

The 8<sup>th</sup> grade Knights had to play better than their best game of the season to beat Boulan. They did just that! The Knights needed a win to keep their city championship alive and Boulan was a very tough team. It was a physical game, and the Knights started out strong and never let up. The Knights had the lead the entire way and ended up winning 36-29.

The Knights finished the season with 10 wins and 2 losses. They are the city champs.

Coach Koneval is very proud of each player. Their dedication and time commitment was truly outstanding. If you see one of them in the hall, please congratulate them and thank them for representing Smith well!
