

2020

SAY
Hello
TO **SUMMER**
AT ST. JOHN'S

ST. JOHN'S
EPISCOPAL SCHOOL

Welcome to Summer at St. John's

Join us for a fun-filled summer with nine weeks of camps for every age and interest. Experience camp favorites like Summer Musical, Dodgeball, Serve your City (replaces Commune with your Community), and Book Cooks. Try great new camps like Amazing Race, Leadership 2020, Let's Build a House, Solar Robotics Moon Base and many more!

We look forward to seeing you this summer!

Lynn Granello

*Director
Summer at St. John's*

Laurie Bret

*Assistant Director
Summer at St. John's*

GENERAL INFORMATION

Enrollment is open to all children four years old by September 1, 2020. Please register for camps according to the grade your child will enter in the fall of 2020.

Children who are enrolled for full-day camps or for both morning and afternoon camps should bring a sack lunch (unless on a camp field trip). Campers will have a supervised lunch and recess period from 12:00 pm to 1:00 pm.

Summer at St. John's is a nut-sensitive camp program, therefore, campers may not bring products containing peanuts or tree nuts. Snacks that are served will not contain peanuts or tree nuts.

Before and After Care is available for an additional fee. Full week before/after care is available as part of the online registration process. Drop-in before and after care is available for a fee of \$15 per care session. Drop-in before and after care may be arranged by emailing summer@stjohnsschool.org or calling the summer office at 214.328.9131 x116.

Summer at St. John's reserves the right to limit camp enrollment size and/or cancel camps if minimum enrollment is not met. Reimbursement for cancelled camps will be paid in full.

If you find it necessary to cancel your child's camp registration, refunds will be provided according to the following procedure:

- A full refund, less administrative processing fee of \$50, will be provided if cancellation occurs prior to two weeks in advance of the commencement of the camp session.
- Fifty percent of the camp fee will be refunded if requested in writing prior to one week before the commencement of the camp session.
- No refund will be made within one week of the commencement of the camp session.

For Questions: Contact Lynn at summer@stjohnsschool.org or call 214.328.9131 x132

SESSION 1

ABC'S OF CHESS

Eric Telzrow
Mornings

1st-6th
\$225

Master the game of kings! Learn about chess notation, openings and great tactics like skewers, pins, x-ray attacks and more. You will also learn the rules of tournament chess, including various timed chess games. It's your move!

A WEEK OF HOLIDAYS

Katie Fuqua and Laura May
Full Days

3rd-5th
\$400

Join Ms. May and Mrs. Fuqua for a fabulous week celebrating all the best holidays of the year. Do you love Christmas, Valentine's Day, Easter, Halloween and your birthday? Then you are going to LOVE this camp! Crafts, snacks, parties, books and more all celebrating the best the year has to offer. The week culminates with a birthday party for you...and ALL your camp friends at a special surprise location. You do NOT want to miss this one!

ART OF SCIENCE - CHEMISTRY OF COLOR

Tania Kader and Lessett Lopez
Mornings

1st-3rd
\$225

Ever wonder about the chemistry of color and paint? Do you know how and why beautiful crystals are formed? Learn to make your own paint and create a work of art. Travel into a microscopic world revealing unbelievable color and design. Create beautiful and delicious science experiments – and then eat them! Come join the fun and be dazzled by the surprising relationship between art and science.

ARTIFICIAL INTELLIGENCE FOR THE YOUNGEST AND BRIGHTEST

Rex Programming
Afternoons

3rd-6th
\$225

Learn how AI (Artificial Intelligence) is changing the way people interact with technology. You will gain hands-on experience with Artificial Intelligence as you program your own AI and machine learning projects using age-appropriate programming languages and tools.

BUILD YOUR OWN STRINGED INSTRUMENT

Martin Delabano
Mornings

5th-8th
\$400

Experience the joy of working with your hands as you build a soprano or tenor ukulele, dulcimer, violin or campfire mandolin with Mr. Delabano. Take home a beautifully crafted stringed instrument, as well as an instrument songbook at the end of camp. You'll also gain a basic understanding of how to play your handmade instrument. First-time campers should start with the ukulele; those who have already taken the camp may make a dulcimer, violin or mandolin.

FASHION RUNWAY

Young Rembrandts
Afternoons

1st-5th
\$225

Are you an aspiring fashionista? Join us for five days of runway chic. You will illustrate the various aspects of fashion design. Step into the shoes of a fashion magazine editor as you design and draw an eye-catching fashion magazine cover. You'll draw, design clothing and put on a fashion show. If you love art, clothing design, and you are hip to the latest fashions, this drawing workshop is a perfect fit.

FUN AND GAMES

Max Patterson
Mornings

Pre-k-1st
\$225

Come join us for the most fun indoor and outdoor games that you will love to learn and play. You will play with balls, balloons, scooters, parachutes and more! Try our climbing wall and then relax with some fun mind games. If you like active games and fun with friends, this is the camp for you!

FUN WITH EVERYDAY MATH

Polly Lisle
Mornings

1st-3rd
\$225

Do you want to feel more comfortable and confident with the Everyday Math curriculum? Join us to accomplish math goals by playing fun math games, engaging in math centers, and even using math to find your way out of tricky escape rooms. This is a great opportunity for you to feel secure about math concepts and confident in your understanding of the vocabulary that will be used in Everyday Math classes during the school year.

GARDENING AND OUTDOOR CAMP

Jessa Adler and Tony Adler 3rd-8th
Full Days \$400

Calling all aspiring naturalists! Come spend quality time in the great outdoors. You will spend part of the morning tending to our community garden and preparing fresh produce for donation. You will then hop in the van to travel to nearby hiking trails. Join Mr. and Mrs. Adler and enjoy the great outdoors!

GIRLS ROBOTICS CLUB

Championship Robotics 1st-6th
Mornings \$225

Learn and use robotics with your friends! You will gain confidence as you learn basic engineering principles while building remotely controlled LEGO robots and vehicles. After building and decorating your robots, you'll enjoy robot dance-offs to your favorite music and disco lights. All engineers take home LEGO mini-figurines and personalized backpack tags. Every day is a STEM party!

HARRY POTTER CAMP

Rebecca Crouse and Kellie Day 3rd-6th
Full Days \$400

Calling all Harry Potter fans! From the moment you arrive, until you must leave, you will cease to be a Muggle and enter the Hogwarts School of Witchcraft & Wizardry. Do you have what it takes to learn potions? Are you ready for daily Quidditch practice? Do you know your spell book front to back? Lots of activity, imagination and fun will fill our week. Come prepared to be immersed in the world of Harry Potter!

LEADERSHIP 2020

Thor Herrin and Eric Telzrow 5th-8th
Afternoons \$225

As Vince Lombardi once said, "Leaders are not born, they are made." Are you interested in boosting your LQ: leadership quotient? In this camp, you will explore a variety of leadership styles, identify your innate strengths and challenges, collaborate on challenging tasks, and develop plans to improve the world around you. Leadership is a craft, and as you participate in this camp, you will develop the skills to become a successful leader.

LEARN LACROSSE

Sportkinetics K-5th
Mornings \$225

Lacrosse is the nation's fastest growing sport. Soft stick lacrosse will introduce this great sport to boys and girls and will help you develop the tactical, technical and cooperative skills needed to enjoy success on the lacrosse field. If you are developing an interest, this camp is a great opportunity to explore lacrosse. If you are a more experienced player, this camp will provide you with the skills and knowledge necessary to enjoy a great lacrosse season.

LET'S BUILD A HOUSE

Monica Breeding and Debbie Carona K-2nd
Full Days \$400

Come build your own child-sized custom house. Design blueprints, and solve plumbing, structural and electrical dilemmas. Use critical thinking skills to build your home using golf tee nails, foam insulation panels, hinged doors and windows. Grab your tools and let's build a house together!

LET'S GO HAVE SOME FUN

Cindy Isbell and John Walker 3rd-8th
Full Days \$495

Get ready for a week of sports, culture and history! Hop on the bus to head for the greatest places in the Metroplex - for fishing, jumping, exploring, painting and a very special mystery adventure! Lunch and snacks will be provided. Wear comfortable clothes and your walking shoes.

NERF GUNS VS. BLITZ BOTS

Championship Robotics 1st-6th
Afternoons \$225

Your Mission: Design, build and control your LEGO Blitz Bots to withstand the forces of daily NERF gun assaults in this fun, new spin on Battle Bots. Teams take turns getting past obstacles without getting hit and shooting at the advancing forces. Every warrior leaves with a LEGO mini-figurine and personalized backpack tag. Will you advance or take out the enemy?

NET GENERATION INDOOR TENNIS

Sportkinetics K-4th
Afternoons \$225

Would you love to play tennis, but get too hot in the summer sun? Come join us inside for Net Generation Indoor Tennis! Here you will be introduced to the game of tennis using specialized equipment, smaller court dimensions and modified scoring. All equipment is specially designed to suit the needs of beginning players. Racquets are made with super light carbon fiber, shorter grips and an oversized face to make great shots happen all the time.

Session 1

June 1 - 5

NINJA KARATE

Chamberlain Studios of Self Defense
Mornings

K-6th
\$225

Enjoy a fun-filled week of karate, martial arts and self-defense. Learn the basics or improve your martial arts skills. You will experience and use the acclaimed 3-Steps to a Great Kid™ martial arts character development program. Learn kicking, blocking and striking skills, self-defense techniques, Brazilian jiu-jitsu, martial arts history, appropriate times for martial arts use and much more.

OUTDOOR ADVENTURE CAMP

Chris Gresbeck and Suzanne Barthelemy
Full Days

Pre-k-K
\$400

Outdoor Adventure Camp brings inquisitive minds, active bodies and nature together for a week of creative fun. Each day will include a nature walk, creation of crafts from items found on the walk, and science experiments using local natural treasures. You will make walking sticks, dream catchers, beautiful painted rocks, fairy gardens and more. A peaceful rest time is included between our adventures.

ROBLOX 3D GAME DESIGN

8Bit Education
Afternoons

4th-8th
\$225

Love Roblox? Come create your own world for exploration and play. Learn script to code your game and use Roblox's vast resource library to create a world unlike any other. You will learn level design to create new areas in your Roblox world. You will also explore your campmates' online worlds. Share ideas and collaborate to build an amazing Roblox universe.

ROCKET SCIENCE

Didi Coker
Mornings

4th-8th
\$225

Have a blast designing, building, and launching paper rockets with a compressed air rocket launcher! Learn basic rocketry principles to optimize your rocket's vertical trajectory. Use an altimeter to measure how high your rocket soars. There will be a rocket launch each day of the camp and a friendly competition on the last day.

SOLAR ROBOTICS MOON BASE

Rex Programming
Mornings

1st-4th
\$225

What vehicles and robots do we need for a solar-powered moon base? You will learn about solar technology and space exploration as you and your team of campmates work together to design and build a moon base powered by the sun!

STORYBOOK COOKING

Bethany Staub and Kiera Wallace
Full Days

K-2nd
\$415

Cooking, crafting, characters, oh my! Let's spend the week diving into new and classic storybooks while exploring fun recipes in the kitchen! From tacos to cupcakes, apple pies to pasta, we will mix things up by using ingredients straight from the pages of our storybooks! Our mornings will be spent learning to follow a recipe to whip up something delicious. In the afternoons, while our creations are baking, we will use different art forms and materials to create magnificent crafts!

