FOR IMMEDIATE RELEASE

Northshore School District Hosts an Evening of Innovative Thinking with Dr. Tony Wagner

Bothell, Wash. – The Northshore School District will host Dr. Tony Wagner for a community conversation, Creating Innovation in Northshore at 6:30 p.m. on Tuesday, Feb. 11, 2020 at the Northshore Performing Arts Center. Families, students, staff and community members are invited to join this conversation as the District looks at innovative practices districtwide and as related to the Innovation Lab High School scheduled to open in Fall 2020.

Dr. Wagner is a globally recognized expert in education. He will share his expertise on nurturing innovative and critical thinking as well as creative problem solving. He has been a regular presence in the District's Goal 4 Think Tank meetings, where community members, students and staff have been looking at a variety of models and frameworks as they may relate to the planning of the [Innovation Lab High School](#).

Space for the event is limited, [please reserve your ticket](#).

Editors: If you'd like to attend the event, please contact Director of Communications, Lisa Youngblood Hall at lyoungbloodhall@nsd.org or (425) 375-3221.
