

**ESTABLISHMENT AND ADOPTION OF SCHOOL DISTRICT BUDGET****I. PURPOSE**

The purpose of this policy is to establish lines of authority and procedures for the establishment of the school district's revenue and expenditure budgets.

**II. GENERAL STATEMENT OF POLICY**

The policy of the school district is to establish its revenue and expenditure budgets in accordance with the applicable provisions of law. Budget planning is an integral part of program planning so that the annual budget will effectively express and implement school board goals and the priorities of the school district.

**III. REQUIREMENT**

- A. The superintendent or such other school official as designated by the superintendent shall each year prepare preliminary revenue and expenditure budgets for review by the school board.
- B. The school district must maintain separate accounts to identify revenues and expenditures and be reported in compliance with Minn. Stat. § 123B.76.
- C. Prior to July 1 of each year, the school board shall approve and adopt its initial revenue and expenditure budgets for the next school year. The adopted expenditure budget document shall be considered the school board's expenditure authorization for that school year. No funds may be expended for any purpose in any school year prior to the adoption of the budget document which authorizes that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year.
- D. Each year, the school district shall publish its adopted revenue and expenditure budgets for the current year, the actual revenues, expenditures, and fund balances for the prior year, and the projected fund balances for the current year in the form prescribed by the Commissioner within one week of the acceptance of the final audit by the school board, or November 30, whichever is earlier. A statement shall be included in the publication that the complete budget in detail may be inspected by any resident of the school district upon request to the superintendent. A summary of this information and the address of the school district's official website where the information can be found must be published in a newspaper of general circulation in the school district.

**ESTABLISHMENT AND ADOPTION OF SCHOOL DISTRICT BUDGET**

- E. At the public hearing on the adoption of the school district's proposed property tax levy, the school board shall review the proposed property taxes payable in the following calendar year.

**IV. IMPLEMENTATION**

- A. The school board places the responsibility for administering the adopted budget with the superintendent. The superintendent may delegate duties related thereto to other school officials, but maintains the ultimate responsibility for this function.
- B. The program-oriented budgeting system will be supported by a program-oriented accounting structure organized and operated on a fund basis as provided for in Minnesota statutes through the Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS).
- C. The superintendent or the superintendent's designee is authorized to make payments of claims or salaries authorized by the adopted or amended budget prior to school board approval.
- D. Supplies and capital equipment can be ordered prior to budget adoption only by authority of the school board. If additional personnel are provided in the proposed budget, actual hiring may not occur until the budget is adopted unless otherwise approved by the school board. Other funds to be expended in a subsequent school year may not be encumbered prior to budget adoption unless specifically approved by the school board.
- E. The school district shall make such reports to the Commissioner as required relating to initial allocations of revenue, reallocations of revenue, and expenditures of funds.
