

Dear YES Prep White Oak Community,

Legacy Community Health knows there is nothing more important to you than the health of your child, and that is why we take that responsibility seriously. With this in mind, we'd like to let you know that effective January 29, 2020, the Pediatric Primary Care Provider will be leaving her health care practice at YES Prep White Oak.

As Legacy works to find a high quality health care provider to replace her, all students requiring primary care (annual exams, sick visits, sports physicals, vaccinations, etc.) will need to seek care at another location. Behavioral health care will still be available to current and new patients at the YES Prep White Oak campus.

In order to provide you with the same level of care your child is used to, we recommend seeking care at another Legacy School-Based Health Care clinic on a YES Prep campus, or at one of Legacy's standalone clinics. Please see below for a list of locations nearest to YES Prep White Oak:
