Key Elementary seeks to provide all students with rigorous and engaging instruction, exposure to life enriching experiences and character development in a safe, supportive and inclusive environment. Our students benefit from career teachers who focus on building relationships with the students and their families. Student achievement has soared at Key Elementary, and teachers accredit this growth to a focus on literacy, writing and parent involvement. We eagerly anticipate the future as students, faculty, staff and community work together to “unlock success with the Key attitudes” of Leadership, Character, Attendance and Academics.

EMPOWERING STUDENTS

Key Elementary host many events throughout the year help students identify their purpose and utilizing their unique talents to positively impact the world. In addition, Key will be implementing a new curriculum this year called Same and Different, which teaches students to empathize with all cultures and celebrate diversity. Our staff is devoted to helping students learn to appreciate all perspectives — even ones that may differ from their own!

Enrollment data from October 1, 2019.
ART ENRICHMENTS
As part of our art classes at Key Elementary, we offer multiple field trips to locations like Crystal Bridges and the OSU Museum of Art. Our teachers provide hands-on, engaging learning experiences for students as they present units on sewing, weaving, fabrics and various types of painting. In addition, students get to hear from a professional artist working in the field, and they will participate in an art show at the end of each year! Our ultimate goal is to embed this focus on art into the core curriculum at Key to create a holistic STEAM approach — teaching Science, Technology, Engineering, Art and Mathematics.

ENGLISH LANGUAGE LEARNERS
Key Elementary allocates multiple staff positions to provide support for students who speak English as a second language. Our goal is to connect with students individually and make them feel comfortable as they learn a new language. Our teaching process is thematic to help students make tangible connections in their minds. In addition, our parent facilitator provides consistent support for families by getting them connected to community resources that will help them thrive!

Pending Board approval of the Jan. 6, 2020 proposed changes to grade configurations Key Elementary would serve grades pre-K through 5th in the 2020-2021 school year. Students entering 6th grade in 2020-2021 would attend Memorial Junior High School.
