## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

##### Percentage of Students Meeting or Exceeding the State Standard

| Subject | School 17-18 | School 18-19 | District 17-18 | District 18-19 | State 17-18 | State 18-19 |
|---------|--------------|--------------|----------------|----------------|-------------|-------------|
| ELA     |              | --           | 72             | 74             | 50          | 50          |
| Math    |              | --           | 53             | 57             | 38          | 39          |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

#### School Safety Plan

Wiseburn Unified School District (WUSD), the lead district for The Success Learning Center, is committed to ensuring that students and staff attend campuses that are safe and secure, and where they are free from physical and psychological harm. Success Learning Center believes that a step towards maintaining safer schools is for each school site to develop a comprehensive school safety plan that takes into account the school's staffing, available resources, building design, and other factors unique to the site. WUSD, as the lead district for operations for purposes of reporting data relating to the school safety plan, does not have a school site council due to the nature of its program design. Nevertheless, WUSD and Success Learning Center shall be responsible for developing and annually reviewing and updating the plan by March 1 of each year and forwarded to the Board of Trustees for approval. The status of the school safety plan, including a description of its key elements, shall be reported every July in the annual school accountability report card as appropriate. The Principal shall also ensure that the most current comprehensive school safety plan is readily available for inspection by the public.

The comprehensive safety plan shall include an assessment of the current status of any crime committed on campus and at school-related functions. The campus is presently located within the Hawthorne Police Department jurisdiction. The Success Learning Center shall work with law enforcement, examine local assessments and data, and utilize district systems such as Schoolzilla, a data warehouse of student information to assess reports of crime, suspension and expulsion rates, and surveys of students, parents/ guardians, and staff regarding their perceptions of school safety and school connectedness.

The plan shall also, at minimum, identify strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, including all of the following:

1. Child abuse reporting procedures
2. Routine and emergency disaster procedures, including adaptations for students with disabilities
3. Policies for students who commit acts which would lead to suspension or expulsion
4. Procedures to notify teachers of dangerous students

5. Policies prohibiting discrimination, harassment, intimidation, and bullying
6. Provision of a school wide dress code, which defines and prohibits "gang-related apparel"
7. Procedures for safe ingress and egress
8. Policies enacted to maintain a safe and orderly environment conducive to learning
9. Rules and procedures on school discipline