TECH DETECTIVES

Micah Sudbury
Afternoons

Pre-k-1st
\$225

Get your magnifying glass ready and join us to solve important cases at places like Cyber Space, Network Neighborhood and Keyboard Castle! Computer detectives will unlock new ways to use technology to solve meaningful problems. Gain important STEAM skills as you learn keyboarding, technology, Internet safety, reading and writing. We will integrate critical thinking and creative components throughout the week, giving you many opportunities to express yourself as you do your work as a Tech Detective!

VINTAGE DISNEY

Holly Maxwell and Julie Neubach
Full Days

Pre-k-K
\$400

Singing, cooking and crafts – all from the golden age of Disney! Let's make a kite with Mary Poppins and a beautiful marionette for Pinocchio. Then, we will eat spaghetti with Lady and the Tramp and explore the Bare Necessities of The Jungle Book. The 101 puppies from the 101 Dalmatians movie will love the dog treats that we will make. Come join us for a fun week of Disney-based adventures!

SESSION 2

Session 2
June 8 - 12

A VERY "PINTERESTING" CAMP

Laura May and Polly Lisle
Full Days 3rd-5th \$400

Join Ms. May and Mrs. Lisle as we make the best of all Pinterest has to offer. Enjoy and explore crafts, artwork, cooking, fashion and more during this weeklong adventure tackling the most fun "pins" on Pinterest.

ACRYLIC PAINTING

Amy Johns
Afternoons 3rd-8th \$240

Use your creativity to make beautiful art while exploring the medium of acrylic. Each day we will try out a new technique and complete a new piece of art. We will use several application techniques for acrylics, including impasto, reverse glass, pouring, water splatter and mixed media.

BACK TO NATURE

Susan Benton and Morgan Martinez
Mornings or Full Days Pre-k-1st \$225/\$400

Trek through the beautiful St. John's campus (hiking boots not required) as you explore your surroundings and get back to nature. Field discoveries are transformed into lasting treasures to commemorate your week's adventures. Stories, games and crafts round out the experience. A peaceful rest period after lunch is included for those enjoying the full-day camp.

BEST EVER PLAYGROUNDS AND SPRAYGROUNDS

Jennifer Powers
Mornings 1st-3rd \$225

Play, laugh and splash! Let's hop on the bus and hit the area's most popular playgrounds. After that, let's visit one of the local splash parks to cool off. Wear a bathing suit under your clothes and bring a towel, sunscreen and water bottle.

BOARD GAME MANIA

Eric Telzrow
Mornings 3rd-8th \$225

Calling all board game and collectible card game fanatics! Whether you enjoy standard board games like Monopoly and The Game of Life, complex strategy games like Settlers of Catan or Puerto Rico, group games like Mafia or Apples to Apples, or even collectible card games like Magic the Gathering or Pokémon, this camp is for you! Explore new games, and master old and new favorites.

CARDBOARD ARCADE

Sarah Minton and Eric Telzrow
Afternoons 2nd-6th \$225

Do you love cardboard creations, but your parents insist on the recycling bin before you have a chance to take it to your room? Have you ever dreamed of recreating Caine's Arcade? Stay as cool as a cucumber while we cut, tape, and imagine our way into our very own Cardboard Arcade creation!

DISCOVER MAGIC: PURPLE WAND

Dallas Magic Academy
Mornings 2nd-8th \$250

The Dallas Magic Academy offers four different magic camps at Summer at St. John's for 2020 – purple wand, green wand, blue wand, and orange wand.

Each camp features new and different magic tricks and may be taken in any sequence.

You will receive amazing custom tricks and props with full-color instructions, top-secret file folders with bonus extras, and a cool messenger bag to carry your magic supplies. You will also learn the eight traits of a true magician and receive secret code key cards to unlock bonus magic effects and secrets online. Discover Magic builds self-confidence, teaches respect, inspires creativity and improves social skills in a safe and friendly environment.

FUN IN THE METROPLEX

Cindy Isbell and John Walker
Full Days 3rd-8th \$495

There is so much to see and do in the Dallas-Ft. Worth Metroplex! Hop on the bus for a week of fun activities. There's bowling, laser tag, Top Golf, Six Flags, movies, and much more. Lunch and snacks will be provided. Wear comfortable clothes and your walking shoes.

FUN WITH FRENCH COOKING

Mary Odom
Mornings 4th-8th
\$250

Aspiring French chefs will enjoy preparing French cuisine to eat and share. You will learn the basics of classic French dishes and sauces and will sample foods the French are famous for. At the end of the week, you will be ready to prepare a complete French meal, using recipes and cooking techniques gathered throughout the week.

JUNIOR STEM KIDS CAMP

Championship Robotics
Afternoons 1st-6th
\$225

STEAM skills can make a huge impact on your ability to solve difficult problems by using outside-the-box thinking skills. Our youngest future engineers gain foundational skills in this holistic STEAM camp by learning basic electronics, engineering, construction, computer programming (coding) and robotics all in one action-packed, hands-on week.

LEGO BUILDERS

Max Patterson
Afternoons Pre-K-1st
\$225

Do you love to build with LEGOS? We will plan, design, collaborate and build fantastic LEGO people, structures and vehicles. Let's work together to build a LEGO tower that touches the ceiling! How about the world's largest LEGO dinosaur? Don't miss this chance to join us to for a week of amazing LEGO fun!

LOWER SCHOOL BASKETBALL

Devin Darnell
Mornings 1st-4th
\$225

Practice shooting, passing, dribbling and rebounding in a fun, positive environment. Improve your game as you learn proper offensive and defensive techniques. Build team chemistry, and use personal skills to be a more effective team member. All camp sessions will include team competitions to familiarize players with real game situations.

MATH GAME MADNESS

Sarah Minton
Mornings 3rd-4th
\$225

Come and unlock the magic of number sense through high interest math games. Use hands-on manipulatives including dominoes, dice, craft sticks and more. Some games will be iPad based. This is a great camp for kids who aren't quite sure if math is for them. You have never known math to be so fun! iPads will be provided for all campers.

MUSIC AROUND THE WORLD

Logan Herod
Mornings Pre-k-1st
\$225

Have fun exploring music and singing along to music from all around the globe! You will "travel" to a new country or region every day to explore music, culture, and art. You will learn musical games, play instruments, and create crafts from your travels each day.

NINJA KARATE

Chamberlain Studios of Self Defense
Mornings K-6th
\$225

Enjoy a fun-filled week of karate, martial arts and self-defense. Learn the basics or improve your martial arts skills. You will experience and use the acclaimed 3-Steps to a Great Kid™ martial arts character development program. Learn kicking, blocking and striking skills, self-defense techniques, Brazilian jiu-jitsu, martial arts history, appropriate times for martial arts use and much more.

ROLLER COASTER RACES

NuMinds Enrichment
Afternoons 2nd-6th
\$225

Study roller coasters and take virtual reality rides. Design the experience and understand the physics--how fast can your riders corkscrew before the g-force causes blackout? Calculate the centrifugal force necessary to keep your passengers in, but their stomachs lurching in squeamish, thrill-seeking delight. Build CAD or cardboard models, maximizing magnets, steel, wood, and the right materials to build the greatest ride the world has yet to see.

SERVE OUR CITY

Tracey Gonzales and Thor Herrin 5th-8th
Full Days \$395

Make a difference in your community and discover the joy of giving. We'll volunteer with a variety of organizations including White Rock Center of Hope, The Stewpot, C.C.

Young Retirement Community, Dallas Animal Services and more. Campers will receive credit for 35 volunteer hours, which may be used to meet school, Scouting, confirmation class and other requirements. Serve our city and help make a difference!

STORYBOOK STEAM

Monica Breeding and Debbie Carona Pre-k-1st
Full Days \$400

There is nothing quite like kicking off a building or engineering challenge with a captivating story to encourage children to make meaningful connections with text and inspire them to play, explore, invent, and create. Each day, we will explore a different story and then imagine, plan and create to problem solve, just like our storybook heroes.

SUMMER SLUMBER PARTY

Katie Burkhead and Rebecca Crouse K-3rd
Full Days \$400

Do you love slumber parties? Join us for a summer slumber party that lasts all day long! We will paint nails, enjoy facials, play games, cook treats and so much more! Bring your friends, wear your jammies, and get ready for a weeklong party!

SUMMER MUSICAL - TWO-WEEK CAMP!

Jake Minton 3rd-8th
Full Days \$700

Join us for this fun-filled two-week musical theater camp as we rehearse and perform "A Year with Frog and Toad!" This whimsical show follows two great friends – the cheerful, popular Frog, and the rather grumpy Toad – through four fun-filled seasons. Throughout the year, two best friends celebrate and rejoice in the differences that make them unique and special. We'll celebrate what's unique and special about each other as we rehearse, perform and play our way through this modern classic with fun feature roles for everyone! We will have a performance for parents and friends during our last afternoon of camp.

TAKE YOUR PLACE AMONG THE MARVEL LEGENDS

Championship Robotics 1st-6th
Mornings \$225

Do you want to battle like Marvel superheroes Black Panther, Spider-Man, Nick Fury, Captain America or Brunhilda the Asgardian Valkyrie? Now you can, using LEGO Technics! These exclusive robotic builds allow you to defend the Marvel Universe against the forces of evil. You build them all and battle them every day. Every Superhero earns a LEGO mini-figurine and a personalized backpack tag. With LEGO Marvel Bots, great power comes great responsibility!

USA ARCHERY

Sportkinetics K-5th
Afternoons \$225

Did you know the ancient sport of archery became an Olympic sport in 1900 and was one of the first sports to include all genders in competition? Archery is still popular today because it promotes focus, concentration, coordination, balance, clarity of mind, strength, and patience. More important, archery is fun! We will use safe equipment approved by the USA Archery Association.

WOOD SCULPTURES with MR. D

Martin Delabano 5th-8th
Mornings \$225

Come have fun and create two sculptures with art teacher and sculptor, Mr. Delabano. You will learn about tool safety and use power tools to create wood sculptures using two methods of sculpture creation. Create one additive sculpture using found wooden pieces for your sculpture. Then create a subtractive sculpture by carving your sculpture from one piece of wood.

SESSION 3

ADVENTURES IN THE METROPLEX

Cindy Isbell and John Walker **3rd-8th**
Full Days **\$495**

There is so much to see and do in the Dallas-Ft. Worth Metroplex! Hop on the bus for a week of great adventures such as fishing, skating, going to Six Flags, obstacle courses, the movies and a lot more. Lunch and snacks will be provided. Wear comfortable clothes and your walking shoes.

AMERICAN GIRL SUMMER FUN!

Monica Breeding and Debbie Carona **1st-3rd**
Full Days **\$415**

Bring your favorite American Girl doll to camp and enjoy a fun-filled week together. Our adventures will include crafts, cooking, advice and activities as we learn how to celebrate us! We'll also have lunch at the American Girl Bistro at Galleria Dallas and enjoy a visit to the American Girl Boutique.

BATTLE BOTS CAGE MATCH

Championship Robotics **1st-6th**
Afternoons **\$225**

Enjoy fierce Battle Bot matches in a steel and clear polycarbonate arena with lots of destructive surprises. Flashing disco and laser lights flood the field while music pulses. You build them. You control them. You destroy them. Many bots enter, but only one comes out! Every warrior leaves with a LEGO mini-figurine and personalized backpack tag.

COLOR THE WORLD WITH PASTELS

Young Rembrandts **1st-5th**
Afternoons **\$225**

Explore multicultural art as we learn about the beauty of our world through the medium of pastels. We begin our world tour in Mexico as we draw several welcoming, colorful doorways. Next, we journey to Africa and explore the design intricacies of African crafts. Our artistic enlightenment doesn't stop there; we'll move on to design paisley patterns, an ancient design embraced by many cultures. Then, Asian paper lanterns will shed light on far eastern design styles. Our travels end in Russia as we illustrate a mainstay of Russian architecture – the "Onion Dome."

CONSTRUCTION ZONE DIY EDITION: AM SESSION

Danielle Dupuis **K-3rd**
Mornings **\$250**

Are you interested in working with wood, hammers, nails, textiles and paint to create and build hands-on projects? This fun camp is ideal for girls and boys who like to tinker and be creative. Make your own geoboard game, yarn art and useful wooden cases. You will also work collaboratively on inventive building projects. A wide variety of construction options is sure to spark your building genius!

CONSTRUCTION ZONE DIY EDITION: PM SESSION

Danielle Dupuis **K-3rd**
Afternoons **\$250**

Are you interested in working with wood, hammers, nails, textiles and paint to create and build hands-on projects? This fun camp is ideal for girls and boys who like to tinker and be creative. Make your own geoboard game, yarn art and useful wooden cases. You will also work collaboratively on inventive building projects. A wide variety of construction options is sure to spark your building genius!

DISCOVER MAGIC: GREEN WAND

Dallas Magic Academy **2nd-8th**
Mornings **\$250**

The Dallas Magic Academy offers four different magic camps at Summer at St. John's for 2020 – purple wand, green wand, blue wand and orange wand. Each camp features new and different magic tricks and may be taken in any sequence. You will receive amazing custom tricks and props with full-color instructions, top-secret file folders with bonus extras, and a cool messenger bag to carry your magic supplies. Learn the eight traits of a true magician and receive secret code key cards to unlock bonus magic effects and secrets online. Discover Magic builds self-confidence, teaches respect, inspires creativity and improves social skills in a safe and friendly environment.

DRAGONS LOVE TACOS

Studio Bella **Pre-k-K**
Mornings **\$225**

Did you know dragons love tacos? And taco parties? But not spicy salsa? Join us as we learn about our dragon and dinosaur friends all week long and prepare for the ultimate dragon "taco" party! We will create flying dragons and roar like dinosaurs! Build a volcano that explodes and design the most beautiful dinosaur and dragon eggs. Create your own dinosaur or dragon and tell its story. On Friday, we will feed our beasts buckets of our "tacos" and "spicy salsa" and watch them blow a smoke storm. It will be a great event!

EXPEDITION THROUGH EUROPE

Rebecca Crouse and Katy Samford 1st-4th
Full Days \$400

Bienvenue! Välkommen! Willkommen! Welcome! Get ready to fill up your passport! You will spend a week-long trip travelling through countries of Europe. Explore landmarks, cook yummy European foods, and make your own passports to document your adventures!

FIRST TEE GOLF

Sportkinetics K-5th
Mornings \$225

First Tee Golf makes learning basic golf skills fun and easy through an innovative curriculum created in association with the PGA, LPGA, Champions Tour and Masters Golf Association. Learn the four basic shots of golf: putting, chipping, pitching and the full swing. Equipment is specifically designed for young children with oversized club faces, color-coded grips, and target-oriented training tools and alignment markings. Come learn to golf!

GET READY FOR THIRD GRADE

Sarah Minton 3rd
Mornings \$225

Join Mrs. Minton for a fun-filled week of language arts, math and organizational activities that will get you ready for the first day of school! You will walk into 3rd grade feeling confident and prepared for anything that comes your way!

GLOW IN THE SNOW

Connie Cook and Belinda Hernandez Pre-k-K
Full Days \$400

Do you want to build a snowman? It may be hot outside, but we will stay cool exploring a frozen world while under the Arctic stars using blacklights. We will investigate snow, ice, crystals and arctic creatures through experiences in art, science, games and building materials...in the dark! We will also read books and discuss the wonders of nature at night.

IN THE KNOW WITH H2O

Studio Bella Pre-k-K
Afternoons \$225

Splash the week away with water, water everywhere! Make clouds and watch it rain, paint with colored bubbles and do experiments to see what sinks and floats. Play water bottle shuffleboard and build your own sailboat. Watch in amazement as we make water walk and flowers bloom instantly. Learn about our most valuable resource while having the time of your life!

JUST DESSERTS DECORATING CAMP

Amy Johns 3rd-8th
Afternoons \$250

Design and create desserts that are beautiful AND delicious! Get creative as we use bakers' decorating techniques to adorn a different dessert every day. We will decorate a pie, ice sugar cookies, a gingerbread house, and cakes with both traditional icing and fondant icing methods. You will bring home a work of art for your family's dessert every day!

KEYBOARD OLYMPICS

Dr. Jayme Johnson 3rd-6th
Afternoons \$225

Learn and improve the important life skill of keyboarding. Keyboarding skills will help you to succeed in middle school, high school and life. Practice your keyboarding skills and train hard to succeed! Learn proper keyboarding posture and hand position, participate in speed drills, play games, set goals, improve your typing skills, and aim for the top of our Olympic podium.

KINDERGARTEN KICK OFF

Katie Burkhead K
Mornings \$225

Let's get ready for kindergarten! St. John's kindergarten teacher Katie Burkhead will help soon-to-be kindergarteners get ready for an exciting year of learning and fun. We will build on the experiences of Pre-k to get a jump-start on reading, writing, math and science. Experience these valuable lessons in a fun, relaxed and nurturing camp. Campers will walk into kindergarten feeling comfortable and confident!

LEGO BOTS, SHIPS, & VEHICLES OF THE STAR WARS® GALAXY!

Championship Robotics 1st-6th
Mornings \$225

Build the best remote-controlled bots, ships and vehicles in the Star Wars® galaxy and then race and battle. You can build R2-D2, the Millennium Falcon, Rey's Speeder, Luke's X-Wing and a surprise from "The Rise of Skywalker." All Jedi are awarded a LEGO mini-figurine and a personalized backpack tag. May the Force Be with You!

LET'S CREATE ITALIAN FOOD

Mary Odom 4th-8th
Mornings \$250

Pizza and pasta lovers are in for a treat with this cooking camp. Take a virtual tour to learn about the culture and the cuisine of the regions of Italy, trying new foods and enjoying tried and true favorites. At the end of the week, you'll be ready to put on your apron and prepare an Italian feast for your family using the recipes and cooking tips you've collected on your journey.

LOWER SCHOOL FLAG FOOTBALL

Devin Darnell K-4th
Mornings \$225

Join your friends and learn about the great game of flag football. Learn about the skills and techniques for your favorite football positions. Practice drills and play in scrimmages and games to highlight your new skills. Speed and agility drills will help you develop skills that will benefit you in other sports. Come join the fun!

MIDDLE SCHOOL BASKETBALL

Devin Darnell 5th-8th
Afternoons \$225

Develop the skills and techniques necessary to take your team to victory! Improve ball handling and shooting skills, refine defensive techniques, and work on speed and agility through individual and team drills, practice and games. This camp is ideal for middle school students planning to participate in school and club basketball teams.

PICKLEBALL PANDEMONIUM

Sportkinetics K-6th
Afternoons \$225

Join the fun of the new sports craze for boys and girls. Combine the skills of tennis, badminton and table tennis for a fast-moving game of teamwork and fun that builds on the key skills of agility, speed, accuracy, precision, reaction, coordination and flexibility. Pickleball has grown from a racket sport game for mature adults into a fun, fast-paced and lively game for young boys and girls. This game utilizes solid wooden paddles and a perforated polymer ball (whiffle type). You'll learn and practice basic skills, and enjoy tournament play in a friendly, collaborative environment.

POKEMON – GOTTA CATCH THEM ALL!

Tania Kader and Lessett Lopez 1st-3rd
Mornings \$225

Are you ready to become a Pokémon trainer? Come and pick your starter Pokémon so our adventure can begin! Throughout the week you will be put to the test, going on quests and battles to prove you have what it takes to be a Pokémon Master. You will make your own Pokémon characters, balls, and tools to help bring the world of Pokémon to life!

ROCK AND ROLL CAMP

Sarah Minton Pre-k-K
Afternoons \$225

Join us for an afternoon of Rock and Roll – in all forms! We will sing and dance to rock music, design and paint rocks, bake rolls, create videos and perhaps even use bed rolls for a special "camp out." Rock and Roll will never be the same!

SERVE OUR CITY

Tracey Gonzales and Thor Herrin 5th-8th
Full Days \$395

Make a difference in your community discover the joy of giving. We'll volunteer with a variety of organizations including White Rock Center of Hope, The Stewpot, C.C. Young Retirement Community, Dallas Animal Services and more. Campers will receive credit for 35 volunteer hours, which may be used to meet school, Scouting, confirmation class and other requirements. Serve our City and help make a difference!

SUPER SPORTS SAMPLER

Sportkinetics Pre-k-K
Mornings \$225

Do you like to learn new games and sports? This is the camp for you! Super Sports Sampler is a fun week of active games and sports with a healthy mix of sportsmanship, nutrition and creative arts. Activities will include age-appropriate versions of golf, tennis, basketball, baseball, soccer, badminton, hockey, obstacle courses, hula hoops, noodlekinetics, jump rope, kickball, lacrosse, volleyball, Frisbees and parachute games.

SESSION 4

Session 4
June 22 - 26

ADVENTURES IN ARCHITECTURE

Studio Bella

1st-5th

Mornings

\$225

Attention architects! Build an innovative city from the ground up in five days, using supplies from nature gathered on harvesting trips around campus and construction gear from Studio Bella. Collaborate with fellow campers to build a city that includes commercial buildings, roads, housing and parkland. Makers' design thinking at its best!

BEST EVER PE CLASS

Max Patterson

2nd-6th

Afternoons

\$225

What is more fun than your best day in PE Class? Your best week of PE Camp! We will play all your favorite games. We will have tournaments, competitions and prizes. Next, we collaborate to solve challenges. Then, we will play more games. If you are a kid who loves PE and playing sports and games, you will love this camp!

DISC GOLF

Sportkinetics

1st-5th

Mornings

\$225

Take the fun of playing with a Frisbee and add in the challenge of the game of golf. The result is a great game of group and individual fun and challenge called disc golf! The St. John's campus will be transformed into a disc golf course, complete with sand traps, obstacles, and goals. You will develop large and small motor coordination, concentration and problem-solving skills, as you learn this fun game, navigating the course at your own pace or as a part of a team.

DJ ACADEMY

Oontz Kids

3rd-8th

Mornings

\$325

Whether you listen to Rock, Pop, Hip-Hop, EDM, movie soundtracks, or even country, almost all music today is produced using some sort of software. Welcome to the world of electronic music! If you've ever wanted to create your own songs and beats in your own style, this is the camp for you. Learn to program and play virtual instruments. Record, save, modify, loop, sample, and build a unique live performance of your own customized tracks. All equipment including computers, software, synth plugins, MIDI controllers, speakers, and headphones, will be provided. Don't miss this amazing opportunity to create music like you never have before!

EVERYTHING CAMP

Bethany Staub and Kiera Wallace

Pre-k-1st

Full Days

\$400

Let's do a little bit of EVERYTHING! We will spend time doing all your favorite things. We'll make some yummy treats and create some amazing pieces of art. We'll splash around on water day, have a scavenger hunt around the school for some mysteriously missing friends, and we'll even attempt to create the world's most perfect fort. We'll play lots of games, sing lots of songs, and have a blast together in this weeklong everything party!

EXPRESS YOURSELF

Monica Breeding and Debbie Carona

K-3rd

Full Days

\$400

Express yourself while learning from the masters. Paint like impressionists such as Monet and Van Gogh, work with sunflowers like O'Keeffe, and sculpt with wire and glass like Calder. Experience many types of art media while expressing your creativity. All works of art will be displayed in our camp gallery art show on the last day of camp.

FROZEN

Susan Benton and Morgan Hardison

Pre-k-1st

Mornings or Full Days

\$225/\$400

Bundle up as we create a winter wonderland with magical winter activities. Through whimsical centers, you'll discover the magic of frosty, frozen fun! Stories, games, and crafts will enhance the experience. A peaceful rest period after lunch is included for those staying for the full-day program.

GET ON THE BUS AND GO!

Cindy Isbell and John Walker

3rd-8th

Full Days

\$495

Are you ready for some fun? Then this camp is for you. We're taking the bus to join in activities involving sports, art, animals, history, a very special mystery event! Lunch and snacks are provided. Wear comfortable clothes and your walking shoes.

JUNIOR MEDIC

Amy Johns
Afternoons

K-2nd
\$225

Do you have an interest in medical fields? Did you ever wonder what your heart really sounds like or what "vital" signs are? If so, this is the camp for you! We will learn about vital signs, medications, first aid basics and explore the medical equipment used for patient assessments. We will also make a first aid kit that you will take home for your family's use.

LEGO CREATE-A-BOT AND MAZE CRAZE

Championship Robotics
Afternoons

1st-6th
\$225

Would you like a quieter and calmer option to our classic LEGO Battle Bots? Here is your chance. No battles, no excited screaming, no extreme competitions - just fun. Use all the robotics parts available to build creative, moving and remotely controlled robots and machines. Try out your

creation through our mazes - or not. It is up to you. Relax and let your imagination explore - along with your robots. All participants will get a LEGO mini-figurine and personalized backpack tag to take home. This is a great camp for kids with sensory sensitivities.

LIL' GAME PROGRAMMING

8Bit Education
Mornings

K-2nd
\$225

This coding camp allows young coders to begin experimenting with our custom game templates using Multimedia Fusion. Camp will start with semi-built games to help children understand level design. Once you redesign the game the way that you want it, your coding will bring the characters and level to life! Then play your own games with your friends and family!

MAKE YOUR OWN BEAT - INTRO TO MUSIC PRODUCTION

Oontz Kids
Afternoons

3rd-8th
\$325

Learn how to create your own beats, sounds and styles using software-based virtual instruments. You will learn how to program and play these instruments, as well as how to record, save, modify, loop, sample and build a unique live performance of customized tracks. Each camper will be outfitted with his or her own workstation that includes a computer, software, synth plugins, MIDI controllers, speakers and headphones. You will have the option to showcase your work for family and friends on the last day of camp. Get ready to rock!

MECHANIZED MINECRAFT LEGO EDITION

Championship Robotics
Mornings

1st-6th
\$225

New Minecraft builds! Go way beyond regular LEGO brick packages to design and construct your home with working piston-activated doors to keep out remotely controlled Creepers. Collect gold, lapis and emerald blocks and navigate your motorized minecart through the Netherworld. Every brave crafter leaves with a LEGO mini-figurine and personalized backpack tag.

MINECRAFT SOCIETIES

8Bit Education
Afternoons

Pre-k-3rd
\$225

Use teamwork, ingenuity and problem-solving skills to create a strong Minecraft society. You will start in a remote outpost in a harsh environment. Collaboration is a must to build a secure society that provides education, healthcare, public services and business. 8Bit Education will post student interviews and a video flyby of your city on a private, secure website.

NUTS, BOLTS, AND THINGAMAJIGS

Studio Bella 1st-5th
Afternoons \$225

Join old friends and new as we create and build projects in the woodshop all week long. With a swish of a paintbrush and a dab of wood glue, we will add the finishing touches to the projects we make each day. You will learn about tool safety while using simple tools that are age appropriate. Feel like a woodworking professional by the end of the week!

RAINBOWLICIOUS

Jessa Adler and Rebecca Crouse Pre-k-1st
Full Days \$400

Do you love the color pink? Perhaps purple, emerald, and aqua, too? Would you like to live in a world like Pinkalicious? Now you can! During this camp, we will love all things pink, purple, gold and silver, emerald, and aqua. Every day we will begin with a book from the Pinkalicious series, and then we will enjoy so much fun with our color of the day. We may even dress in that color, too! We will explore colors, crafts, and cooking! Just imagine...YOU-alicious!

SERVE OUR CITY

Tony Adler and Tracey Gonzales 5th-8th
Full Days \$395

Make a difference in your community and discover the joy of giving. We'll volunteer with a variety of organizations including White Rock Center of Hope, The Stewpot, C.C. Young Retirement Community, Dallas Animal Services and more. Campers will receive credit for 35 volunteer hours, which may be used to meet school, Scouting, confirmation class and other requirements. Serve your city and help make a difference!

SPORTS, GAMES AND MORE

Max Patterson Pre-k-1st
Mornings \$225

Play all your favorite games and learn fun new ones. We'll have a blast with scooters, parachutes, freeze tag, capture the flag, relay races of all types and much more. After the physical games, we'll wind down with some team-building games. Exercise body and mind, while having tons of fun playing games all morning!

STEP UP TO SECOND GRADE

Polly Lisle 2nd
Mornings \$225

Join Mrs. Lisle for a fun-filled week of language arts and math activities that will get you ready for the first day of school. You will walk into the first day of second grade feeling confident and prepared for anything that comes your way!

SWEETS AND TREATS

Mary Odom 4th-8th
Mornings \$250

Join us for a week of preparing sweet treats to enjoy and share with others. Learn the essentials of baking and candy making and create a wonderful treat to take home every day! Cookies, cupcakes, pies and candy will be on the menu this week. You will also create a personalized cookbook of wonderful sweet treats for future cooking fun!

WONKY DONKEY WINKY WONKY

Studio Bella Pre-k-K
Afternoons \$225

Hee Haw! Join in on the fun and giggles as we read about Wonky Donkey and learn about other farm friends. The silly antics of this hilarious donkey will lead the week as we "milk a cow," make a baby chick cup puppet, plant our "crops" and watch corn dance. Our camp barnyard will be filled with smiles every day.

SESSION 5

BOOST ENGINEERING

8Bit Education 2nd-4th
Mornings \$225

Learn the power of engineering by creating Rover and Auto Builders with the use of the BOOST LEGOS. With an iPad, you will use coding similar to MIT's Scratch to program and control the creations you make in class. iPads are provided for this camp.

CAMP I-CAN-COOK

Susan Benton and Stacy Herring 1st-3rd
Full Days \$415

Looking for a way to escape the heat? Hurry! Hurry! We have eggs to beat! The oven will be warm, and you'll be glad. A lip-smacking good time is sure to be had! Whip on into our kitchen for Camp I-Can-Cook! We will make a full meal each day and master chefs will work on many other creative projects as well. Each camper will leave with a cookbook full of recipes and an excitement for new culinary adventures!

CONSTRUCTION ZONE DIY EDITION

Danielle Dupuis K-3rd
Mornings \$250

Are you interested in working with wood, hammers, nails, textiles and paint to create and build hands-on projects? This fun camp is ideal for girls and boys who like to tinker and be creative. Make your own geoboard game, yarn art and useful wooden cases. You will also work collaboratively on inventive building projects. A wide variety of construction options is sure to spark your building genius!

DEEP WORLDS MARINE BIOLOGY

NuMinds Enrichment Pre-k-K
Mornings \$225

Did you know that the call of the largest animal on planet Earth bellows across five hundred miles? Learn about Earth's oceans and how aquatic animals adapt to different marine ecosystems. Use your imagination to think about the next new species still waiting to be discovered. What special adaptations will they have to help them survive? A new world awaits you, as you journey through the deep oceans to learn about great underwater sea life.

DISCOVER MAGIC: ORANGE WAND

Dallas Magic Academy 2nd-8th
Mornings \$250

The Dallas Magic Academy offers four different magic camps at Summer at St. John's for 2020 – purple wand,

green wand, blue wand and orange wand. Each camp features new and different magic tricks and may be taken in any sequence. You will receive amazing custom tricks and props with full-color instructions, top-secret file folders with bonus extras, and a cool messenger bag to carry your magic supplies. Learn the eight traits of a true magician and receive secret code key cards to unlock bonus magic effects and secrets online. Discover Magic builds self-confidence, teaches respect, inspires creativity and improves social skills in a safe and friendly environment.

ESCAPE THE ROOM

Bethany Staub and Kiera Wallace 3rd-6th
Full Days \$400

You have one hour to complete the tasks and ESCAPE the room! Upon entering the room, you will be faced with a series of challenges, puzzles, and surprises that you must figure out in order to escape. From secret agents to masked luchadores, you will encounter villains of all types, but problem solving will be your ultimate superpower! The afternoons will be filled with investigation challenges and using clues to figure out whodunnit. Are you up for the challenge?

FANTASTIC FUN

Jessa Adler and Rebecca Crouse Pre-k-1st
Full Days \$400

Get ready for a week of fantastic fun! We will build, create, and explore all around St. John's! In addition to our exploring, we will also cook up some yummy treats each day. Be prepared to get your hands messy and have a FAN-TASTIC week!

GAME ON!

Danna Callahan K-2nd
Mornings \$225

Ready, Set, Game on! Is Games Day your favorite day of the school year? Then join us for a full week of games and adventure! Challenge your friends to tests of speed, strength and creative problem-solving. Test your speed and coordination through obstacle courses and bring your cooperative and competitive spirit for a week of fun and games.

IMAGINEERS

Studio Bella 1st-5th
Afternoons \$225

Dive into the fun world of engineering! Build your very own mini spin art machine. Add a mandala and watch it spin! Jump at the chance to become a toy engineer by building a dancing nesting character. Finally, race into our slime challenge that is perfect for any aspiring chemical engineer

to learn how each ingredient effects the mixture through experimentation. Become an Imagineer for exhilarating excitement!

KINGS AND QUEENS CAMP

Tippi Toes Pre-k-1st
Afternoons \$225

Once upon a time in a not so far away land, Tippi Toes® planned a magical Kings and Queens camp. Boys and girls come from near and far to spend time with royalty, superheroes and other magical characters. Together, you will dance, share stories, play games and create crafts worthy of kings and queens. At the end of the week, special friends are invited to join us at an awards presentation and special performance.

LEGO DESTROYER BATTLE AWAITS

Championship Robotics 1st-6th
Afternoons \$225

Destroy all the other robots in crazy competitions! Build your own bot using the most powerful LEGO Technic motors, remotes and rare parts. Then claw, drill and rip up your competitors' bots! Start with our battle-tested, wheeled and tracked designs and then modify all you want. Every warrior leaves with a LEGO mini-figurine and a personalized backpack tag. Only the best bot survives!

