

A year of wonderful memories, great experiences and friendships old and new.

Please enjoy this memory of it all....

Hey Kids, we have hidden 20 of the following Cicaks for you to find in the pages of this yearbook.

Are you up to the challenge?????

Dear Students and Parents,

What a terrific school year 2007-2008 has been! With approximately 530 students from 40 different countries, we enjoy a great deal of cultural diversity at PIE. This provides us with many unique opportunities to learn from each other and celebrate our rich backgrounds and heritages. This is truly the meaning of an international school community!

Each grade level is a unique experience in a child's life, inspiring cherished memories of friends, teachers, activities and events. During this school year, there have been many special opportunities for learning, growing, and celebrating. From UN Day to Indonesia Week, from student assemblies to a visiting author, from class performances to an art exhibition – all have provided our students with terrific experiences this year at PIE. I truly hope that each child will carry those memories in his or her heart for a very long time.

Putting together a memory book of this magnitude takes a tremendous amount of leadership and teamwork. We have indeed been fortunate to have Mrs. Brenda Vosper and her team of dedicated parents working to bring this yearbook to our school community. These parents have taken photos, created beautiful page layouts, and become experts of photoshop! Our sincere appreciation goes to the following parents for all of the time and creativity they have put into the yearbook this year: Cecilia Thornberg, Mona Stuart, Melissa Langley, Linda Clark, Orla Govaerts, Yanti Prasetio, Linda McElligott, Martin Broomfield, Dianne Winton, Paula Kay, Janti Brasali, Amber Fernandes, Anjum Khan, Birgit Zinzius, Brenda Vosper, Lisa Naadland and Sherman Wong.

With fond memories,

Mrs. Diann Osterlund Pondok Indah Elementary School Principal

Dear Parents,

I would like to write to thank and congratulate all our parent supporters this year who have worked tirelessly for the students and community of Pondok Indah Elementary. The school's success is built upon the support and enthusiasm that is generated from the parent community. This year by that measure, we have had a stellar year.

The PTA is the peak parent body and this year, it has been fantastic supporting the school. It assisted with all school functions and also created and ran many functions for the enjoyment of the PIE community. These have included amongst others, kite day, talent show, bingo night, family fun fair and the end of year barbecue. The PTA this year has also been extremely generous. They have donated money for new books in the library and renovations of reading areas in each classroom. The children of PIE will enjoy this gift for years to come.

The Cicak Corner has also provided essential support for the PIE community and educational program. This service is ever popular with the students. This year they used the money raised to cover the cost of the field trips for all grades. They have committed to this goal going forward. This will mean that parents will no longer have to pay for extra curricular field trips in the future. The parents will certainly be thankful.

We must also mention the room parents. These parents directly support the everyday activities in the classroom. They are on hand to help on special activity days and excursions. They assist in reading, cooking and other games that are part of the day to day makeup of individual classes.

I would also like to thank the parents who were involved with the U.N. and Indonesia weeks. They were largely responsible for the success of these two events. It is amazing to see so many parents so keen to display and teach PIE students about their own cultural heritage, and that of our amazing host country.

Finally, the yearbook ladies deserve huge thanks for the tireless work they have put in to produce this marvelous memento of the year that was at Pondok Indah Elementary. Each year, the yearbook surpasses expectations, and once again this year it is an amazing creation.

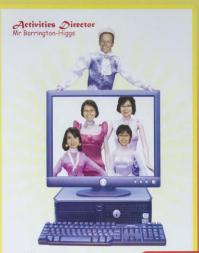

As the year comes to a close, we take time to reflect and we are truly grateful to all you parent volunteers who have worked so hard this year. Congratulations for what you have achieved and we look forward to building the same success with you again next year.

Thanks,

Benjamin Barrington-Higgs

JIS PARENTS' BOOSTER CLUB

Over twenty years ago, in 1986, the idea of the Booster Qub was born. With its foundation, JIS parents came together to help support student activities and promote school spirit. From humble beginnings - selling brownies and donuts on card tables - JIS PARENTS' BOOSTER CLUB has evolved into what you see now at the BOOSTER HUT and at various cultural and athletic events.

The BOOSTER CLUB is currently made up of over 70 active parent volunteers who generously donate time averaging over 1000 hours per month in various capacities - working shifts at the BOOSTER HUT, providing food for IASAS events, manning hospitality rooms, setting up for banquets, working special occasions, as well as many other activities.

Selling sandwiches, snacks, baked goods, drinks and JIS memorabilia, BOOSTER CLUB supports students on all three JIS campuses through contributions of time, food,

merchandise and money. Every year, BOOSTER CLUB averages over 100 million rupiah in donations, contributing support to High School leaders, artists and athletes, as well as various classes and student organizations throughout the Elementary and Middle Schools.
