WILL ROGERS EARLY COLLEGE HIGH SCHOOL

Since 2011, Rogers has been the district’s flagship early college academy. Our junior and senior students have an opportunity to take college classes while still in high school. Our school focuses on not only on helping students get into college, but also preparing them to successfully graduate from college with a degree. All students are enrolled in College Summit, a specialized class focused on helping students cultivate the self-regulatory skills necessary for college and career success.

In addition to academics, Rogers provides students with a wide-range of performing arts opportunities, including instrumental, vocal, and visual arts classes. Students at Rogers also have the opportunity to participate in a variety of co-curricular classes such as Student Council, ROTC, and speech and debate. Our 21st Century Grant partner provides our students with numerous opportunities to be engaged in after-school activities such as sports and performing arts at no cost to their families.

“I attended Rogers from 7th grade through my senior year. During that time, I was fortunate enough to participate in a ton of different activities including student council, football, and the garden club. Rogers truly has a family atmosphere and there are endless possibilities available for everyone. I would not have been as prepared as I was for college if it had not been for the support that I received at Rogers.”
Will Rogers High School alumnus

PROGRAM HIGHLIGHTS

EXTRA-CURRICULAR ACTIVITIES
- BIKE CLUB
- CHANGE MAKERS
- CHESS CLUB
- CITY YEAR

- BOYS TRACK
- CHEERLEADING
- FOOTBALL
- GIRLS BASKETBALL
- GIRLS SOCCER
- GIRLS TRACK
- VOLLEYBALL
- WRESTLING

SPECIALIZED COURSES
- COLLEGE SUMMIT

TULSA COMMUNITY COLLEGE AT WILL ROGERS

Have you ever imagined earning college credit and never leaving high school? At Will Rogers, we are the only TPS school offering Tulsa Community Colleges courses on our campus. Our students can start college course work as early as their junior year with classes integrated into their normal school day at the high school. Then, they can follow up with coursework at TCC in their later high school years. With all the courses available, it is possible for our students to graduate with not only their high school diploma but also an associate's degree or over 20 hours of college credit. This partnership with TCC is designed to prepare our kids to be ready for college, and we’re pleased to say it does just that.