LEGO SURVIVAL BOTS: GOTTA CATCH THEM ALL

Championship Robotics 1st-6th
Mornings \$225

Imagine that Little Red Riding Bot is traveling to Grandma's House and then... CHOMP! A twist on the LEGO Battle Bots tradition where YOU design the traps to "Catch Them All." Teams take turns building LEGO Survival Bots to navigate the forest or catching the bots. Every Master Trapper leaves with a LEGO mini-figurine and a personalized backpack tag.

LET'S GET CRAFTY

Amy Johns 2nd-6th
Afternoons \$225

Bring out your inner decorator! You will make mosaics, do woodworking, create beaded fabrics, decoupage, and collage, and even try cake decorating. Get creative and make something truly unique every day.

MAD SCIENTISTS

Tania Kader and Lessett Lopez Pre-k-1st
Mornings \$225

Explore the world of science through fun hands-on experiments. Create slimy concoctions and colorful art while learning about scientific principles. Learn how scientific reactions can create exciting events like volcanoes and tornadoes. We might get a little dirty as we explore life as junior scientists!

MINECRAFT CODING

8Bit Education 3rd-8th
Afternoons \$225

Learn basic coding and programming while playing the ever-fun Minecraft! You will work with campmates to create obstacles and learn to code using "turtles." From movement coding to complex structure coding, Minecraft is a great vehicle for learning to code while having fun!

SERVE OUR CITY

Tony Adler and Eric Telzrow 5th-8th
Full Days \$395

Make a difference in your community and discover the joy of giving. We'll volunteer with a variety of organizations including White Rock Center of Hope, The Stewpot, C.C. Young Retirement Community, Dallas Animal Services and more. Campers will receive credit for 35 volunteer hours, which may be used to meet school, Scouting, confirmation class and other requirements. Serve your city and help make a difference!

SCULPT, MIX, CREATE and PLAY

Studio Bella Pre-k-1st
Mornings \$225

Join our busy hands-on camp packed with activities that you will love! Squeeze, stamp and roll. We'll paint a canvas, create a sculpture, and make our own clay and slime. We will create all the ingredients we need to play the day away!

SPECTACULAR SPORTS

Max Patterson Pre-k-1st
Afternoons \$225

Join Max for a great week of fun and games! You will learn and practice the basic motor skills of throwing, catching and kicking properly, then use those skills to play many spectacular sports and collaborative games. You will also enjoy fun sports stories that will help you to remember that all good athletes are good friends.

SUMMER DRAWING, WATERCOLORS, AND PINTEREST CRAFTS

Young Rembrandts 1st-5th
Afternoons \$225

If you like to draw, paint and create crafts, this camp is for you. You'll make beautiful artwork using summer themed drawings. Learn how to use markers to create watercolor paintings, and then create crafts found on Pinterest.

SESSION 6

3i CHALLENGE: INVENT, INNOVATE, IMPROVE

NuMinds Enrichment **3rd-8th**
Afternoons **\$225**

Do you like to build, tinker and create? The cycle of invention, innovation, and improvement continues to launch humanity to the next level, and this camp provides you with the tools to create, rethink, and reimagine the world in front of you. We will learn how even a project as large and important as the International Space Station began as paper and cardboard in an idea lab. Who will be the next great inventor?

AMAZING RACE

Bethany Staub and Kiera Wallace **3rd-6th**
Full Days **\$400**

Five continents. Five days. Extreme Competition. Will your team win the Amazing Race? Competing in feats of skill, puzzles, artistry, and creativity, teams will "travel" from country to country competing against each other while learning about and exploring different cultures. From scavenger hunts to cooking tasks, thrilling games and creative crafts, teams will race against the clock to become the Amazing Race champion! Be ready for an exciting challenge. Do you have what it takes to win The Amazing Race?!

BASKETBALL BUDDIES

Rebecca Freyenberger **Pre-k-1st**
Mornings **\$225**

Do you love to play with others? Do you love sports and games? Do you like learning about and trying new activities? If you answered yes to any of those questions, please join us for a week of motor and basketball skill development, with inclusive and friendly competition! You will develop movement concepts and foundational motor skills related to basketball through an exploratory, fun and interactive approach.

BEGINNING VOLLEYBALL

Lauren Loersch **2nd-4th**
Mornings **\$225**

Come learn about the fun sport of volleyball. Beginning volleyball is designed specifically with young players in mind. We use modified equipment with techniques, drills, and games that make learning volleyball fun. During mini breaks from volleyball, we will learn games to improve important fitness components including agility, strength, power, endurance, speed, coordination and accuracy.

BOYS SURVIVAL CAMP

Studio Bella **2nd-5th**
Afternoons **\$225**

What would you do if you lived where a pack of hyenas roamed wildly? How would you cook in the wilderness if you didn't have matches? Join us and attend the tribal council to receive your survival challenge of the day and learn how to survive! Build a mini hyena-proof treehouse and a solar oven. Design a bow & arrow and learn how to use a sling shot. As each challenge is accomplished, a survival bead will be added to your warrior walking stick. Survival camp gives boys a chance to be fearlessly creative, use their imagination, and learn new skills to survive!

CITY OF THE FUTURE

NuMinds Enrichment **3rd-8th**
Mornings **\$225**

Cities are amazingly complex, interconnected systems that are constantly evolving to meet the needs of changing populations. Have you ever wondered what the city you live in will look like far in the future? Imagine how systems like transportation, sanitation, energy, and entertainment will look, sound, and feel. We are looking for creative minds to engineer and build a city of the future - one that will provide benefit to all its citizens! Join us for this thought-provoking exploration into the ways that we can use technology and engineering to benefit the future of human civilization.

COMIC CREATOR

8Bit Education 2nd-6th
Afternoons \$225

Become a superhero in your own comic book. You will create a story and write roles in a script in this camp. Then, you'll take photos using props in various locations around campus and learn to edit using our software. At the end of the week, you will take home your completed comic creation to share with friends and family! iPads are provided for this camp.

DISCOVER MAGIC - BLUE WAND

Dallas Magic Academy 2nd-8th
Mornings \$250

The Dallas Magic Academy offers four different magic camps at Summer at St. John's for 2020 – blue wand, purple wand, green wand, and orange wand. Each camp features new and different magic tricks and may be taken in any sequence. You will receive amazing custom tricks and props with full-color instructions, top-secret file folders with bonus extras, and a cool messenger bag to carry your magic supplies. You will also learn the eight traits of a true magician and receive secret code key cards to unlock bonus magic effects and secrets online. Discover Magic builds self-confidence, teaches respect, inspires creativity and improves social skills in a safe and friendly environment.

DRONE NAVIGATION CHALLENGE

Rex Programming 1st-4th
Afternoons \$225

Calling all engineers, flyers and racers! You will use a variety of materials to design obstacle courses and racetracks for a wide range of drones, including fast racing spheres, jumping cars and flying drones. Your build must be complex enough to slow down other teams, and sturdy enough to survive the dangers of the course. You will navigate your drones with both handheld controllers and computer coding.

FABULOUS FUN WITH FANCY NANCY

Rebecca Crouse and Kellie Day Pre-k-K
Full Days \$400

Bonjour! Come have a fun week with Fancy Nancy and enjoy all things fancy. Explore Nancy's world and have a relaxing day at the spa, a pajama party, movie day, be an artist, and indulge in a dress-up tea party and more fancy activities. We cannot wait to see you be fancy and learn all the fabulous new words to build your vocabulary!

FRACTURED FAIRY TALES

Jennifer Powers and Kendall Powers Pre-k-1st
Afternoons \$225

What is the "true" version of your favorite fairy tale? Join us as we switch things up, comparing classic fairy tales (like Cinderella, Goldilocks and the Three Bears, and the Princess and the Pea) with their "fractured" counterparts. Each day we'll dive into a new fairy tale, explore several different versions, and decide which version is our favorite. Then we'll create our own fractured fairy tale to share.

GIRLS SQUAD

Studio Bella 2nd-5th
Mornings \$225

Girls with every type of interest are ALL a part of the squad! Together we'll create and paint bows and arrows, measure ingredients for slime and make sling shots. We'll design dream catchers, backpack bling and much more! Use your imagination to be fearlessly creative and celebrate your inner girl power! You don't want to miss this week of camp!

JUMP ROPE BOOT CAMP

Morgan Martinez and Katie Fuqua 1st-8th
Afternoons \$225

Calling all kiddos who love to jump rope! Join us for a week of learning awesome single rope tricks, Double Dutch and 2-in-1 tricks! We will also learn routines to music, make our own jump ropes, and prepare for a performance showcase on Friday! All levels of jumpers are welcome. Members of the Red-Hot Peppers are encouraged to attend, if possible.

LEARN TO CODE WITH PBS CHARACTERS

Rex Programming K-2nd
Mornings \$225

If you can use an iPad, you can learn to code! Learn to code by playing interactive, unplugged (no tablet needed) games that teach concepts like motion blocks, loops and sequencing. We will apply those concepts to create actual computer programs using the Scratch Junior PBS kids app. Let fun characters from *Word Girl*, *Wild Kratts* and *Arthur* guide your adventures. You do not need to be a reader to enjoy this camp.

LEGO MINECRAFT WORLD BUILDING

Championship Robotics 1st-6th
Mornings \$225

Travel into the Marvel Universe with LEGO Technics. Build and control Avengers' Quinjet, Guardians of the Galaxy's "The Milano," Nick Fury's Suburban, HYDRA Uber Tank, Captain America's Motorcycle, Spider-Man's Vulture Flight Rig, or the S.H.I.E.L.D. Armored Personnel Carrier. Every Superhero earns a LEGO mini-figurine and a personalized backpack tag.

LEGO TECHNIC: MARVEL UNIVERSE

Championship Robotics 1st-6th
Afternoons \$225

Travel into the Marvel Universe with LEGO Technics. Build and control Avengers' Quinjet, Guardians of the Galaxy's "The Milano," Nick Fury's Suburban, HYDRA Uber Tank, Captain America's Motorcycle, Spider-Man's Vulture Flight Rig, or the S.H.I.E.L.D. Armored Personnel Carrier. Every Superhero earns a LEGO mini-figurine and a personalized backpack tag.

MAGICAL MOMENTS

Jake Minton and Sarah Minton Pre-k-1st
Full Days \$400

Snowstorms in July?! Secret mystery caves in the middle of our camp room?! A search for buried treasure?! Let us take you on an exciting weeklong journey full of more magical moments than you can believe. You and your friends will be the heroes as we play our way through a fun and fantasy filled week of stories, games, crafts, and more.

MIDDLE SCHOOL VOLLEYBALL CAMP

Thor Herrin 5th-8th
Afternoons \$225

Open to players of all skill levels, the St. John's Volleyball Camp provides expert instruction by a coach who has more than a decade of experience instructing girls and boys. Whether this is your first time to play volleyball or you are a seasoned veteran of club and school teams, you will improve your skills and make lasting friendships that come from the positive and nurturing environment of team sports. All equipment is provided, and participants should attend with proper footwear and kneepads (if desired). St. John's students interested in playing for the IAA or TAPS volleyball teams are highly encouraged to attend.

READ ON!

