FROM THE CHAIRMAN OF THE BOARD OF TRUSTEES

This past year has seen important new milestones reached at International College. Major projects were completed including the opening of the new preschool and middle school buildings in Ras

Beirut and new science labs on both campuses. We continue to move our Ain Aar gymnasium and auditorium project forward, bringing us closer to our objective of ensuring that we are able to offer “state of the art” facilities.

On the academic front our teachers and students increasingly benefit from the Danielson teaching framework. This internationally acclaimed approach to education was first introduced two years ago and has now been fully and successfully implemented. We are pleased to note that our students continue to excel academically and our graduates are being accepted at the best colleges and universities in Lebanon, Europe and North America.

We are particularly pleased this year with the arrival of our new President, who brings with him exceptional academic and administrative qualifications. These include the unique experience of heading a major French American Bilingual School

that offers an academic program similar in structure to what we have at IC.

This year and going forward the board and the administration will be increasing our efforts to expand our capacity to provide financial support to students in need. This undertaking, which is being spearheaded by our trustees and advancement team will need to call on support from alumni, parents and friends. We view this endeavor as especially important given the economic environment in which we are now operating.

Since our efforts to progress are never done, we need to continue to count on the generous support of parents, alumni, trustees and friends to help us reach our numerous goals.

We are grateful for your assistance and thank you your continued support, which allows IC to remain as one of the top schools of its kind in the world.

Donald J. Selinger

FROM THE PRESIDENT

Four Programs, Two
Campuses, One School,
One Heart”

“Quatre Programmes,
Deux campus, Une
école, Une passion
Partagée”

Anchored in tradition,
yet always moving

toward the future with confidence and energy, IC is a vibrant, educational institution with a rich and long history. From the families of current students as well as faculty and administrators located in Lebanon, to the trustees and alumni all over the world, the IC community is far reaching and diverse. Though we may be separated by distance and may come from different backgrounds, we are united by our shared passion for education, love for the IC family, and what is often referred to as, the “IC spirit”.

The progress that IC has made over the past ten years is astounding. Not only have the facilities continued to improve drastically, but programs and student support have grown significantly as well. A case in point is the counseling service that was put into place just a few years back; one could also mention the new Ali Ghandour Center for Civic engagement that will be inaugurated in the fall, or even the two brand new STEAM centers located respectively on the Ain Aar and Ras Beirut campuses. Both our tuition assistance and scholarship program are expanding as well.

I am truly delighted to join the School at this stage of its illustrious history and to help maintain this momentum alongside a talented

and committed group of administrators and teachers, a dedicated and dynamic parent committee, and a knowledgeable, hard-working, and generous board of trustees.

Without the continued financial support of the extended IC community, all this progress would have been impossible and would be unsustainable in the future. Tuition alone could not have allowed us to implement any of the positive and necessary improvements mentioned above. To not only keep pace with the developments in education, but even, in certain instances, to lead them, IC needs the financial support of its entire extended family. We need the continuous generosity of major donors and foundations; we also need the support of every member of the IC family.

We at IC are extremely grateful to all those who have helped make last year a successful fundraising year, allowing the School to move forward with all of its projects and to offer tuition assistance to its students. Every single one of those who have given deserves to be thanked and recognized for his or her belief in our institution and in the power of education.

Finally, I would like to express my heartfelt gratitude to IC major donors for their admirable generosity and support which crucially impact our students’ educational experience and even, in some cases, change the course of their lives.

I invite you to read this report. It is a testimony to our community’s spirit and faith in our beautiful school!

Joel Peinado
President

VISION

The Vision of International College (IC) is to empower learners of today to be global citizen leaders of tomorrow.

MISSION

The Mission of IC is to empower learners to take initiative, think critically and serve as role models in a global society. The curriculum aims for excellence at all levels and embraces the education of the whole person. Graduates of IC will have developed self-confidence, problem-solving and decision-making abilities as well as self-discipline, social and environmental responsibility and an awareness of and respect for the connected nature of our global community.

OUR OBJECTIVES

The objective of International College is to provide a safe and secure environment where learners develop personal qualities and skills leading to international mindedness, intellectual curiosity, adaptability, effective communication, creative expression, compassion, community building, responsible citizenship, and an appreciation for cultural diversity.

IC aims to guide our learners to develop these abilities and attitudes:

IC curricula promote the development of the whole person in the following areas:

ACADEMICALLY

Through developing individual potential and a commitment to life-long learning as a result of a balanced and rigorous program in three languages that strives for excellence in the Lebanese Baccalaureate, the French Baccalaureate, the International Baccalaureate, and the College Preparatory Program.

TECHNOLOGICALLY

Through an innovative learner-driven technology program that promotes STEAM (Sciences, Technology, Engineering, the Arts and Mathematics), media literacy, and responsible digital citizenship, and prepares learners for a competitive digital world.

ETHICALLY

Through the promotion of the values of social responsibility, sustainability, integrity, community service and respect for both individual differences and the environment.

SOCIALLY

Through intra-and extra-curricular activities that develop civic and global awareness, leadership, team spirit, and a commitment to respect, empathy, justice, and social inclusion.

