**Enrollment Approval**

I have reviewed my child's graduation check list and am aware of my child's current credit status. I understand that my child's counselor is available to answer questions concerning graduation requirements. I have reviewed my child's pre-enrollment form and approve the selected and alternate choices. I understand the academic rigor involved in the enrollment of AP courses and have completed the AP contract if applicable. **I also understand that schedule changes will be considered only in the event a course is needed to meet graduation requirements. All students on a magnet transfer are required to take two AP courses during the JR and SR year. Speak with your counselor regarding courses that are eligible for this requirement.**
