Dame Allan's Schools

Retention of Records Policy

1. This policy

1.1 The purpose of this policy is to inform the Schools' community - which includes pupils, parents, staff, governors and suppliers - of the Schools' approach to the retention of documents.

1.2 This policy should be read in conjunction with the Schools' Privacy Notices and Data Protection Policy, which detail how the Schools process personal data. These are available on our website.

2. Periods for the retention of records

2.1 The following table sets out the usual period for retaining any document or record. If any document or record is required in connection with an ongoing legal case, an insurance claim or an investigation by a third party (for example, police, social services, HSE) it may be retained beyond the period indicated in the table.

2.2 All members of staff are responsible for complying with this policy and ensuring that all documents are stored securely and only retained for the appropriate period before being disposed of in an appropriate manner. Any breach of this policy may result in action being taken under the Schools' disciplinary policies.