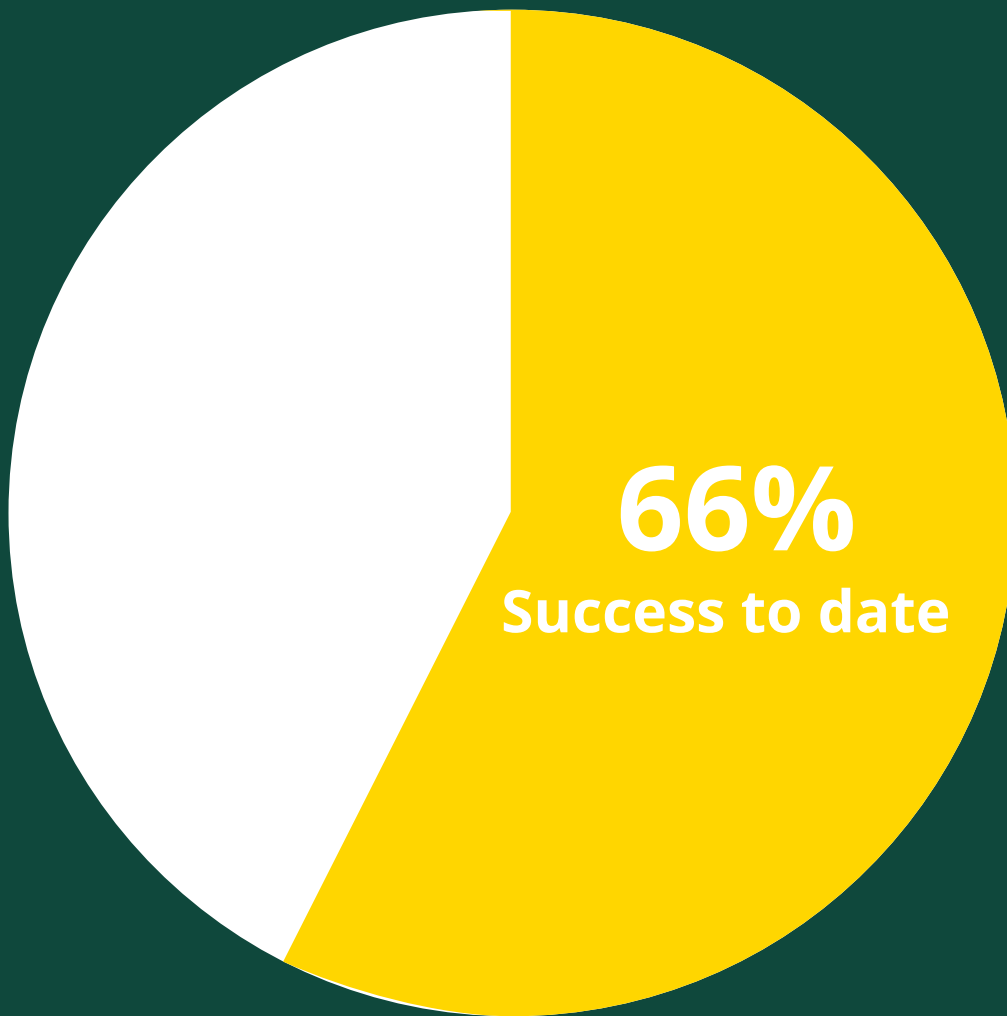

AESTHETICALLY

Through a diverse arts program that promotes creativity and celebrates cultural diversity.

PHYSICALLY

Through physical education and athletics programs that promote sportsmanship, teamwork, and healthy living.

PARTNERSHIP FOR EXCELLENCE CAMPAIGN SUMMARY

“The Danielson Framework was introduced and is meant to empower IC teachers who are different from any teacher in Lebanon. An IC teacher is essentially a leader. He/she is bound to grow to accept that growth is part of excellence. That growth entails change and that change may force him/her out of his/her comfort zone into territories where creativity is at the heart of teaching and learning”.

Paula Mufarrij
Vice President for Academic Affairs

As of June 30, 2019, 66% of our target was completed thanks to the generosity of our alumni, parents, trustees, friends and corporations.

CAPITAL CAMPAIGN TARGET: **\$110,000,000**

(includes construction, facility improvements, scholarship funds, faculty development fund and other programs). No part of the tuition fee is being used towards the Campaign.

ANNUAL FUND

ETHICAL

ACADEMIC

An aerial photograph of the International College campus, which features several large, modern buildings with red-tiled roofs and white facades. The campus is surrounded by lush green trees and is situated in a valley. In the background, a densely populated city with numerous buildings is visible, along with rolling hills under a blue sky with scattered white clouds. Three circular callouts are overlaid on the image: a yellow circle at the top center labeled 'SOCIAL', a dark green circle on the right side labeled 'PHYSICAL', and a white circle on the left side labeled 'AESTHETIC'.

SOCIAL

PHYSICAL

AESTHETIC

Every year, International College relies on the support of the Annual Fund from its alumni, parents, trustees and friends. As is the case with many independent schools, tuition fees at IC does not cover full operating costs. Programs which give IC that margin of excellence have to be funded elsewhere, namely through private contributions to the Annual Fund. The Annual Fund is made up of yearly gifts that go directly into the operating budget and are earmarked for school enhancements including financial aid, faculty development and student extracurricular programs.

Grant from ASHA / USAID

International College (IC) extends its thanks and appreciation to the United States Agency for International Development (USAID) and American Schools and Hospitals Abroad (ASHA). ASHA's contributions helped IC develop the superior library, improve its security system, upgrade STEAM labs, in addition to the main IC server and provide new notebooks.

The IC family wholeheartedly thanks USAID - ASHA and the American people for their critical support throughout the years.

EXISTING ENDOWMENT

FUNDS

Gifts to the Endowment Funds create a principal that left intact will provide interest earnings on that principal. This interest provides capital for designated purposes such as scholarships, financial aid, special projects and ongoing support to the school. Donations may be made to any endowed fund in honor or in memory of a loved one or special person. A gift to an endowment fund is truly one gift that “keeps on giving”.
