

# How to Change Your Schoology Password

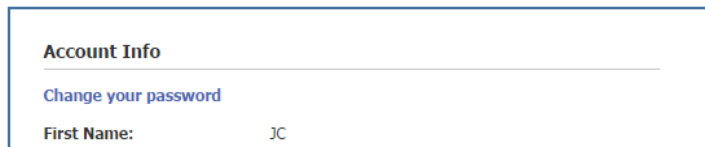

---

Once you have successfully created your Schoology account, you will want to change your password. To do this, move to far right-hand corner of your screen and click the down arrow next to your name.

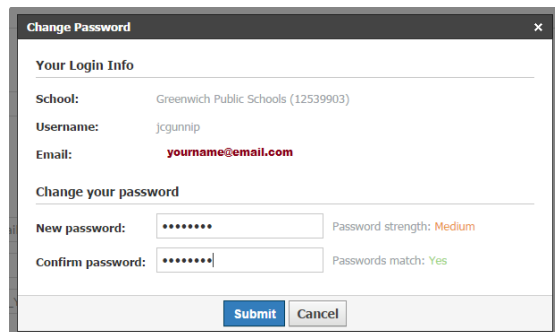

Select *Account Settings*

On the next screen, under Account Info you will see a link that will allow you to change your password.

You will see the Change Password box (see below) open

Type your new password in the ***New password*** box and confirm

Click the Submit button to complete the operation.

Click **Save Changes** before you exit this page.