Jean Wootan 2nd-3rd
Mornings \$225

Do summer reading assignments and practice make you want to run away and hide? That won't help, but this camp will! Learn ways to make reading easier and more fun. Our experienced, certified Language Therapist has helped children and families to unlock the "mysteries" of reading by using visualization, context, prediction and directions to support decoding skills and help young readers to enjoy mastering this crucial skill. Your new skills will help you to enter school comfortable and confident with new skills.

THE PIGEON GOES TO CAMP

Jennifer and Kendall Powers Pre-k-1st
Mornings \$225

Do you love all things Mo Willems? We do, too! Join us for hilarious fun with the Pigeon, Gerald and Piggie, Knuffle Bunny, and more! We'll read Mo's books, make fun crafts, act out our original stories, and bake together. Don't miss the bus! The Pigeon wants to you to be in this camp!

SESSION 7

Session 7
July 13 - 17

DODGEBALL

Tony Adler 3rd-8th
Mornings \$225

Join Mr. Adler to play dodgeball, the greatest game ever. Enjoy a full week of every type of dodgeball that you can imagine! Get your friends to join you for a week of fun. Take the challenge to become "King or Queen of the Court."

DREAM BIG, PRINCESS!

Monica Zapletal Pre-k-1st
Full Days \$400

Come enjoy magical adventures with different princesses each day of camp. Play new games with Cinderella, Ariel, Snow White, Belle and Rapunzel. Which princess do you like best? Your adventure continues in the kitchen, as you cook special "royal" treats. All your special princess dreams can come true!

GODZILLA'S VILLA: A MONSTROUS ENGINEERING CHALLENGE

NuMinds Enrichment 1st-5th
Afternoons \$225

Godzilla has been around for 60 years, and in every movie he (or she) attacks and eats and burns the city. It is time to embrace the race of giant lizards to see if we can somehow co-exist. In this camp, you will explore the factual habitats of lizards, the fiction of famous monsters, and blend the two to create a city worthy of welcoming our not-so-ferocious friend.

GRAMMAR ZONE

Jean Wootan 4th-5th
Mornings \$225

Do you struggle when asked to write during school? Learn the keys to making writing fun and easy. This fun multisensory camp will show you how grammar and the parts of speech are logical building blocks in creating clear and complete writing. Learn from a Certified Language Therapist with years of successful

experience. Return to school with new skills and writing confidence!

JUNIOR CIRCUITS

Rex Programming 2nd-5th
Afternoons \$225

Learn all about electricity and circuitry. Learn how to harness electricity as you work with both physical and virtual circuits. When you add programming for your circuits, you can make a banana piano, a jello jumping puzzle or even a water version of Guitar Hero!

KID'S CHEMISTRY

NuMinds Enrichment Pre-k-K
Mornings \$225

Join us as we explore the exciting world of science that will be sure to ignite your interest. We will learn how to ask questions and make predictions, then test our predictions with fun, hands-on experiments. Learn how mixtures can create wild and crazy reactions that are sure to surprise and thrill you. Roll up your sleeves, get your hands dirty, and begin to discover all that the world of science has to offer!

LEGO JEDI TRAINING CAMP

Jake Minton and Connie Cook Pre-k-1st
Full Days \$400

Are you ready to engage in games, crafts, challenges and plenty of creative building time in a galaxy of our own? Using LEGO and your creativity, join fellow Jedi in a battle against the Dark Side of the Force. In the end, good triumphs over evil!

LEGO STAR WARS LIGHT SIDE VS. DARK SIDE

Championship Robotics 1st-6th
Mornings \$225

Padawans wanted! You will build remotely controlled, motorized LEGO Technic battle droids, speeders, ships and tanks that are based on Star Wars Episodes I-III. Adventures will include racing your speeder bike, chasing Zam through Courasant on your air speeder, navigating your pod through the challenging obstacle course, and battling your tanks in the Clone Wars. Every trained Padawan leaves with a LEGO mini-figurine and a personalized backpack tag. Help the Jedi fight the Dark Side!

LOWER SCHOOL BASKETBALL

Devin Darnell K-4th
Afternoons \$225

Practice shooting, passing, dribbling and rebounding in a fun, positive environment. This camp will help develop your game as you learn proper offensive and defensive techniques. Build team chemistry, and use personal skills to be a more effective team member. All camp sessions will include team competitions to familiarize players with real game situations.

MARS 2030 CHALLENGE

NuMinds Enrichment 3rd-8th
Mornings \$225

In this highly creative maker camp, you are presented with a mission to complete as a special task force team for NASA. Help colonize Mars before an asteroid collides with planet Earth! You will brainstorm, collaborate, design, and use critical thinking to solve challenges to land a rover safely with reduced atmosphere, engineer habitats that can withstand high winds and inclement weather, and use robotics to traverse the Martian landscape. Your task force team will use past Martian exploration mapping to plan for the landing location. You will also work creatively to plan for human life on Mars!

MIDDLE SCHOOL FUN

Rebecca Crouse and Kellie Day 5th-8th
Full Days \$450

Want to hang out and socialize with your friends, go to fun places and do the things that YOU want to do? Join Ms. Day, Mrs. Crouse and your friends for the greatest week ever! We will go to Hawaiian Falls, movies, the mall and other places that YOU want to go. The summer gets boring without your friends – join the fun!

SCULPT AND CLAY THE DAY AWAY

Studio Bella 1st-5th
Mornings \$225

Calling all sculptors! Hand building with clay, you can create the most amazing pieces of art. You will learn all about textures and tools for sculpting as you make everything from animals to pots to wall hangings. Each day, you will measure, mix and stir to make a different type of clay. Add color, glitter (only if you wish) and a scent to make the clay your very own.

SHARK WEEK

Megan Bret Pre-k-1st
Afternoons \$225

Grab your goggles and flippers--let's dive deep to learn about the coolest ocean predators, SHARKS! Each day we will learn about a different breed of shark, create ocean crafts, and even make shark food. Finally, we will put on our swimsuits and head out to the St. John's sea to learn what it's really like to be shark. You are sure to be hooked on this camp!

SOCCER STARS

Rebecca Freyenberger K-3rd
Mornings \$225

Find joy in the most popular game in the world, while learning positive team values and life lessons from Coach Freyenberger. Focusing on individual and team soccer skills, you will work on agility, ball-handling skills and physical fitness. Kicking, trapping, passing and shooting are introduced and practiced. Learn and practice soccer in a positive, relaxed environment with a coach experienced in making sports fun for young children!

MIDDLE SCHOOL FLAG FOOTBALL

Devin Darnell 5th-8th
Mornings \$225

Learn and enjoy the great game of flag football. Practice offensive and defensive schemes for flag football. Learn skills and techniques for all your favorite football positions, practice different types of formations and plays, and showoff your new skills in scrimmages and games. Get your friends and join the fun!

SPIRIT CHEER AND DANCE

Tippi Toes K-5th
Mornings \$225

Do you love music and dancing? At Spirit, Cheer and Dance camp, learn kid-friendly cheer and dance choreography to upbeat, age-appropriate music. You will also lead cheers, make cool crafts, and engage in confidence and team-building activities. Learn the stunts and cheers that really make cheerleading fun. Parents and friends are invited to a special performance on the last day of camp.

STUDY SKILLS SLAM DUNK

Sarah Minton 6th-8th
Mornings \$225

Do you want to get the most out of your study time? Learn executive function skills that are essential for school and life success in this interactive, hands-on camp. Develop organizational and study methods that work for your learning style. Kick the 2020-2021 school year off right!

SUPER SPY 007

Studio Bella 1st-5th
Afternoons \$225

Join us for spy training camp! You will learn how to create and break codes and use Morse code to sneak messages to your partners and avoid being caught by the villains. Learn to take and read fingerprints and create spy disguises. Use logic and your deductive powers to solve mysteries and catch criminals. If you can find the hidden clues, you will achieve Super Spy status!

WIZARDS SPELLS AND POTIONS

Challenge Island 2nd-6th
Mornings \$225

Calling all muggles! Join us for a week of wonderful wizardry! Our wizarding teams will take on spellbinding STEAM challenges. Design magic wands, build Hogwarts Castle, and mix magical potions. This exciting camp is every bit as magical as it sounds!

XTREME STEAM SPORTS EDITION

Challenge Island 2nd-6th
Afternoons \$225

All-Star kids join us for a spectacular sports-themed STEAM adventure! You will have a ball learning the science behind the world's most popular sports while engineering an entire island of team and extreme sporting events: from soccer to skydiving, from baseball to bungee-jumping, from skateboarding to snowboarding, from football to the Olympic games. This indoor camp has an outdoor spirit.

VEX IQ ROBOTS - THE NEXT STEP IN ROBOTICS

Championship Robotics 4th-8th
Afternoons \$225

When you are ready to go way beyond LEGO Battle Bots and Mindstorm® Kits, you are ready for VEX-IQ! You will build with the latest in robotic design parts with advanced, programmable brains, gears and sensors. Build, drive and program extremely cool bots while preparing for the new 2020-2021 VEX IQ Challenge, and learn how you can compete in regional, national and even international events with these amazing bots. Led by the teacher and robotics coach who has taken four teams to the VEX Robotics World Championship.

SESSION 8

DISNEY CAMP

Kellie Day and Rebecca Crouse
Full Days

Pre-k-K
\$400

Do you love great Disney movies? Let's explore some of your favorites! Make crafts, cook special movie treats, watch beloved movies, then find new ways to creatively pretend and play using the Disney characters to spur your imagination. This camp is perfect for any Disney lover! Come spend the day with us as we unlock the magic of Disney!

DRONES TO THE RESCUE

NuMinds Enrichment
Mornings

3rd-8th
\$225

Drones to the Rescue! Can you fly using the coordinate patterns your team constructs and safely deliver the extinguishing agent while navigating terrain? Teams will make their way through challenges, utilizing materials that are available to map the environment and construct navigation codes. Then you will fly "in the blind" to deliver the payload—experiencing the futuristic role of an artificial intelligence emergency first responder.

FINE MOTOR AND GRASP CAMP

Therapeutic Movements
Mornings

Pre-k-1st
\$225

Have fun while building fine motor skills! We will build hand strength, dexterity and coordination to improve skills both in the classroom and in daily life. We will build using creative manipulative materials, make and solve mazes, and create amazing structures using scissors, tape and other upcycled materials. We will also build muscles while using putty, doing science experiments and much more. Build skills while having fun!

HIP HOP DANCE

Tippi Toes Dance
Afternoons

K-5th
\$225

Do you love music and love to dance? We will have you dancing to the beat in no time! Hip Hop dancers will learn kid-friendly choreography to upbeat, age-appropriate music. You will also work on crafts and learn fun movement games. Hip Hop Dance is sure to be an awesome time! Invite your parents and friends to a special performance on the last day of camp.

INTERMEDIATE BIKE RIDING

Stewart Ball Group
Mornings

K-8th
\$225

If you already know how to ride a bicycle but need more experience or a refresher course to feel confident and comfortable for fun with your family and friends, this is the camp for you! You will learn how to safely handle a bike on the bike trails around Dallas, ride in small groups and build fitness with biking. Bike, helmets and water bottle required. Bring your bicycle on Monday. We will securely store your bicycle until Friday if you wish.

