Agreement of student access to online educational applications:

Eden Prairie Schools attempts to provide students with the best educational practices and resources. Many of our teachers are incorporating web-based applications and sites to enhance student education, engage students in the curriculum, and spark creativity and collaboration amongst peers. Through the use of web-based apps students and teachers can expand the classroom by participating in collaborative practices that enable students to learn the appropriate and safe ways to use the Internet. These practices provide both an outstanding educational opportunity for our academic areas as well as an opportunity to help students prevent poor online actions and communications. By signing this agreement, I am providing written permission for my child to access and use web-based apps and resources.

I have read and understand the information presented in this Agreement and the “iLearn@EPS Expectations” section of the student handbook. I understand this Agreement will remain in effect for subsequent school years and any modifications will be reflected in the student handbook.
