435 TOTAL STUDENT ENROLLMENT

MISSION

The Alexander Graham Bell family is committed to growing together towards achieving our full potential. We aspire to relentlessly pursue personal growth, to demonstrate mutual trust and respect, and to prepare our scholars for college and career.

TEACHING LEADERSHIP

Bell Elementary utilizes the national Leader in Me curriculum, which is a school improvement model aimed at teaching leadership to every student creating a culture of student empowerment. The intended result is to increase students’ motivation for learning and achieving academic success. This curriculum teaches our scholars to take ownership of their actions and to be the leaders of their own futures. We love to see our staff, students and families working together as a team with a sense of shared responsibility and engagement.

Enrollment data from October 1, 2019.
EARLY CHILDHOOD LEARNING
Bell Elementary places significant value on its pre-kindergarten educational program, which is designed to help pre-k scholars make connections with one another, become more comfortable with interacting with peers, solve problems and learn how to be creative. Our goal is to set a good foundation for the rest of their school careers, and our program thrives when parents engage in their students' learning with us!

FOCUS ON THE ARTS
The Any Given Child Initiative in Tulsa provides access to arts education and enrichment opportunities for every K-8 student who attends Tulsa Public Schools. Through this program, Bell Elementary students receive the opportunity to watch a live performance at the Tulsa PAC each year. In addition, local performance groups and museums ensure that Tulsa students have at least nine live arts experiences by the time they reach high school. It is our hope that through this initiative, our students will develop the creativity and critical thinking skills needed for success in college or career.
