

Digital Learning Environment

Measures	Exceptional Standard Exemplary	Above Standard Recognized	Met Standard Acceptable	Below Standard Unacceptable
Digital learning opportunities exist to provide students with accelerated learning to eliminate deficiencies	Five or more technology programs are <i>consistently</i> used to accelerate student learning	Three or four technology programs are <i>regularly</i> used to accelerate student learning	Two or three technology programs are <i>occasionally</i> used to accelerate student learning	No technology programs exist to accelerate student learning
Technology is available for student use	1:1 device ratio	1:4 device ratio	1:8 device ratio	1:12 device ratio
21 st Century Technology Classroom	100% of classrooms have at minimum: computer, data projector, electronic instruction device (document camera, interactive white board, or mobi)	90-99% of classrooms have at minimum: computer, data projector, electronic instruction device (document camera, interactive white board, or mobi)	80-89% of classrooms have at minimum: computer, data projector, electronic instruction device (document camera, interactive white board, or mobi)	Less than 70% of classrooms have at minimum: computer, data projector, electronic instruction device (document camera, interactive white board, or mobi)
Teachers demonstrating technology competency in "Key Area I: Teaching and Learning" as measured by STaR Chart	21-24 points are scored, indicating the " <i>Target Tech</i> "	15-20 points are scored indicating " <i>Advanced Tech</i> "	9-14 points are scored indicating " <i>Developing Tech</i> "	6-8 points are scored indicating " <i>Early Tech</i> "
The facility allows computers, smartphones, and other devices to connect to the internet wirelessly (WiFi)	The building/campus has 90% or better connectivity to the internet (WiFi)	The building/campus has 80-89% connectivity to the internet (WiFi)	The building/campus has 70-79% connectivity to the internet (WiFi)	The building/campus has less than 70% connectivity to the internet (WiFi)

Rarely = infrequent, non-existent, minimal

Occasionally = Sporadic, random, irregular

Regularly = generally, common practice, predictable

Consistently = planned, highly predictable, uniform
