MISSION
At Lewis and Clark Elementary School, we are committed to excellence and high expectations for our students and the community. Our mission is for the teachers and staff to provide a safe and nurturing learning environment in order to inspire a community of college and career ready learners.

PERSONALIZED LEARNING MODEL
Lewis and Clark Elementary saw growth in every performance metric last year, much of which can be attributed to our personalized focus in learning. Teachers meet weekly to monitor students’ progress and identify when student are making gains. We also meet with students regularly in small group settings to identify where they may need extra help and how they can master the skills necessary for advancement. Our teachers collaborate frequently to share what’s working in their classrooms and identify new ways to engage their students.
PARENT CONNECT NIGHTS
We love to see families get involved with their students’ learning! Lewis and Clark hosts multiple Parent Nights each year where families can participate in activities such as making crafts, playing brain games or reading books together. Our school also presents guest speakers throughout the year to share resources about parenting and raising powerful children.

A COMMUNITY OF SUPPORT
One of our strongest community partners, Church on the Move, supports Lewis and Clark students through mentorship in our Lunch Buddies and Reading Partners programs. Whether they are tutoring a child in reading or cheering them on when they walk into class, these volunteers give students the opportunity to form one-on-one relationships and develop trust as they practice their reading and social skills.
