

T-SHIRT OR PARKA -WHAT'S UP WITH THIS WEATHER?

Open House & Grandparents Day

Thursday, pop in with the kiddos and let them give you an inside look at their day at CCE. The next morning it's bring a grandparent to assembly and make sure they come back for Friday lunch!

Booster Meeting on Valentines Day

Won't you be mine?!? We have some thanks to give, some asks to make for new officers and some long overdue adjustments to our bylaws and how we can best support our mission as a booster club. Speaker series continues with "V is for Validation: The most powerful parenting tool" - [Chelsea Fielder-Jenks](#)

March 6th Club CCE Auction & Disco

[Register now](#), even if you can't attend. You will want access to the bid on experiences, banners, parking spots and more!

What's the Plan?

We are looking for the Booster Club Officers and Chairs for 2020-21. Next year I will have a fourth and fifth grader so I am officially on my way out of Cedar Creek. **You will see me** active in everything next year (you know I can't resist), and I feel it is my responsibility to look for parents to join me and continue the traditions that make Cedar Creek so special. If you are interested or know of a parent that you think would be a great leader for Cedar Creek, please let me know. I care very much about our school and I want it to stay awesome!
Thank you, Kelly

Hello gardeners,

The Sustainable Food Center would like to invite you to attend a [FREE and hands-on Introduction to Food Gardening class series](#). See the spring schedule below. Even if you've taken classes before, you're welcome to attend another series to pick up new tips and tricks on gardening in Central Texas. Each series provides 6 hours of instruction on topics including container gardening, in-ground/raised bed gardening, irrigation, composting, and pest and disease management. Happy gardening!
