MISSION/VISION

The mission of Mitchell Elementary School is to inspire every student to love learning, achieve ambitious goals and have a meaningful contribution to our community. Our vision is to provide all students with an atmosphere of safety with an opportunity to achieve and participate in personalized learning experiences to maximize their fullest potential. Our year-long priorities include building a supportive learning environment, using research-based, data-driven models of excellence and encouraging collaboration among our networks of support.

ENCOURAGING POSITIVE BEHAVIOR

Mitchell Elementary School utilizes PAX, a good behavior model aimed at creating a therapeutic environment within classrooms. Through this program, students learn important self-management skills while collaborating to make their classroom a peaceful and productive learning environment. Students start the year with a vision for the classroom in which they discuss what they do - and don’t - want to see. Throughout the year, teachers utilize a positive reward system to achieve this vision through various games and brain breaks. This curriculum helps prevent behavioral concerns and promotes positive relationships between students.

MENTORSHIP OPPORTUNITIES
As a neighborhood school, our faculty at Mitchell takes a personal interest in mentoring our students, particularly those who lack strong adult role models in their lives. This personal attention to identifying and working through social/emotional learning (SEL) issues has resulted in decreased behavior issues across the board. We seek to create high-quality learning experiences that educate the whole child by meeting his or her social, emotional, and academic needs. With strong social and emotional skills, our students will be able to set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

FAMILY ATMOSPHERE
Here at Mitchell Elementary, our staff and faculty work hard to create a calm and inviting atmosphere for students and their families. We want parents involved in the learning process, and we encourage two-way communication frequently through surveys, one-on-one meetings or even a quick chat in the car line during pickup.

EQUITY PILOT SCHOOL
Tulsa Public Schools believes that our schools are the unit for change. Mitchell Elementary is proud to be an equity pilot school that is engaging in equity design, practices and resourcing.
