## School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2019—20)

John Muir Elementary School is a unique and dynamic learning community committed to providing students with a rigorous, challenging learning experience in a caring and nurturing environment. As our vision states, "John Muir Elementary School will create a safe and caring learning community of responsible members, where education is valued. Each student will:

- Communicate effectively;
- Act as a responsible citizen;
- Respect diversity;
- Demonstrate their personal best;
- Develop positive relationships with others;
- Achieve academic success."

Our aim is that our young students will gain critical academic and social skills that will serve them well as independent thinking adults, who will have a solid foundation to ultimately enter the world of work as productive citizens. These citizens must be able to apply their knowledge and, most importantly, possess the ability to problem solve and seek solutions. The ability to work in cooperation with others, to communicate effectively, to think critically and creatively, and to be flexible will find far greater implication in the coming years. Experience with technology, the development of strong math and science concepts, the ability to read well, both for pleasure and information, and the ability to communicate effectively through the written word, are key components of our program. All members of the John Muir learning community (students, parents, and educators) understand the value of a quality education and possess a love of life-long learning.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	59.0%	55.0%	44.0%	45.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	48.0%	52.0%	33.0%	34.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

#### Opportunities for Parental Involvement (School Year 2019—20)

Parents and community members who would like to participate in the opportunities at John Muir Elementary School including: school committees, school activities, or volunteering may contact Principal Eric Collins at (209) 953-8106.

Parent involvement is strong at John Muir Elementary School. This past year we have implemented a program called Parenting Partners. This is an excellent initiative in making a strong school-to-home connection. This program is an 8 week course focused on making a connection with parents as a shared partnership in the education of their child. In addition to Parenting Partners, parents assist in their child's classroom, are involved in PTA, and support their child's education through programs such as, Science Olympiad, Ukulele Club, Math Olympiad and Running Club.

All teachers extend a welcome throughout the year for parental involvement. They encourage parents during Back-to-School Night, Open House, parent conferences, and through newsletters and phone calls. You may contact the school at (209) 953-8106 for more information.
