Mr. Ryan Chandler, Assistant Principal

Mr. Daniel Herring, Principal

Mrs. Jessica Allen, Assistant Principal

Dear Parents,

On Wednesday, February 5, 2020 we will have our second eLearning Day of the school year. Students will be learning from home on this day and will be required to complete assignments given to them by their teachers prior to the eLearning Day. Teachers will discuss the specific eLearning day assignments with their students and will send home information regarding the specific assignments. During the eLearning day, teachers will be available to connect with your child virtually during their designated times. Your child's teacher will share the virtual platform that they will use to connect with their students during the designated time.

Along with the assignments for each class are additional assignments that your child can also choose to complete. Students will have 5 days upon the return to school to submit all of their completed assignments to their teachers. Again, the assignments from their teachers will be required to be completed and submitted since this is counting as one of our instructional days.

We would love to hear about your child's experience with their eLearning day. Please share what your child is learning by posting on twitter #RSSeLearning.

You can find specific information about your student's eLearning day on the district website or the Erwin Middle School website. If you have questions about this day, please contact the school or look at the provided "Questions and Answers" on the eLearning Day document, which is posted on the schools' and district's websites.

Sincerely,

Daniel Herring, Principal
C.C. Erwin Middle School
