

SOUTHRIDGE HIGH SCHOOL: SCHOOL TO CAREER PROGRAMS

The academic program and co-curricular offerings at Southridge High School are designed to support students as they transition into post-high school opportunities. A student's first steps out of high school can be directly into the work force, entering a university or community college, or into the military. No matter the path a student takes after graduation, Southridge High School strives to ensure that all students have the skills to be career and college ready.
