## School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019—20)

Sutherland School is located at 550 Spring River Circle, Stockton, California and was dedicated by the Board of Education on December 17, 1992.

Our attractive school is equipped with an administration/kindergarten building, a library building, a classroom building with eight classrooms, a classroom building with four classrooms, and a computer lab, a multi-purpose room and cafeteria, eight portable classrooms, and a well-planned playground.

Safety, cleanliness and maintenance of our facilities are high priorities. The custodial staff regularly inspects the campus and requests repairs as needed. Teachers and staff collaborate to make the Sutherland environment safe.

A Learning Opportunity Class servicing a maximum of 15 students throughout the District is housed at Sutherland School. Students attend for a minimum of three months and a maximum of one year. These students are the most socially at-risk in grades 2-5. The program is provided with an intervention program focusing on social behavior. The students are given a lot of practice in life skills dealing with difficult situations. Academically, they are given the core curriculum. A very important component of this program is parental involvement. Parents are expected to be involved at any time their student experiences difficulty, and meet once every other week to discuss ways they can help their child experience more positive social growth. A full-time instructional assistant helps in this classroom.

G.A.T.E. students were identified and served in cluster classrooms. Classroom teachers offered differentiated instruction to meet the needs of all students, including those identified as G.A.T.E.

There is an after school program funded by a grant received by the State of California. The Bridge Program is offered daily from 2:40 to 6:00 p.m. Sutherland School is a Program Improvement school. We have developed a restructuring plan based on scientific proven components. Teachers meet weekly to plan curriculum and evaluate student progress. Students are assessed regularly to help staff guide instruction. Interventions including: Language, Small Reading Groups, Before/After School Tutoring, and Summer Title 1 tutorials are provided to identified students.

We make every effort to help students with limited English skills. We have a limited English proficient student population of over thirty percent.

## School Facility Conditions and Planned Improvements

### AGE OF SCHOOL BUILDINGS:

This school sits on 10 acres and was built in 1991.

### MAINTENANCE AND REPAIR:

The Sutherland School facilities' condition, including grounds and restrooms, are very good based on custodial staffing, a regular district painting and maintenance schedule and funding available for equipment and supplies. Custodial workers are assigned based on a district formula to ensure equity. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

### CLEANING PROCESS AND SCHEDULE:

A scheduled maintenance program is administered by Lodi Unified School District to ensure that all classrooms, restrooms and facilities are well-maintained and in good repair. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### DEFERRED MAINTENANCE PROJECTS: N/A

MODERNIZATION PROJECTS: 2012 Fire alarm & intercom were replaced. 2013 HVAC controls were replaced & siding repairs were completed. 2014 Entire site was re-roofed from single ply to built up roofs and various flooring were replaced in many rooms. 2015 Added access control, cameras, rod iron fence and no climbing fence for security. 2017 Replaced flooring in student restrooms. 2018 Completed sealcoating in various playground & parking lot areas.

### NEW SCHOOL CONSTRUCTION PROJECTS: N/A

Data on school facilities was collected for Sutherland Elementary on 10/8/2019.

Lodi Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or the district office. As of October 2019, none of the eight emergency facilities needs specified in Education Code Section 17592.72 (c)(1) exist at Sutherland Elementary. These needs include:

- gas leaks
- nonfunctioning heating, ventilation, fire sprinklers, or air-conditioning systems
- electrical power failure
- major sewer line stoppage
- major pest or vermin infestation
- broken windows or exterior doors or gates that will not lock and that pose a security risk
- abatement of hazardous materials previously undiscovered that pose an immediate threat to pupils or staff
- structural damage creating a hazardous or uninhabitable condition

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students  
Grades Three through Eight and Grade Eleven  
Percentage of Students Meeting or Exceeding the State Standard**

| Subject  | School<br>2017–18 | School<br>2018–19 | District<br>2017–18 | District<br>2018–19 | State<br>2017–18 | State<br>2018–19 |
|--|-------------------|-------------------|---------------------|---------------------|------------------|------------------|
| English Language Arts / Literacy (grades 3-8 and 11) | 24.0%             | 23.0%             | 44.0%               | 45.0%               | 50.0%            | 50.0%            |
| Mathematics (grades 3-8 and 11)                      | 16.0%             | 16.0%             | 33.0%               | 34.0%               | 38.0%            | 39.0%            |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### School Safety Plan (School Year 2019—20)

A Comprehensive School Safety Plan is in place to address safety issues as well as a school wide plan to eliminate bullying behavior. Key elements of the safety plan include safe school strategies and programs, disaster response procedures, procedures for safe ingress and egress and rules and procedures on school discipline. School wide behavior expectations and discipline policies are consistently applied and students are provided adult supervision at all times. Visitors to the school must sign in at the office and receive a visitor's pass prior to going to classrooms. Visitors must return to the office and sign out upon leaving the school. Our Comprehensive School Safety Plan was last reviewed on 9/04/2019.