LEARN TO BIKE

Stewart Ball Group
Mornings

K-5th
\$225

Bike riding is so fun! Bike riding can be so hard to learn... Our coaches have taught hundreds of children to ride a bike. This is a great, low pressure, enjoyable camp for you to learn to ride. All you need is a bike, a helmet, and a water bottle. Get ready for fun family bike rides! Bring your bicycle on Monday. We will securely store your bicycle until Friday if you wish.

LEGO BLITZ BOTS VS. NERF GUNS

Championship Robotics
Afternoons

1st-6th
\$225

Your mission: design, build and control your LEGO Blitz Bots to withstand the forces of daily NERF gun assaults in this fun, new spin on Battle Bots. Teams take turns getting past obstacles without getting hit and shooting at the advancing forces. Every warrior leaves with a LEGO mini-figurine and personalized backpack tag. Will you advance or take out the enemy?

LEGO CITY

Megan Bret and Max Patterson
Mornings or Full Days

Pre-k-K
\$225/\$400

LEGO City needs your help! Due to a growing population, LEGO City is expanding. We'll add an airport, auto shop, restaurants and more. Join us for a week of building, playing games and making friends. There will also be cooking, crafts and LEGO games!

LOWER SCHOOL FLAG FOOTBALL

Devin Darnell
Mornings

1st-4th
\$225

Learn about the great game of flag football. Gain new skills and techniques for all your favorite football positions, practice drills, and play in scrimmages and games to highlight your new skills. Speed and agility drills will also help you develop skills that will also translate to other sports. Get your friends and join the fun!

MULTI-SPORT CAMP

Stewart Ball Group
Afternoons

K-8th
\$225

Do you just love to play games with your friends – even without uniforms, coaches, and referees? Then this is the camp for you! With an ever-changing line up of sports and games, we'll roam over the beautiful St. John's campus for hours of play. We'll play kickball, flag football, bean bag toss, tag, capture the flag, field hockey, soccer, gaga ball, volleyball, nine square and more. Every day will be new and exciting, with a focus on keeping it friendly and fair. This is a great camp for all ages, sizes, and abilities. It's just for the fun of it!

NINJA KARATE

Chamberlain Studios of Self Defense
Mornings

K-6th
\$225

Enjoy a fun-filled week of karate, martial arts and self-defense. Learn the basics or improve your martial arts skills. You will experience and use the acclaimed 3-Steps to a Great Kid™ martial arts character development program. Learn kicking, blocking and striking skills, self-defense techniques, Brazilian jiu-jitsu, martial arts history, appropriate times for martial arts use and much more.

RESCUE VET

Studio Bella
Mornings

K-3rd
\$250

Fulfill your dream to become a veterinarian during Rescue Veterinarian camp. Adopt a toy pet as your newest family member and learn how to take care of man's best friend. Make sure that your furry friend has a house, dog bowl, toys and needed supplies. When your pet rests, vet training will begin! Build your stethoscope and learn how to sew stitches for injured animals. Learn how to perform pet first aid, training and more. On Friday, some real animal friends will come to visit so that you can meet and learn to care for them!

SEAMS SEW FUN - MACHINE SEWING

Sew Fun Studios
Mornings

2nd-8th
\$325

Join Sew Fun Studios to learn all about sewing! We'll cover sewing basics and safety while making a unique project each day. You will use our child-friendly sewing machines to learn basic seaming process and learn how to make accessories, decor, and more!

SEW THE LATEST TRENDS - MACHINE SEWING

Sew Fun Studios
Afternoons

2nd-8th
\$325

Join Sew Fun Studios to celebrate all our favorite trends -- pineapples and llamas and hedgehogs and more! You will learn to use sewing machines while creating a line of one-of-a-kind accessories. Learn machine safety, seaming basics, essential sewing skills, and tips and tricks to make sewing fun! This is a great camp for creative DIY kids!

STEAM ACROSS THE GALAXY

Challenge Island
Mornings

1st-6th
\$225

3,2, 1... Blastoff! You and your astronaut friends will create a mission control station and soar through the universe. You'll learn about the science of outer space while taking on some cosmically cool challenges, including a day of rocket launches, planet day, aliens day, sun moon and stars day, and intergalactic STEAM wars day. Don't miss this out of this world camp!

STEAM TANK ENTREPRENEURS CAMP

Challenge Island
Afternoons

1st-6th
\$225

Calling all innovative and inventive kids for an adventure in STEAM and entrepreneurship. You will design, create and operate new businesses and product lines every day. Want to open a pet shop, a restaurant, or a fashion boutique? What about an ice cream parlor, a toy store or a pop-up specialty store? Can you convince the city planners that your business belongs in the Challenge Island mall?

TECH DETECTIVES

Micah Sudbury
Pre-k-1st

Afternoons

\$225

Get your magnifying glass ready and join us to solve important cases at places like Cyber Space, Network Neighborhood and Keyboard Castle! Computer detectives will unlock new ways to use technology to solve meaningful problems. Important STEAM skills are introduced as you learn keyboarding, technology, Internet safety, reading and writing. We will integrate critical thinking and creative components throughout the week, giving you many opportunities to express yourself as you do your work as a Tech Detective!

TIME DETECTIVES

NuMinds Enrichment

1st-5th

Afternoons

\$225

Time to solve some of the world's biggest mysteries! Learn and use new skills as a forensic analyst to help solve crimes. What's the twist? Many of these crimes happened hundreds, and sometimes thousands, of years ago. Revisit some of the most famous heists in history to catch the culprit and close the book on these cold cases.

WOODWORKING MAKERS' CAMP

Thor Herrin

6th-8th

Full Days

\$410

Plan and create projects from reclaimed materials. You will become familiar with basic hand tools and some power tools. Rotating or reciprocating blade tools will be operated by adults. Potential projects will be reviewed for first time campers, then you will be able to plan and build projects that you choose. Campers with previous experience may begin work on their own projects the first day. Safety, creativity, construction techniques, engineering, and planning are essential components of the camp. Examples of past projects include bird houses and feeders, gum dispensers, chairs, tables, bookshelves, toolboxes, wood art, and more. Make something with your mind and hands!

SESSION 9

Session 9
July 27 - 31

DISNEY MUSIC CAMP

Logan Herod

Pre-k-K

Mornings

\$225

Have fun exploring music and singing some of your favorite Disney tunes! You will learn musical games and play instruments to join in with some of the most popular Disney songs. If you love to sing and dance, this camp will be barrels of fun for you!

INTERMEDIATE BIKE RIDING

Stewart Ball Group

K-8th

Mornings

\$225

If you already know how to ride a bicycle but need more experience or a refresher course to feel confident and comfortable for fun with your family and friends, this is the camp for you. You will learn how to safely handle a bike on the bike trails around Dallas, ride in small groups and build fitness with biking. Bike, helmets and water bottle required. Bring your bicycle on Monday. We will securely store your bicycle until Friday if you wish.

JUST CAMP

Max Patterson, Danna Callahan,

Megan Bret

Pre-k-2nd

Mornings, Afternoons, or Full Days

\$225/\$400

Join the Summer at St. John's camp staff members for a fun week of your favorite camp activities. We will play your favorite games, cook snacks, make crafts, enjoy splash day and have a super special Friday surprise! You don't want to miss this week!

LEARN TO BIKE

Stewart Ball Group

K-5th

Mornings

\$225

Bike riding is so fun! Bike riding can be so hard to learn... our coaches have taught hundreds of children to ride a bike. This is a great, low pressure, enjoyable camp for you to learn to ride. All you need is a bike, a helmet, and a water bottle. Get ready for fun family bike rides! Bring your bicycle on Monday. We will securely store your bicycle until Friday if you wish.

LEGO ANIMATION

8Bit Education

3rd-5th

Afternoons

\$225

Learn the art and science of stop and go animation film using LEGO pieces and imagination. You and your friends work together to come up with a story and begin to write a short descriptive script for your movie. Then you'll begin to build the sets with LEGO blocks and take pictures of your scenes. Once pictures are done, you'll record dialogue for your LEGO minifigures in the movie. And at the end of the week, you'll receive your own movie to take home!

MINECRAFT ARCHITECTS

8Bit Education

3rd-8th

Mornings

\$225

Join fellow Minecraft lovers to work together to design and build houses, buildings and machines for your Minecraft village. Each project has many challenges including limited resources, time limits and environmental constraints. Use design thinking, geometry, math, collaboration and creativity to complete the tasks. Challenge accepted!

MULTI-SPORT CAMP

Stewart Ball Group

K-8th

Afternoons

\$225

Do you just love to play games with your friends – even without uniforms, coaches, and referees? Then this is the camp for you! With an ever-changing line up of sports and games, we'll roam over the beautiful St. John's campus for hours of play. We'll play kickball, flag football, bean bag toss, tag, capture the flag, field hockey, soccer, gaga ball, volleyball, nine square and more. Every day will be new and exciting, with a focus on keeping it friendly and fair. This is a great camp for all ages, sizes, and abilities. It's just for the fun of it!

READY BODY, READY MIND

Therapeutic Movements

1st-3rd

Mornings

\$225

Improving coordination can be key to improving self-regulation at home, with friends, and in the classroom. Come join us as we practice balance, coordination, strength, physical work tasks, calming tasks and mindfulness. We will alternate high intensity tasks and obstacle course work with calmer fine motor tasks designed to help children to understand when and how to "rev their motor" and then calm down for quieter activities.

SLIME-TOPIA

Challenge Island
Afternoons

1st-5th
\$225

You can never get enough slime! Learn the science behind the slime while you make at least ten different kinds of slime. This playful polymer can be made in the most amazing forms. From butter to bubble, from crunchy to munchy, from fluffy to foamy – you get to make and play with slime!

THE INTERNET OF THINGS: ECO-CHALLENGE

Rex Programming
Afternoons

4th-8th
\$225

Design, build and program eco-friendly automated devices. The Internet of Things (IoT) is the network of physical devices, home appliances, and other items embedded with electronics, software, sensors, actuators and network connectivity that enables objects to connect and exchange data. Using IoT technology, you will build temperature-sensing weather stations and water conservation systems for the gardens. You will also explore ways that the data collected from these systems can be used to design systems that will conserve important resources including water and electricity. Learn key concepts of machine learning and computer programming as you design eco-friendly devices.

ULTIMATE DRONE OBSTACLE CHALLENGE

Rex Programming
Mornings

3rd-8th
\$225

Calling all engineers, flyers and racers! Design obstacle courses and racetracks for a variety of drones, from fast racing spheres to jumping cars and flying drones. Your build must be complex enough to slow other teams, yet sturdy enough to survive the course. Experiment with a variety of building materials and learn how to navigate drones using both handheld controllers and computer coding.

WELCOME TO FIRST GRADE

Jessa Adler
Mornings

1st
\$225

Welcome to First Grade! During this week we will explore new subjects each day, including reading, writing, morning meeting, math explorations and games, science and more! This camp will help you meet and reconnect with friends, learn about first grade, and feel comfortable and confident starting your school year.

WE'RE BETTER TOGETHER SEWING - MACHINE SEWING

Sew Fun Studios
Afternoons

2nd-8th
\$325

This week we'll celebrate all things that are better together – donuts and hot chocolate, unicorns and rainbows, needles and thread, and more. Each day you will learn new sewing skills and create a project that fits our theme "Better Together." Accessories, pillows, and plushies are all designed to be just your style! This camp is great both for beginners and for those with some machine sewing experience.

