qualifications

This table shows information about teacher credentials and teacher qualifications. Teachers without a full credential include teachers with district and university internships, pre-internships, emergency or other permits, and waivers. For more information on teacher credentials, visit www.ctc.ca.gov.

Please note that total teacher misassignments includes the number of teacher misassignments of English learners.

Professional Development

The district strategic goals and Local Educational Agency (LEA) plan include goals that focus on providing ongoing professional development and support to teachers and site administrators that result in increased achievement for all students in order to close the achievement gap.

Common Core State Standards (CCSS) are driving the need for staff development. The CCSS include adoption of curriculum and staff training. In previous years, Freiler has focused professional development on Rigorous Curriculum Design (RCD) for both English Language Arts (ELA) and math schoolwide. Teachers at Freiler have evaluated student progress on the California Assessment of Student Progress and Performance (CAASPP) and sought to connect measurable learning outcomes in the CAASPP to current units of study.

Student engagement has also been a focus of Freiler's professional development. A total of 16 teachers have attended the Kagan Cooperative Learning Structures workshop. These learning structures are designed to provide students opportunities to discuss content in productive and meaningful ways.

The final professional development focus for Freiler has been English Language Development (ELD) strategies. Middle school teachers attended a summer workshop on ELD strategies and have worked diligently to incorporate these strategies into their practice. Throughout the course of the year, teachers from all grade levels have developed lessons and shared successes while working with Tracy Unified's English Language Learner Coordinator.

A collective focus on curriculum design, learner engagement, and English Language Development is expected to improve learning outcomes for all students. By continuing to use measurable results of student learning, Freiler staff can evaluate the effectiveness of these professional development trainings.

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at <http://dq.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of December 2019.
