

Ancillary Services and Extracurricular Activities - Pricelist 2019/20

General Terms and Conditions

Our Fees and charges are reviewed annually and are subject to increase from time to time. The parent contract and usual school policies apply.

Registration Fee

A registration fee of **£500** is payable when the application form is submitted. The application can only be processed after receipt of the registration fee.

Deposit/Development Fund Payment

On acceptance of a place at school, a payment of **£4,000** is due promptly for every new pupil. This consists of an acceptance deposit of **£3,000** and a non-refundable **£1,000** contribution to the School Development Fund, which contributes to the maintenance, and development of the school facilities – including the large renovation and building projects currently planned for the main school building. If the deposit and development fund contribution are not paid within the stipulated period, the place at the school is forfeited and the German School may offer the place to somebody else.

School Fees

School fees are set by the German School Association's Board of Governors for the period of one school year. School fees for the year 2019/2020 are **£7,980** for all pupils (Kindergarten to final year). Fees will be invoiced in two equal instalments of **£3,990** and are due to be paid by 15th August and 15th January respectively. A place at the school is only guaranteed after the fees have been paid.

Families whose child has attended the school for more than five full sequential academic years, receive currently a reduction of 15% in school fees for that child. If eligible, this is being applied automatically for the year following the completion of five full sequential academic years.

In cases of financial hardship, there is a possibility to apply for a reduction in school fees. Substantiated and documented applications should be addressed to the German School Association. Application forms are available in the office or on our website. Applications can only be processed after the pupil has been offered a place at the school and the place has been accepted. Applications are only processed once a year and must be submitted by 15th July for a reduction for the next school year. All applications are treated in strict confidence.

Other Fees and contributions

The Swiss Parents' Association charges an additional amount of **£390** to Swiss Parents for the provision of a Swiss Teacher. This is payable to the German School.

All parents are invited to become members of The German School Association. Membership fee is **£25** per annum per person.

Ancillary Services and Extracurricular Activities

Ancillary services and extracurricular activities such as books, excursions, cafeteria, school bus, afternoon activities for the pre-school, AGs and other activities, extended school day, etc., are being offered and will be charged separately.

As a rule, where activities/services are quoted and booked per school- or half-year, those services can not be cancelled. Exceptional cases may apply and you'll find more details on the respective registration forms. The usual policies apply and students may be excluded from the activity in case of misconduct and non-compliance of rules and instructions. In such cases refunds will not be made. Ancillary services and extracurricular activities are exempt from any discounts.
