Addendum #2: 2020PW01 Maintenance & Operations Laydown Yard

Notice to All Bidders,

The Bid Documents for this project are modified as set forth in this Addendum. The original Bid Documents and any previously issued Addendum remain in full force and effect, except as modified by this Addendum which is hereby made part of the Bid Documents. Bidder shall take this Addendum into consideration when preparing and submitting a bid, and shall acknowledge receipt of this Addendum in the space provided below.

The following questions and answers are provided as a matter of information to clarify issues raised about this project.

1. Can you direct me to the plans and specs for this project?
 - a. *The only documents available were handed out to the people who attended the mandatory job walk. Beyond that there isn't anything else available.*

2. Can you please walk me through how to get the bid documents for Maintenance and Operations Laydown Yard? Thank you.
 - a. *All documentation – bid invitation, bid proposal, job walk sign in sheet, addendum acknowledgement and all addenda can be accessed at:
www.lodiUSD.net/district/departments/business-services/purchasing-and-central-services under the link: Public Works – CUPCAA then CUPCAA Informal Bid Projects FY2019-2020.*

3. The scope of work states to recompact all areas to receive fill to a depth of 18” deep, it also states to compact all areas to 12” at 90% compaction and finish grade. It also states to compact AB to 95%, which is standard. 18” seems excessive, unless you mean a total compaction including AB, meaning 12” subgrade and 6” AB. Most road ways and parking lots are only 12” compacted. Please confirm the depth of compaction for subgrade
 - a. *We are looking for that to be the total compaction 12” of subgrade and 6” of AB for a total of 18” compaction*

4. Is there a DVBE/DBE/WBE/WBE participation goal requirement for this project?
 - a. *No.*

Request for Information deadline is January 21, 2020 at 4:30 p.m.