CAMP INSTRUCTOR BIOS

Jessa Adler is a first-grade teacher at St. John's and mother of two. She served as the Summer at St. John's before-camp coordinator last summer and is excited to join us as a camp instructor this summer.

Tony Adler has taught middle school English at St. John's for the past five years. Before that, he was a middle school English teacher and coach at The Greenhill School.

Stewart Ball Group teaches kids to enjoy the great activity of bicycle riding. Through support and positive reinforcement, kids learn to balance, feel comfortable and confident as they explore the word on two wheels.

Suzanne Barthelemy has taught pre-school in the Lakewood area for many years and is passionate about introducing young children to the wonders of our world.

Susan Benton has taught Pre-k for 24 years, 20 of which she has spent at St. John's. She leads a variety of summer camps for our young campers.

Monica Breeding has been teaching early childhood since 1989. Ms. Breeding is an alumna of St. John's and has been teaching our Pre-k students for the past twelve years.

Megan Bret has worked as a student staff member for Summer at St. John's for the past six years. Megan is pursuing her education degree at the University of Oklahoma and is a pre-school teacher at McFarlin United Methodist Pre-School in Norman, Oklahoma.

Katie Burkhead has taught kindergarten at St. John's for the past six years. Before that, she taught third grade in Ft. Worth. She is a Dallas native and a TCU graduate with a degree in Early Childhood Education.

Dallas Therapeutic Movements is an outpatient pediatric therapy clinic in the heart of Lakewood that takes a family-centered, collaborative approach to building life skills through a variety of therapies and experiences.

Danna Callahan is a St. John's alumna, class of 2006. She graduated from the University of Texas at Austin and now teaches Algebra at W.T. White High School in North Dallas. She loves to play games, swim, cook and be outdoors!

Debbie Carona is a veteran teacher at St. John's who serves as Problem Based Learning Coordinator. Debbie is also a former Summer at St. John's camp director who is returning for her second year as a camp instructor.

Challenge Island® is a program where engineering meets imagination! It offers one-of-a-kind camps on the cutting edge of S.T.E.A.M (Science, Technology, Engineering, Art and Math) Education and 21st Century Learning.

Chamberlain Studios of Self Defense™ is an organization dedicated to providing the very best in martial arts since 1981. The school brings together people from all lifestyles with the common goals of friendship, martial arts and hard work!

Championship Robotics founder and longtime Summer at St. John's robotics instructor, Jack Nelson, is a full-time engineering and robotics teacher for Richardson ISD and has led his competitive teams to multiple robotics world championships.

Didi Coker is completing her third year as a St. John's middle school science teacher. She is excited to join the Summer at St. John's team to share her love of rocketry and outer space.

Connie Cook came to St. John's eight years ago as an early childhood aide and loves her job. She and her husband are longtime members of St. John's Episcopal Church.

Rebecca Crouse is the fourth-grade math and science teacher at St. John's. She graduated from Austin College with a degree in psychology and a Master of Arts in teaching.

Dal Sanders of Dallas Magic Academy has been a professional magician and magic teacher for almost 40 years and has performed across the United States and overseas with his wife Cinde. They are the hosts of the nationally syndicated television show KARTOON CIRCUS where they perform magic for the live studio audience as well as the television viewers. Dal is a past president of the Society of American Magicians.

Devin Darnell has taught at St. John's for the past five years where he also coaches flag football and basketball. Devin has previously coached college basketball, high school football and basketball, and middle school football, basketball, track and cross-country.

Kellie Day is a first-grade teacher at St. John's. Ms. Day has a degree in English and a master's degree in teaching from Austin College. She loves singing, reading books, watching movies, and playing soccer.

Martin Delabano is an alumnus who teaches fifth through eighth grade art at St. John's. He is a professional, exhibiting artist and builds and plays ukuleles, mandolins and guitars.

Danielle Dupuis is a 13-year teaching veteran from the Kessler School. She believes in integrating cooperative structures, literacy and Multiple Intelligences pedagogy into her lessons to ensure all students engage in and enjoy learning.

Rebecca Freyengerger is completing her third year as a St. John's physical education teacher and advisor. She earned a teaching degree in Physical Education and School Health and has a Bachelor of Arts in Exercise Science and Athletic Training. She is excited to be sharing her love of the outdoors, games and physical activity.

CAMP INSTRUCTOR BIOS

Katie Fuqua is a St. John's alumna and is a second-grade teacher at St. John's. Katie has worked with Summer at St. John's for the past ten years.

Tracey Gonzales has assisted in Pre-k for ten years at St. John's. She loves watching children explore and learn new things.

Chris Gresbeck is a long-time Lakewood resident and preschool teacher. As a teacher and mother of four St. Thomas Aquinas graduates, she delights in teaching the children of East Dallas about the joys and wonders of the world around us.

Morgan Hardison joined the St. John's staff to teach kindergarten this year. She is eager to join veteran teacher Susan Benton for Frozen camp this summer.

Belinda Hernandez is an early childhood aide at St. John's and has served as a pre-school teacher in East Dallas for many years. She is happy to join the Summer at St. John's staff this year.

Thor Herrin, a St. John's teacher for the past 13 years, is a St. John's alumnus. He currently teaches fifth grade English and coaches middle school volleyball.

Stacy Herring is a long-term substitute teacher for St. John's. She is a treasured resource for St. John's and is a parent of two St. John's alumni children.

Logan Herod is the Pre-k and Kindergarten music teacher at St. John's. She recently completed her master's degree in sacred music at SMU and is a professional performance musician.

Cindy Isbell has been teaching for 24 years and is currently in her 18th year at St. John's. She teaches third grade and coaches middle school sports. Mrs. Isbell has led many excursion camps for Summer at St. John's.

Amy Johns is the school nurse at St. John's. She is also a passionate artist who received an art history degree from SMU prior to her career in nursing. We are thrilled to welcome Amy to our Summer at St. John's staff.

Dr. Jayme Johnson is the head of lower school at St. John's. She is passionate about creating engaging and interactive educational environments where children can harness their natural curiosity as they question, create, discover, and explore.

Tania Kader is an After-School Program staff member and has been a member of the Summer at St. John's staff for the past four years.

Polly Lisle teaches second grade at St. John's. She loves her move to Texas and is excited to begin her second year on the Summer at St. John's teaching team.

Lauren Loersch joined the St. John's staff this year as a lower school physical education teacher and middle school coach. Lauren played varsity volleyball at the University of California and is a passionate athlete who knows that children's athletics should be a time of fun and exploration.

Lessett Lopez is a special education inclusion specialist in the Mesquite ISD and is a former camp instructor for the City of Mesquite Parks and Recreation Department. Lessett is a teacher in the Mesquite ISD.

Morgan Martinez is the Pre-k/kindergarten Spanish teacher at St. John's. She has taught at St. John's for eight years and enjoys participating in Summer at St. John's.

Laura May is a veteran teacher who is a member of the St. John's fourth-grade teaching team. She enjoys the relaxed, fun camps at Summer at St. John's.

Holly Maxwell is a St. John's parent and a teaching assistant in Kindergarten at St. John's. Prior to parenthood, Holly taught Kindergarten in DISD.

Jake Minton is the Integrated Theater Director at St. John's. He is a professional actor and director and a former kindergarten teacher.

Sarah Minton is a third-grade teacher at St. John's. She is a parent of two children and loves to share her interest in creative learning with the children of Dallas.

Julie Neubach is a kindergarten teaching assistant at St. John's. Julie was a pediatric dentist for many years before joining St. John's kindergarten team.

NuMinds Enrichment believes that learning should be fueled by student passion and driven by an intrinsic curiosity. We know that individual learners develop asynchronously, and therefore require a personalized approach for best learning.

Mary Odom teaches middle school English at St. John's. When not teaching and reading, Mrs. Odom loves to cook and bake for family and friends.

Oontz Kids was founded by professional DJs who are also DFW dads. OontzKids DJ Academy enters their 5th summer of teaching kids and teens how to DJ, produce and perform music. All campers use their own workstations and professional equipment, providing a unique hands-on experience like no other as they learn the fundamentals of DJ music production. Every OontzKids workshop helps students to uncover and feed new passions and leaves students fulfilled, excited and curious to learn more.

Max Patterson is a St. John's graduate who has worked at Summer at St. John's for the past six years. As Max embarks upon his teaching career, Summer at St. John's is thrilled to welcome Max to our teaching staff.

CAMP INSTRUCTOR BIOS

Jennifer Powers is the librarian at St. John's. She loves to read and explore new places for children to have adventures and lots of fun.

Kendall Powers has worked on the Summer at St. John's student staff team for the past six years. We are happy to have Kendall join our teaching team as she embarks upon her professional teaching career.

Rex Programming teaches children from age 4-18 coding and programming in a fun, engaging manner. They offer twenty-four camp options at several locations in the Dallas area. Summer at St. John's is excited to welcome Rex Programming to our team for this summer.

Katy Samford is a third-grade teacher at St. John's. Before Katy became a teacher, she spent 17 years studying ballet and other genres of dance.

Sew Fun Studios makes the art of sewing relevant and exciting to modern kids. Kids leave camp with a new life skill, one-of-a-kind projects, and a sense of pride gained through creating something fun and useful with their own hands!

Sportkinetics is a sports and physical education organization providing camps for children ages 3-13. All Sportkinetics programs are designed to inspire children to participate in health and fitness related activities in a non-competitive environment.

Bethany Staub is a fourth-grade teacher at Texas School for the Arts in Ft. Worth. She loves to bring creativity and personal choice to the curriculum and delights in helping children to become passionate, motivated learners.

Studio Bella is a STEAM-based studio that focuses on problem-solving, higher-level thinking and creativity. Tammy Bardwell, an award-winning designer with a degree in education and a master's degree in design, founded Studio Bella 12 years ago.

Micah Sudbury has a degree in education and has taught school for eight years. In 2010, Micah started the education company, Keyboard Kids. It is Micah's passion to help young children grow in positive ways.

Eric Telzrow is the fourth-grade language arts teacher at St. John's in his 14th year of teaching. He enjoys playing volleyball, board games, the outdoors and music. He is excited to return to the Summer at St. John's teaching staff.

Tippi Toes is a dance company for boys and girls ages 1½ - 10 years that promotes self-confidence and healthy habits. Tippi Toes focuses on the basics of dance technique, music, movement and balance. The music used in our classes is fun, kid-friendly popular music along with Tippi Toes Dance Company® original music.

John Walker, who serves as dean of students and athletic director at St. John's, co-leads several destination camps with Mrs. Isbell. He has been teaching and working at St. John's for 25 years.

Kiera Wallace teaches sixth grade at Texas School of the Arts in Ft. Worth. She loves to engage kids in the joy of exploration and learning. She is excited to join the Summer at St. John's staff.

Jean Wootan is a certified Academic Language Therapist and tutor. She has worked at SMU and Shelton School, and has brought the love of reading and writing to hundreds of Dallas children through tutoring and specialized instruction.

Young Rembrandts teaches basic to advanced drawing skills, art techniques and vocabulary. Experienced art instructors use a systematic method that ensures every student is a creative success.

Monica Zapletal teaches preschool at Ridgewood United Methodist Church School and served as the before camp care coordinator and camp instructor at Summer at St. John's for the past four years.

8Bit Education brings technology to life through fun, engaging camps that teach kids creative problem solving, collaboration and logic skills while having fun creating games and solving problems, both real and fantastical.
