Student Activities

2020-2021

Please indicate interest in co-curricular student activities you are interested in by using the **NON-CREDIT** section at the bottom of the Academic Planner online registration tool in Infinite Campus.

Indicating interest in these activities does not register you for participation. You are simply indicating your **interest** in the activity, and are under no obligation to participate in the program.

Program leaders may use this information to connect with you further regarding the activity (relevant to camps, clinics, and for general communication).

If you are unsure of certain choices (example: softball or track and field, which are offered during the same season), check both and you can decide later.
